

MESSAGES FROM HEAVEN TO FRANZ JOSEPH KEILER

February 10, 1984, Message from the Blessed Virgin Mary

While saying my Rosary in the grove early this morning, I came upon a beautiful sight, Our Lady, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, the world is going through many devastations now; but this is just the beginning unless many more prayers are said, and acts of atonement. My DIVINE SON'S CUP IS FILLED TO THE BRIM! What must be done to make you understand? What must be done to bring you to your knees? Before long, many will know what it is to sacrifice. Many will know the sacrifices associated with these devastations. Look to the East! -and pray for My beloved children; they are suffering greatly at the hands of a tyrant. Unless you sacrifice and pray, this tyrant will make headway. Why are you so blind, so stubborn, so uncaring? If you do not change your attitudes and pray, it will happen closer than you realize. I am the MOTHER of ALL CHILDREN, not just a privileged few; wake up – realize your shortcomings, and pray! Prayer is the Key to Pearce; without it, it will not happen! Listen to My Voice Boxes; have you not already seen much? What must you see before you believe? Oh, how many of you have weak Faith! -and how you will suffer while you learn!"

"My child, I wish My children to remember their promises of prayer, and stick to them; it is useless to promise unless you keep them. Pray constantly and reverently. I wish more to attend Mass and receive Communion, and keep My Divine Son company in the Tabernacle. You have time for many social activities, but not enough time to spend fifteen minutes a day in church. Oh, how ungrateful you are, My children, but the Love of My Divine Son is overwhelming! He is a forgiving Saviour. I wish more to say their daily Rosary and meditate on the mysteries. I will send many blessings to those that make extra efforts to pray."

"My children, more and more of My children are disregarding the teachings of the church on birth control and abortion. Follow the directives of the Holy Father, for these 'practices' are sinful, and CANNOT be excused. Pray for the unborn, for there are countless abortions that no one hears about; it is a penetrating evil! It is the worst kind of murder; the murder of the Innocents! Do not be a part of it; struggle for the end of the permissiveness of abortion!"

My child, it is a struggle for many to follow the new laws of the Church; in time, many things will be changed back to their former beauty. Do not abandon your churches, but stand up and complain about the 'modernisms'. Partake of the Sacrament of Penance, but NOT in the ultramodern forms - you must be close to the confessor; not at a distance. Preserve the dignity of Holy Communion; and receive My Divine Son with reverence and respect. All too many make a 'banquet' of communion; this grieves Me a great deal."

"My child, pray for the Holy Father, John Paul II, and defend him, for he is suffering greatly. Many of the pronouncements and the appointments of the Vatican are NOT from his desk. He is a victim, and his sacrifices will help many. Do not be that critical of his actions, for he is a 'beloved son'."

"My child, tell My children that I cannot stress enough, the importance of teaching their innocents religion in their homes! The schools, all but infiltrate their teaching with modernism. It is your duty to teach your children at home and to show them the fundamentals of their Faith."

"My child, continue as you are, spreading My messages to all; I send My blessings to all that endeavor to spread My messages."

"Good-bye for now, and God bless you."

February 23, 1984, Message from the Blessed Virgin Mary

While saying my Rosary in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in blue, wearing a large gold crown and carrying Her Rosary. She said:

"My child, it deeply hurts Me to see My children treat suffering with such utter repulsion! It is necessary to suffer, to make reparation for the many sins committed against My Divine Son. Why do you find it unnecessary to make sacrifices and pray? What do you expect from your

Saviour, when you pay His 'Holy Words' no heed? My Divine Son wishes to give His children everything, but you, My children, are prideful and selfish and do not want to give of yourselves."

"My child, look to the Bear; deeper troubles will occur with the change in the government. The vipers now run rampant in the land of the Bear. Pray for the innocents, for they will suffer deeply at the hands of these leaders. Look to the East, the bloodshed is not over; the aggressors will

not stop until they devastate all! Pray for the innocents who shed their blood for freedom, and for their Faith. The end of the turmoils will NOT come for some time now."

"My child, what are you doing? Why are you neglecting your prayer life? A few prayers in the morning and at night, are NOT enough!!! You must make your life an 'Act of Prayer'; you must attend Mass as often as you can and say the Rosary daily. Do I not suffer for you? Yet, you offer Me no recompense! Woe, My children, to the lukewarm, who scoff at Me."

"My child, pray for the Holy Father, for the Curia is all but destroying his peace of mind with their villainous acts. Beware, My Cardinals and Bishops, when you disobey My Divine Son's Vicar-on-Earth, you disobey Him! Mend your ways; for your worldliness is a disgrace - a slap in the Face of My Divine Son! Look into your hearts, and change your erring ways. Come to My Divine Son, for He will give you comfort; stay OUT of politics, and stay IN your churches; abandon yourselves to My Divine Son; not the world."

My child, tell My children that they must become 'prisoners of love', prisoners of My Divine Son and give Him their hearts. In this you will find many blessings, and

all you need to lead you to Heaven. It is not a difficult task, just give yourself entirely to your Savior and all will be given to you."

"My child, tell My children to go to Mass. and NOT to stay at home; in time, all will be 'home masses' but go to your churches and offer My Divine Son the respect He richly deserves!"

"Why, My children, do you promise so much, and give so little? Why do you promise 'devotions' to My Divine Son and yet give them up a short time later? Complete your Novenas, your Rosaries; keep My Divine Son company in the Blessed Sacrament. It is necessary to preserve these devotions in a time when all seem abandoned!"

"My children, I am the Mother of Consolation, the Mother of Hope; come to Me with your problems and I will take them to your Saviour; come to Me for solace in your pains. I will listen; pray often and long. In prayer you will find the answer to all."

"Good-bye for now, and God bless you; continue, as you are, sending My messages to all; remember, guard your health and keep your door shut."

March 8, 1984, Message from the Blessed Virgin Mary

Thursday, the 8th of March 1984, While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in dark blue, wearing a large gold crown and carrying Her Rosary. She said:

"My child, the world is in a very difficult time; brother fighting against brother, without any concern about the mishaps; this grieves Me and hurts Me. Why must My children constantly fight? Can they not live in peace? The world already is granted 'more time' only because of prayer, and yet few are willing to thank their Creator for this Grace. Wake up, My sleeping children!!!! Wake up!! Time is short, and there is little time for slumber."

"My child, look to the East! Pray for the innocents that are suffering! Pray for the leaders that are misguided, because of the deception of a great nation. Pray for the innocents of the Land of the Peacock, for they are suffering at the hands of a tyrant; he is the leader of a revolution of tyrants bent on the destruction of the world! He is NOT what he seems, and his roots are deep in the land of the Bear. Pray that the innocents see the light, and depose this Viper. Be aware of the Bear, for its agents are everywhere, deeply involved in the politics of your Country. Pray for the leader of your country, for he is a just man who is DEEPLY DESPISED by many. Do not be disillusioned by the Media, for many are merely tools of the Bear!"

"My child, this is the beginning of the Season of Lent; a season of penance and reparation. Be sure to observe the Laws of Fast and Abstinence. I wish My children to offer sacrifices to My Divine Son in reparation for the sins committed in the world. I wish My children to make Sacramental Confessions, and to receive My Divine Son in the Holy Eucharist as often as possible. During this Holy Season I wish My children to offer many prayers for the Church. In a short time, there will be a GREAT BREAK in the Church, and many will be called upon to suffer for their beliefs. Pray for the Clergy, for many are leading lives that are contradictory to the teachings of My Divine Son! Pray that these erring children find the road to their Saviour before it is too late."

"My child, I wish My children to say their Rosary daily, and to offer acts of reparation and atonement to the Sacred Heart of My Divine Son. What are you waiting for, My children! The TIME IS NOW, not later!"

"My child, pray for the Holy Father, John Paul II; he is a 'Beloved Son', yet, many things in the Media appear to denounce him. This scandal is the work of the evil one; the agents of the Bear. Do NOT listen to this slander. Stay strong and behind the Holy Father, the ONLY TRUE VICAR OF MY DIVINE SON ON EARTH. Be a strong supporter of the Papacy, for, in time, you will be called upon for your support."

"My child, tell My children that I wish them to make extra sacrifices during this Holy Season of Lent. Make your lives 'Vessels of the Holy Ghost.' Offer your lives to My

Divine Son; give ALL and receive many Blessings in return. I will send Special Blessings to all that console the

Sacred Heart of My Divine Son."

"Good-bye for now, and God bless you; continue, as you are, sending My Messages to ALL that ask; guard your home, and take care of your health!"

March 21, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning: I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, it is TIME for My children to take their lives more seriously; time is short, and you must make reparation for all the sins and offenses committed against My Divine Son! Too many of My children think that their lives are just to be full of fun, and no suffering. It is beloved by My Divine Son - all those children that suffer in His name. Suffering brings a great deal of purification. I will bless all that, during this Holy Season of Lent, will offer their sufferings in reparation and atonement. During this season, offer extra prayers and sacrifices, especially keeping My Divine Son company in the Tabernacle."

"My child, tell My children to pray for the Holy Father, for he is in danger, and it increases with his travels. The Curia is deeply disturbed with his dedication to the Papacy. He is a Beloved Son, deeply interested in promoting peace and brotherhood throughout the world. He is a deeply Spiritual man who advocates prayer and sacrifices. Pray for His health. Be a strong advocate of the Papacy, for many would like to END it! There is ONE pope, and there will be no more than one at a time! Much gossip is damaging, and the Media is responsible for this."

"My child, I wish My children to make an extra effort to go to Mass and Holy Communion every day. It is important to say your Rosary daily and to meditate. Be sure to have a VERY strong, prayer life. You have been given many Novenas and devotions; use them! In a time where devotions are all but ignored, it is most important to stand fast, and keep up your devotions. The Eternal Father

offers many graces, but you must ASK for them. Do not be concerned that you do not get an answer for your prayer soon; in time all will be answered. Trust in My Divine Son, and put your life in His Hands, and He will guide you. During this Holy Season offer many prayers and meditate on the Passion and Death of My Divine Son. I also wish My children -to pray as often as they can; many graces are gained by saying the many prayers that you can."

My child, pray for the children of the Falcon, for their devotion to My Divine Son is beloved to Me. They are strong and dedicated to preserving their Faith. Pray for the innocents of the East; for many are suffering greatly at the hands of tyrants. Soon there will be a great change in the East, for the Bear is running rampant in these countries.

"My child, why are My children so full of Prejudice? It is deeply grieving to see some of My children HURT each other. ALL My children are EQUAL - treat each other with respect and love! Remember that your prejudices hurt Me greatly and cause a great deal of damage to your brothers."

"My child, do not be concerned with the Warning; be more concerned with your prayers, and be READY continually. 'Time' has been extended, but you cannot depend upon this forever. My Divine Son's Cup is overflowing, but His mercies are great!

"Good-bye for now, and God bless you; continue, as you are, spreading My Messages to ALL. I will send My blessings to all during this Season, who offer extra prayers."

April 11, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in white, carrying a Rosary. She said

"My child, it grieves Me to see so many of My children think that they do not have to LOVE their Eternal Father. Too Many have set up a false value-system so that they do not have to account for their actions! Oh! how sad it is that

they have disillusioned themselves. ALL ARE ACCOUNTABLE BEFORE THE ETERNAL FATHER!!! BEWARE, MY CHILDREN OF YOUR OWN IMPORTANCE! NO ONE IS BEYOND SIN. THOSE THAT EXALT THEMSELVES WILL BE HUMBLLED!!! PRAY RATHER THAN SPEAK!!! PRAY RATHER THAN CRITICIZE!!! PRAY!!! PRAY!!! Oh, how sorrowful My heart is when I

think of how My children suffer! But many, only in 'words' to others! Hidden sacrifices fulfill your reparations! Remember, those sacrifices that you boast about are lost! Show your LOVE for the Eternal Father! Show LOVE for My Divine Son. Promises are useless; they are unimportant."

"My child, pray for the Holy Father for he suffers greatly; for in the past times many of the pronouncements are NOT from his desk; he is FORCED into much! This is the Will of the Eternal Father. The Holy Father will travel much in the near future; pray for his safety. Beware of the Curia; for much is distorted and utter propaganda!"

"My child, I wish My children to attend Mass and receive Communion daily - is this TOO MUCH for Me to ask? Is this something that is too much to expect? I give you six days to work and rest; do you not give My Divine Son one day? Oh! you ungrateful swine! You take so much and give so little! Pray for forgiveness, all you selfish children!

"My child, too many are influenced by the Media, and the remarks of the many so-called enlightened scholars! What must be done for you to see the folly in this thinking?

Who do you follow - My Divine Son - or someone who has set himself up as an 'authority,' of the Truth? Beware

of these Vipers! Beware!!!"

"My child, why do so many ignore the Holy Season of Lent? It is necessary for My children to reflect upon the Passion and Death of My Divine Son. It is necessary for My children to offer sacrifices and do penances during this Holy Season. Offer reparation for the many offenses against My Divine Son. Remember, ALL are equal before the Throne of the Eternal Father."

"My child, the Church is undergoing many changes; not all are from the Holy Father. Question those changes that you do not understand or accept. If you say nothing, it is 'accepting' all. Do not be silent! Speak out! Follow the Traditional rites of Confession and the reception of Holy Communion. Many times a 'Spiritual Communion' is very beneficial. I wish My children to kneel for Communion but in those instances where they cannot an act of reverence is acceptable.

"Remember, My children, Prayer is the Key to Heaven, and promises that are not fulfilled are empty. Pray much, promise little. Prayers speak louder than promises."

"Good-bye for now, and God bless you; keep your door shut and continue to spread My Messages to all that ask. Remember that I am always with you and your troubles are dear to My Heart. Stress the importance of the Rosary and daily prayer."

April 22, 1984, Easter Sunday, Message from the Blessed Virgin Mary

While praying in the grove early this morning I came upon a magnificent sight; Our Lord, all radiant in white. He said:

"My child, I am the Risen Christ; I bring blessings to My children at a time of deep distress. The chaos of the world is increasing. The turmoils have really yet to begin. It is all up to you, My selfish children! Many acts Of reparation are needed to appease the wrath of the Eternal Father. Many of you live in fantasy worlds and when you do not

hear what you want, you do NOT believe them. Wake up!!! You foolish children, Wake up! I am your Saviour, yet you do everything to ignore Me. Many were too busy during the Holy Season of Lent, for sacrifices. You MUST make sacrifices and suffer to purify your souls. Are you 'pure enough' My children? Is that why you are not pleased when My Holy Mother admonishes you? Pray well. My children!

Pray well!"

"My child, tell My children not to be SILENT at all the changes in the Church. My Church will change even more

before it is changed to the traditions of the past. Do not be silent! Speak out! you are quick to criticize other things but silent when it comes to your Religion! What must be done to convince you, My children, of the importance of the various messages of the world? Do not 'compare' them; just READ them!"

"My child, tell My children to look to the East, and the Land of the Lion; much conflict will erupt between these nations. All is through the influence of the Bear, who weaves his way into EVERYWHERE that is not protected. Pray for the innocents of these countries; pray for the leaders of these countries. Pray for the innocents of the South, for the tyrants are mixing troubles, and the results will be devastations unknown before. Beware, My 'Beloved Sons', stay out of the internal political problems of these countries, for you will cause MORE harm than good."

"My child, pray for the Holy Father, John Paul II, for many of the recent pronouncements are NOT from his hand. In time he will be totally understood; the Curia is deeply infiltrated and is deeply disturbed by the dedication of many children, to the Holy Father. Pray for his travels."

"I wish My children to attend the Holy Sacrifice of the Mass and to receive Me every day, (but only once). This is being abused tremendously! I wish My children to say the Rosary daily and meditate upon the Mysteries of the Rosary. Keep Me company in the Tabernacle; I am all but abandoned in some places. Prayer is the way to Heaven! Pray as much as you can."

"I wish My children not to CRITICIZE the many Voice Boxes. A few have returned to Me, and more will come to the world. Read ALL, but be discerning. Do not listen to others, but just follow YOUR heart with regard to the various messages. Woe to these workers who find themselves "EXPERTS" of the seers - it is much better for

them to silence themselves before they upset more!"

"Good-bye, and I bless you; continue as you are, sending My messages and those of My Holy Mother, to all that ask; guard your health and soon your depressions will leave. Travel to all, and bring them My Love and understanding. Remember, My children, if My Holy Mother and I did not Love you, would We admonish you so much?"

May 14, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, your country, already in deep turmoil, will suffer even greater set-backs, unless more prayers, and acts of atonement are offered in reparation for all the sins and offenses committed against My Divine Son. Many of My children are still living in 'fantasy worlds'; this must stop before their lives are totally destroyed! Too many rely upon artificial means rather than their Saviour. What must be done to change this? Have you not been warned enough? Are not these devastations causing concern for My children? Wake up and start to pray! Wake up and change your lives, before it is impossible to change."

"My child, tell My children that they must stop 'speculating'; this has caused far TOO many problems. A few of My children make it unbearable for many who do not understand. You will be given warnings but all is changed by prayers. Those who harm My innocent children with their speculations will pay dearly for their transgressions. It is better for them to just keep quiet and pray. rather than excite people."

"My child, tell My children to attend daily Mass and to receive My Divine Son in Holy Communion. I also wish My children to say the Rosary DAILY and to read the Holy Scriptures. Those who have groups for prayers, especially Rosary groups, are beloved to My Immaculate Heart, and I will shower them with graces. Pray often in groups, for all your prayers are united and pleasing to My Divine Son. Prayer in the evening is especially beloved to Me. I am The Mother of All children; the Mother of Hope, the Mother of the Unwanted. Come to Me, My Children, for solace, and I will help with your lives; no problem is too large or too small. Pray always, and you will receive

the answer to your prayers. Do not be distraught; your Saviour is listening to your fervent pleas. My Divine Son is a MERCIFUL Saviour; come to Him for the solace and needs; pour your Hearts out before the Tabernacle."

"My child, pray for the abused child, and seek help for any that you come into contact with. This is becoming more prevalent in your world today and it grieves Me deeply. If you are guilty of this, My child, seek help through prayer and professional help. I will wrap My mantle around all who ask help. Pray for the innocent victims of this problem, for later in life they suffer a great deal."

"My child, pray for the children of the East; for soon the catastrophes of war, already happening, will increase. Beware of the tyrant; for he is now working harder to cause havoc; pray, pray, and pray and this will be averted, for he will become WORSE than any previous leaders if he is not stopped."

"Listen, My children, to the words of My 'beloved son' John Paul II, for he is a man of peace in a world of turmoil. Listen to his talks and pronouncements, for you can see what is his. and what is from the Curia. Beware! My children, of those villainous cardinals and bishops; for they will be allowed to go 'only-so-far'. Clergy: Stay out of politics and re-affirm your role in the Church. You cannot serve two Masters, as many of you have done for years. Awake! Change your lives before you lead many along the path of destruction. You will pay deeply for your transgressions! Change! Pray and teach all by your example."

"Good-bye for now, and God bless you; continue as you are, spreading My Messages to all. Do not be disturbed by criticism; remember My Divine Son's Life and Death. Guard your door; take care of your health; your Mission is very important. I send My love to all My children."

May 30, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our blessed Mother all dressed in dark blue, wearing a large gold crown and carrying Her Rosary. She said:

"My child, you are living in a period of great turmoil, and this increases daily. Many nations are looking for peace but this will not come until the warring nations end their conflicts. The East is a powder keg, and without prayers

and sacrifices many will perish. Talk less and pray more! Complain less about the devastations and pray, and My Divine Son will change much."

"My child, idle gossip is the tool of the evil one; why are so many of My children gossip-mongers? Story tellers? It is better to keep quiet than to ruin someone with gossip that which, most times, is pure fabrication. Do not compare My Voice Boxes, and do not judge them! Are you taking upon yourself the role of judge?"

"My child, in the Church many new innovations are being introduced and many of My children sit back and say nothing to the clergy but bicker among themselves. This is wrong. The Mass will be returned to its former beauty soon, but this does not mean that you are to

abandon your attendance now! Prayer is the answer and also, tell your clergy of your dislikes and your feelings against the changes. Do not merely keep quiet; have I not warned enough about this?"

"I wish My children to attend Mass daily, and to receive Holy Communion once a day and to say their Rosary and other prayers that are given to them. I also wish My children to keep My Divine Son company in the Tabernacle for at least fifteen minutes of the day. The

Rosary groups that are forming should say the prayers in the evening in reparation for all the sins of the world."

"My child, the amount of pornography that is being spread is tragic! It will destroy the innocent. Do all to make your laws stronger to combat this ever growing evil. I wish My sons to dress more modestly, and also My daughters, for sins of the flesh send many to Perdition. Remember that purity of mind and body brings great glory to your Saviour. It is not an easy battle, for the world is full of filth, but I will protect all by My 'Mantle', who ask. Just ask for help and I will send it to you."

"Pray, My children, for the health of the Holy Father, for he is to travel to a dangerous place in the near future and your prayers will protect him. It is necessary for him to make this trip and he is a Beloved Son. Listen to his pronouncements with care, for you can see which were tampered with. Be a strong advocate of the Papacy."

"My child, pray for the children that are abused; pray for those who cannot control these urges. Pray that they get the necessary help to change their lives. Many innocents are hurt for life because of these abuses. Beware, parents, you are responsible for your innocents' lives! - are you guilty of abusing them? Help them! Pray for them!"

"My child, tell your children to be wary of the 'fantasy games' that are being given to them. Many of them are purely the works of the agents of the evil one; rid your homes of these useless things."

"Good-bye for now and God bless you! Continue as you are, spreading My Messages to all that ask; be careful in your travels, for many do not want My Missions accomplished."

June 13, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother all dressed in blue, wearing a large gold crown and carrying Her Rosary. She said

"My child, it seems so sad that My children do nothing to promote peace in the world. Unless, as I have said many times, before brother starts to work with brother, peace will not occur. I wish more of My children to treat all the children of the world as brothers, as they were created. A lasting peace can be achieved and many prayers and acts of atonement are needed. Do not continually procrastinate.

Make acts of reparation to a much maligned Saviour. My

Divine Son gives much, but what do you do in return?"

"My child, I wish My children to pray for all the innocents of the world; look to the dark continent. Many children are being slaughtered at the hands of the Bear and his allies. Pray to stop these aggressions. Pray for the Land of the Lily, for the interior struggles are endless. The conflicts are greater than they appear; the Bear is deeply involved in a power-struggle in this country. A once-proud daughter of the Church is all but words and no actions. Where are My strong followers; where are the staunch supporters of My Divine Son?"

"My child, I wish My child to go to Mass daily and to

receive Holy Communion daily; in many places this is beginning to become difficult; in time, it will become all but impossible, except hidden. Say your Rosary and your Novenas; they were given to you to be used. Wear your sacramentals, My children, and proudly show your love for your Saviour."

"My child, tell My children to show more devotion and pray for the souls in Purgatory. It REALLY exists, contrary to many modernists. Woe to the modernists that doubt everything; their explanations lack much. Be faithful to your devotions. The modernist brings much discord to My Divine Son's Church. The many changes that are occurring will be expanded. Do not remain docile."

"My child, protect your innocents from the evils of drugs, for they destroy the lives of the innocents and many are unable to return to normal lives. Get professional help for the innocents and pray for their health. It is becoming increasingly alarming - the number of My innocents who take their own lives; I will wrap My mantle around all the

innocents who are lonely and have problems and contemplate this. Watch your children and help them. I am the Mother of ALL children, Queen of Light; come to Me and I will take your pleas to My Divine Son."

"My child, tell My children to pray for the Holy Father, John Paul II, for many are hurling undue criticisms upon him. He is a beloved son surrounded by a great deal of vipers. Be a strong advocate of the Papacy."

"My child, tell My children to examine their lives concerning marriage; in your country marriage is almost forgotten Remember the beauty of this Sacrament. Do not destroy the sanctity of marriage; remember your vows, My children, and protect them-. I will send help to all that ask."

"Good-bye for now, and God bless you; remember to stress to all the importance of daily prayer and the Rosary. Tell My children to wear their scapulars as shields against the evil one, Guard your health and your door."

June 27, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, it grieves Me deeply to see all the violence in the world today. It seems that many of My children would rather have war than peace. Why must My children constantly fight, bicker and try their best to destroy their brothers? Too many children of the world are enemies. One outspoken child has caused much distress to My children since he speaks of racial hatred. This is an abomination; all brothers are created and must live accordingly. Do not listen to this prophet of doom, for he is from the evil one and is causing havoc among My innocents. Prayer is the answer to peace and only through prayer and sacrifices can it be accomplished."

"My child, My heart is saddened about the number of My innocents who are committing suicide because they cannot cope with the trials of the world. Listen, My children, to your innocents and be very careful, for many are deeply depressed and deeply disturbed. I will wrap My mantle around the innocents that they can live in the world without being so totally controlled. It is your responsibility, parents, to see that your children are cared for; it is a grave sin to ignore the pleas of the innocents. Many lives are lost because of the pressure of the youth today; they live in a world of non-reality; help them cope with the problems to lead a decent and profitable life. I will send extra blessings to those parents that

are affected by these problems."

"My child, the abuses in the Church, today, are overwhelming and will continue to increase unless you, My children, stop being quiet! Speak up! Shout it out! Tell your pastors of your likes and dislikes. To be silent is to condone these degradations, Nothing will change for the better if you do not say something.

"Pray, My children, for the Holy Father, John Paul II, for, in the next months, he will have to make many difficult decisions. Pray that he has the strength to continue to travel and bring the church closer to his people. The Curia is already embroiled in scandal - (it) will become deeper into another and the seriousness will be devastating. It is something that the Church has not been involved with before. Unless prayers are offered, it could (be) far more serious. Prayer changes everything! Prayer is the key to Heaven and the key to happiness. Pray for the villains of the Curia for before long several will be removed."

"My child, tell My children that I wish My children to pray the Rosary daily and to attend Mass as often and receive Holy Communion often. During these months it is more difficult for some and more graces are granted for the effort. Remember, My children, to say your extra prayers at noon and before you retire at night."

"Good-bye for now and God bless you; continue, as you are, spreading My Messages to all that ask; guard your health and your door."

July 4, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown, and carrying Her Rosary. She said:

"My child, your country, already deeply involved in conflict will become deeper embedded in an international scandal, unless more prayers are said and more sacrifices offered. Pray for your leaders at a time when it is most necessary, for one (not in involved in the running of the government) will cause much

turmoil with his remarks. Prayer is the key to peace and all these 'negotiations' with the Bear will result in nothing unless more prayers are offered. Look to the Land of the Lily for, in a short while without prayer, this once-proud daughter of the Church will have all but turned her head. The Land of the Lion is increasingly being destroyed from within, and prayers and acts of atonement are the only answer."

"Pray, My children, for the innocents of the world, for many lead lives that are anything but Holy. Many do not understand the beauty of marriage, for (I have said before and will say again,) it is a grave sin to live together

without the Sacrament of Marriage. Sins of impurity destroy many and lead them to perdition. My child, tell My children that those that lead deviate life-styles must change radically! I will put My mantle around them and help them change their lives. It is not easy, but with the help of My Divine Son, it can be accomplished. Remember, parents, teach your children the beauty of purity.

"My child, I wish My children to attend Mass, and to receive Holy Communion every day, but once. It is also important for My children to pray their Rosary and Novenas daily. I wish My children to make reparation for the sins and offenses committed daily against My Divine Son."

"My child, tell My children that they must not become involved in any of the occult practices. It is better to stay away from all these things, especially since many are going to become used as games for the innocents. They are NOT, and should be treated as such. Guard your innocents from these articles; for they cause more harm than good. Do not be fooled, My child, with these astrology charts, and fortune tellers; both cause immense problems. Prayer is the answer, and solves problems. Go to My Divine Son in the Tabernacle, and He will give you the answers to your questions and the balm to soothe your hurts."

"My child, pray for the Holy Father, John Paul II, for his Strength is disliked by much of the Curia, for he believes deeply in spreading the Gospel of My Divine Son. He is surrounded by many who are not of His belief, but soon all will change. Pray for his safety in traveling."

"My child, There will be many weather-changes in this season and many will see many devastations, Your world is changing, and only through prayer can these devastations be averted. Prayer changes all. Prayer is necessary as a part of daily life."

"Good-bye for now, and God bless you; continue, as you are, spreading My Messages to all that ask. Guard your health and your door."

July 18, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, the world is teetering on the brink of war unless more prayers and acts of reparation are offered. My Divine Son is much maligned and it is increasing daily. Many make it a matter of speech to blaspheme My Divine Son. My child, the destructions of these wars are very hard for you to imagine, for many have not seen this

type of destruction before. All is not lost, for prayer changes everything. Prayer should be the focal point of your lives, but to many it is not. The destructions will be lessened by the amount of prayers that are offered and the amount of sacrifices that My children make."

Pray, My children, for the Holy Father, for in his travels he will be continually in danger He is a 'Beloved Son' and he spreads much devotion to My Immaculate Heart. Wake up, My clergy, and follow the teachings of the Holy Father; stop this discord and obey his pronouncements.

"My child, pray for My children that suffer mentally. In your world this is becoming quite prevalent with all the pressures that My children must undertake. Pray for these unfortunates, and give them the help they need. Remember, My children, that My Divine Son will bless you abundantly for your sacrifices. I will wrap My mantle around all the innocents that suffer; come to Me for help. I am Mary, Queen of Light, Mother of All Children; come to Me with your problems and I will bring them to My Divine Son."

"My child, must I stress it continually? - you must

receive Communion only ONCE per day! There is much abuse in the Church concerning this. I wish My children to go to Mass every day, and to receive Holy Communion. I also must stress the importance of confession. No one should receive communion with the stain of sin on their souls. It is necessary to be free from sin to receive My Divine Son. Many commit grave sacrileges concerning

their lack of respect for the Holy Eucharist. My children, I ask you to say the Rosary every day, and to keep your Novenas. During these months, many neglect their prayers. You will receive many blessings if you spend time before the Blessed Sacrament. Many of the Tabernacles of the world are ignored."

"My child, pray for the Land of the Lily and the Lion, for both are headed towards great conflict. The children of the East are soon to become involved in many more problems;

pray for their sufferings. These are the Martyrs of today."

"My child, remember to pray often, and especially at Noon-time and in the evening. Many blessings are granted for these sacrifices. Too many of My children take prayer for granted. The more you pray, the more, graces that are granted. Open your hearts to My Divine Son and He will soothe your problems. Do not harden your hearts towards your brothers; many are deeply prejudiced. This is wrong and comes from the evil one. Prayer is the key to Heaven."

"Good-bye for now, and God bless you; continue as you are spreading My Messages to all that ask. In your travels stress the importance of prayer and penance. Guard your health and your door, for your Mission is long. Tell all to pray for world peace."

August 1, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, unless more prayers and sacrifices are offered-and soon, many more devastations will occur. My Divine Son's Cup is filled to the brim and soon will overflow, if more do not take heed. Have I not given you enough warnings? Have I not prayed for you unceasingly? Wake up and act now, wake up and change now! It is a very difficult period for many now; the economy is suffering, and many do not have the bare necessities, yet many go squandering fortunes on fantasies. Share with the less fortunate, My children, share."

"My child, stay out of any controversy concerning My Voice Boxes. Many new have been added. They will be known by the fruits they bear; others have been instructed to speak on them; this is not your mission. Speak about prayer and sacrifices when you travel; for these are very important. Many have completely abandoned their prayer lives and many have not the full meaning of sacrifice. Tell My children to attend Mass daily and to receive Holy Communion once, and to say the Rosary daily. Pray especially in the evening; for, in the evening many grave sins are committed. I wish more of My children to avail themselves of the devotions that are offered to them. Many blessings will be granted to those that can keep My Divine Son company in the Tabernacle during the entire night."

"My child, pray for the Holy Father, John Paul II, for he is to travel again, and his safety is always difficult. He is a 'beloved son' and soon he will make many

pronouncements that will show his true feelings. Pray for his health. Be true followers of the Holy Father."

"My child, tell My children that they must be strong defenders of purity. In your country, and the land of the Lily, purity is all but abandoned. Many lead lives completely void of any moral standards. Far too many are exploiters of the innocents. Beware, parents, of the magazines and films your innocents are attracted to; many are weak! Show them the beauty of purity. Where are the Holy families that show sanctity of marriage? Why are they not 'standard bearers' for My Divine Son? Marriage is blessed, and to many, it is all but ignored. Stop your sinful lives, My children, for the road to perdition is paved with broken promises."

"My child, tell My children that, when they say their Rosaries, that they should meditate on the Mysteries of the Rosary. They should say their prayers with more reverence and slower. I also wish My children to say their novenas and the other prayers that I have given them."

"Remember, My children, that prayer is the Key to Heaven, and the solace of life. Many blessings are given to those that must make an extra effort to pray long hours."

"My child, I am Mary, Queen of Light, Mother of Consolation, Come to Me, My children, come to Me with your problems and I will take them to My Divine Son."

"Good-bye for now, and God bless you; continue as you are, spreading My Messages to all that ask. Guard your health, and your door."

August 15, 1984, Buffalo, N.Y., Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

My child, 'time' is short before ALL My children will realize the meaning of sacrifice. My children each day, are becoming more war-like, and less Christian. What must be done to make you understand that devastations WILL occur if My Children do not make atonements for their sins? Many of My dear children commit the capital sins of envy, gluttony, and sloth, yet do not realize their importance. Many lives will have to change, and change drastically before they expect to enter the Kingdom of Heaven."

"My child, tell My children to pray for the Holy Father, John Paul II, for his forthcoming trip to the Land of the Maple-Leaf will be very important and very dangerous. His safety is of the utmost. My 'beloved son' is a pontiff of Peace in a world filled with war. Be a strong advocate of the Papacy."

"Tell My children that more prayers are needed to be offered in reparation for the sins committed against My Divine Son. I cannot stress it enough that sins of impurity lead many to perdition. Homosexuality does not have a place in My Divine Son's plan; sins of fornication and lesbianism are ever growing! Pray for these children that they may change their sinful lives. Remember, My children, that you cannot serve two masters."

"My child, tell my 'beloved sons' that they must stay out of politics and political activities. Follow the directives

of the Holy Father. Many are following beliefs that are contrary to those of My Divine Son. Wake up, My 'beloved sons' -and daughters; stop this foolishness, and follow your vocations. Feminism and modernism have NO place in the church. Many are leading My children astray. Remember, My Bishops, that you are responsible for the spiritual welfare of My children, and many of you are

too interested in your own benefits. To My children of the South: prayer IS essential. To My "beloved sons" who serve in the South: (and East) you must curb your radicalness. You must serve My Divine Son first! and you must stay out of politics. It is important to be priests more than leaders in a government. When are you going to listen? When are you going to return to the traditions of the Church? When?

"My child, tell My children to say My Rosary daily and to attend Mass and receive My Divine Son in Holy Communion Daily! I also wish My children to say their Novenas and other prayers given to them. Far too many do not realize the importance of prayer. Today is the Feast of My Assumption; and yet so few go to Mass and Communion. When are My children going to celebrate the Feasts of the Church? Pray for the innocents of the Land of the Dragon, for their sacrifices are innumerable. Many practice their faith in hiding, and will receive many extra blessings. Pray for the Land of the Peacock, for the interior struggles are many."

"My child, there is a growing unrest in your country due to the increase of pornography. Fight! Fight! Fight! to rid your country of this filth; it is the downfall of many. Pray for the innocents affected by the abuse of the innocents; woe to these creatures that abuse My little children; they will pay deeply for their transgressions. Parents, be careful in your responsibilities towards your innocents. Many small lives are ruined by the laziness of parents. I will wrap My mantle around these innocents."

"Good-bye for now and God bless you. Soon, many CHANGES will occur in your life. Guard your door, especially at night and your health. Continue as you are, spreading My Messages to all that ask. Remember, My children, do NOT compare the Messages of My Voice Boxes."

September 10, 1984, Message from the Blessed Virgin Mary

While praying the Rosary before the Miraculous Statue of Our Lady of the Cape, at the Shrine in Cap-de-la-Madeleine, Quebec, Canada, I came upon a most beautiful sight, Our Blessed Mother all dressed in dark blue, wearing a large crown and carrying Her Rosary. She said:

"My child, I come to you this morning at a Shrine dedicated to My Holy Rosary, yet, here, as well as in the home of My children, the Rosary is considered something not to be shared by all. The many shrines dedicated to Me

have become much too modern – however, many are still deeply dedicated to spreading the message of My Divine Son. Not all are to be condemned; many need 'Modernism' to be routed out.

My child, your prayers and your dedication to prayer and the Rosary will change much. I wish My children to say the fifteen decades of the Rosary daily and to offer it in reparation for the sins and offenses committed against My

Divine Son. I wish My children to pray for peace, for, in the world of today, it is all but impossible to find people

who want to agree on anything. Do not become so modernistic that you lose the values of tradition. Far too many of My children are humanistic, and you cannot serve two masters! Many must change their lives completely!"

"My child, pray for the Holy Father during his visit in Canada, for his safety is of the utmost importance He is truly a beloved Son, and he has faults, as many of My children have. Do not condemn his thinking, for he is the Vicar of My Divine Son on earth. Many of My children judge the Holy Father quite unfairly, as I have said before; many of the pronouncements, that come from the Vatican, do NOT come from the desk of the Holy Father. Many of the 'modernists' in the Curia

would like to end the Papacy, or restrict the Holy Father from saying anything that does not represent all their views. This will NOT happen now, but soon the Papacy will change a great deal; there soon will be a split in the Church, and this 'split' will be definite! Many will be asked to suffer for their Church when they follow their Religion. Do not speculate on 'dates' for all can be changed with prayers. Prayer is the Key to Heaven and should be the CENTER of your life."

"My child, why do so many of My children refuse to follow the teachings of the Church on abortion and birth control? When will My children accept that abortion is,

purely and simply, murder?! It cannot be tolerated, excused or allowed under any circumstances. Can I NOT impress this upon you, My children? - it is murder to take the life of an unborn! It is a grave sin; a most grievous sin! The purpose of Marriage is to have children, not to just partake in sensual pleasure, and this must not be tampered with. Many sins of the flesh send many of My children to perdition. When are you going to change your lives? Many of My children are leading lives that are strictly sinful; it cannot be explained any other way!"

"My child, there are many supernatural Manifestations taking place in your world; do not just disregard these as being something co-incidental or hoaxes. Many of My 'Images' are showing My deep feelings for My children. I am a DEEPLY grieving Mother; I am The Immaculate Conception; come to Me with your prayers and your troubles; come to Me with your troubles, and I will place them at the Feet of My Divine Son. I wish My children to attend Mass daily and to receive My Divine Son in Holy Communion. More of My children must attend Mass more often and many of them must fulfill their Sunday Obligations! You must not be Catholics in name only; you must be 'practicing Catholics'. Lip-service will get (you) nowhere; you must pray from your heart. Too many of My children are lukewarm; this must change. Prayer must be a central part of your life; not just something that you do when you have problems."

"Good-bye for now, and God bless you. Continue, as you are, sending My Messages to all that ask. Guard your health and your door."

September 26, 1984, Message from the Blessed Virgin Mary

While saying my Rosary early this morning in the grove, I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large Rosary and carrying Her Rosary. She said:

"My child, your world is full of turmoil because of the ingratitude of My children. Many do not understand the true meaning of peace and love. Without love, My children, among brothers a lasting peace will not occur. These coming months - many things will change and many lives will have to change radically. My Divine Son's

Cup is overflowing, and many prayers are needed to atone for the blasphemies and sacrileges that are committed daily. Change, My children - change - before it is too late! Do NOT procrastinate; start your prayers and sacrifices; many are needed and too few want to change their lives."

"My child, sins of pride and ambition are becoming more prevalent among My children, and the lack of Christian charity is overwhelming. My child, tell My children that

they must go to confession often and they must prepare themselves well before they go. It is necessary to be free from mortal sin before receiving Holy Communion. Remember, My child, just because you do not 'think' that a sin IS a sin, it does not lessen the evilness of the sin. You must ATONE, My children, for your wayward ways. My Divine Son must be honored and loved by His children. He must be the Center of your life. Too many children only come to pray when they need something; many need to pray in thanks for receiving their petitions."

"Why, My children, must I repeat to all My Voice Boxes - the message that My Children do grave harm if they compare messages! Each of my 'chosen souls' has a particular Mission, and none are to be compared! Do you compare the Saints? READ the Messages; all will be known by the fruit the bear. Pray for guidance and understanding. All My Voice Boxes are entrusted with a special Mission. Pray for their safety and missions, for you live in a very Modernistic Society that does NOT rely upon My Divine Son as the center of their lives."

"My child, during the coming month, the Month of My Holy Rosary, I wish My children to say extra prayers. I wish more to say the Rosary in the evening in small groups if it is possible. I wish My children to reflect on the lives of the Holy Saints. My child, tell My children to attend Mass and receive Holy Communion as often as possible. It is necessary for them to receive the sacraments as often as possible now, for, in a short time, it will become more and more difficult. Do not, My child, speculate on dates; many have been given dates, and remember that Prayer changes all! Sacrifices and atonements are deeply beneficial to My Divine Son; many are granted graces for their extra sacrifices."

"My child, tell My children that they should pray for the Holy Father, John Paul II, for his life is in constant danger. Again, I repeat, do not be critical of the Papacy; far too many are willing to criticize before they think. Pray for the

Holy Father and be a strong supporter."

"Pray, My children, for the innocents of the Shamrock, for the inner turmoil is overwhelming. Each must change before peace is restored to the country. Prayers are needed, for it is a deeply divided country. Pray for the Land of the Lily; the socialists and modernists are causing great havoc. My children of the South are deeply embroiled in conflicts. Prayer, My children, is needed for all My innocents."

"Good-bye for now, and God bless you; continue, as you are, spreading My messages to all that ask. Guard your health, especially now, for your mission will become greater. Tell My children of the importance of prayer, especially the Rosary and before the Blessed Sacrament."

October 10, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, I come to you during this month dedicated to My Holy Rosary to beg for prayers and sacrifices and acts of atonement. It is sad that so few say the Rosary and benefit from the graces. I wish My children to say the Rosary daily and especially on Saturday! I wish Saturday to be a day of recollection; for many, this is the day most used for pleasures and less for prayer."

"My child, the times are becoming more deeply disturbing and soon many more will experience the trials of war and hardship. I wish My children to be prepared for meeting their Saviour. What must be done to make My children understand the problems of Speculation? Many Voice Boxes have received dates BUT these dates change with prayer. Prayer is the key to Heaven, and the source of Grace, yet so few will understand this. I wish, especially, for My innocents to see and understand the importance of prayer."

"Pray, My children, for the Land of the Shamrock, and the Land of the Lion, for many problems result from conflicts between these two - more conflicts, because of the lack of Love between brothers; without it, there will not be a lasting Peace."

"My child, the political situation in your country is saddening; why do so many use religion as an issue? It is necessary to rid your government of those that are 'self-serving'. Pray for your leader, for he is VERY misunderstood and many are against him because of the problems caused by the media."

"I wish My children to spend more time before the Blessed Sacrament and especially to open their hearts to their Saviour. It is important to go to Mass, and receive Communion as often as you can. Many receive Graces for their extra sacrifices in attending daily Mass. My Divine Son wishes His children to offer many acts of Reparation for the offenses committed against the Eternal Father. To many, the Holy Trinity is 'thought of' as a myth; this is sacrilegious! What must be DONE to make My children understand the importance of Faith?"

"PRAYER, MY CHILDREN, PRAYER IS THE KEY TO HEAVEN; it is necessary for My children to pray daily and many times during the day. Make your, work an act of prayer. You must, My children, be prepared as if today was the last day on earth for you - do not worry about the future; be prepared today. I wish My children to understand the meaning of suffering, silent suffering. Pray for the unfortunate Victims of oppression. Pray for the innocents that live in poverty and uncertainty. Blessed are those who suffer for their Faith, for they are dear to My Immaculate Heart."

"I am Mary, Queen of Light, Mother of Divine Grace; come to Me with your prayers and petitions, and I will take them to My Divine Son. It is through the Sacrament of Confession that you are cleansed. I wish My children to partake of this often."

"Good-bye for now, and God bless you; continue as you are spreading My Messages to all that ask. I wish you to guard your health and your door. I send My Blessings to all that partake of the Novena in My Honor under the title of Mary, Queen of Light. Prayers and sacrifices will bring ALL My children closer to My Divine Son."

October 28, 1984, Message from the Blessed Virgin Mary

The Feast of Mary, Queen of Light. While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother all dressed in blue, wearing a large gold crown, a pendant of the earth, and carrying Her Rosary. She said:

"My child, look at the world; it is changing daily, and soon will change a great deal. The tyrants of the world are strongly advocating war in the impoverished areas; it is up to the 'leaders of the free' to STOP these menaces. Prayers are the answer to peace, yet so few are willing to commit themselves to spreading prayer and sacrifices. The East is a powder keg, yet, to some, it is looked-over and almost ignored. Pray, pray for the innocents of these lands for they are suffering greatly at the hands of those that promise to liberate them from the poverty that they are suffering. These are the 'saints' of today; many are martyred for their faith. Pray for the innocents of the Falcon - for much is hidden in a present controversy; for it would be a great uprising if the truth was known! Pray for the lands of the South, for the clergy there are leading many of My children to the path of destruction through false interpretations of teachings. Woe to these disobedient 'beloved sons' for it is their DUTY to teaching according to the rules of the Holy Father, John Raul II - My Divine Son's representative on earth - not their own ideologies. Woe to those that wish to 're-write' the Word of God in their own fashion; they will pay dearly for their transgressions."

"My child, tell My children to pray for the Holy Father, John Paul II, for he is again under a great deal of criticism for his pronouncements. He is a strong advocate of Tradition, My child, and is FORCED, at times, to act differently. The Curia would really want him to be COMPLETELY obedient to their words, but he follows the words of the Holy Spirit. His safety is of great importance, for another attempt on his life will occur if more prayers and sacrifices are not offered. He has offered his life to My Divine Son and his 'time' has not come yet, to return to the Eternal Father. He is SURROUNDED

by traitors and vipers, but he is strong and devoted."

"My child, tell My children to pray the Rosary daily, and especially on Saturday as I have said. I wish My children to attend the Holy Sacrifice of the Mass daily, and to receive Holy Communion. Shortly it will become extremely difficult to practice your religion in public, and then many will grumble because of what they did NOT do. I wish My children to make sacrifices and acts of atonement! What must I say to STRESS penances and sacrifices? I have asked for fasts, yet many ignore this; I have asked for penances - what have you done? WHY are you ignoring the many prayers that I have sent you? Why have so few spent time before the Blessed Sacrament in the Tabernacle? What must be shown before you change your erring lives? Prayer and sacrifices ARE the Keys to Heaven, yet are so ignored by many of My children! You cannot be a true follower of My Divine Son if you only offer 'lip service'! You cannot serve two Masters; change your lives, My children, change your lives - for TIMES ARE GROWING SHORTER; be prepared as if today were the LAST day of your life!"

"My child, tell My children to pray for the innocents and the unborn, for it grieves me - the number of abortions that are performed in your country! Abortion is, pure and simply, murder! Teach your innocents the meaning of prayer and sacrifices; for, in time, they will be called up for great sacrifices. I will wrap My mantle around them, My dear children."

"My children, I am the Mother of Hope, the Mother of All Children; come to Me with your needs. I will bring to many, solace in a time of great indecision."

"Good-bye for now, and God bless you; continue to spread My messages to all that ask; guard your door and especially your health. I bless all your 'workers' and followers of My words in these Latter Times."

November 8, 1984, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, your world is in need of many changes, for My children do not take life that seriously. It is too late in

'time' to just lead lives that are full of fantasy and pleasure. When are My children going to realize that they are living in the Latter Times; what must be done to make

them realize the need for atonements and reparations? I wish My children to purge themselves of these luxuries and live for their faith. Too many are materialistic and their Spiritual Life suffers a great deal."

"My child, I do not wish you to comment on the other Voice Boxes; it is not your place. Continue, as you are, for your silence is in obedience to My Divine Son. Do not be concerned over criticism concerning this. I send My blessings to your Spiritual Director, for he is wise and I have chosen him for a special Mission for you. Both of

your devotions to Me under My various titles bring Me great joy. I will bless him especially during these times."

"Pray, My children, every day, for peace in the World: pray for your Leader, for he is in ever greater danger now, for many fanatics are not happy with his plans for peace. I wish prayers for the innocents of the East, for they suffer at the hands of fanatics that use Religion as an excuse. Prayer is needed in every nook of your world, yet to many, it is secondary; prayer is to be a part of your lives daily, not weekly. Pray for the innocents of the South, for many are suffering at the hands of a few that are self-serving. Too many of these leaders, My children, are self-serving, and self-seeking. They serve the 'master' of greed and power. When they reach the Eternal Father, they will pay dearly for their transgressions and for the murders of the many innocents. "

"My child, during this month, dedicated to the Souls in Purgatory, tell My children to pray for the souls of their families and friends. It is necessary to always pray and offer Masses for the souls in Purgatory. Many Graces are granted for those that pray for the most forgotten. Again I say that once a soul that is forgotten is released, they pray ceaselessly for the one that offered the prayers. Pray the Rosary daily, during the evening and on Saturday. I also wish more to go to Mass and receive My Divine Son in Holy Communion often. It cannot be stressed enough that these Graces soon will become more difficult."

"WHEN ARE MY CHILDREN, THE "BELOVED

SONS", GOING TO FOLLOW THE DIRECTIVES OF THE HOLY FATHER, JOHN PAUL II? It is your duty, My 'beloved sons', to follow his dictates, for they are the Directives of the HOLY SPIRIT. He is the representative of My Divine Son on earth. Many of you forget this or ignore this. Would you treat your Saviour, My Divine Son, the way you treat the Holy Father???? Many are not happy about the pronouncements of the Holy Father, but you can see what comes from him and what is from the vipers of the Curia. Pray for his safety."

"I wish My children to offer one day a week (if their health permits) or a half-day a week, in fasting. This should be done for purification of the soul and for the poor of the world. Many Graces will be granted for those that fast and for those that offer the sacrifice and cannot. Many already are deeply dedicated to My Sorrowful and Immaculate Heart. This devotion to the Sorrows of My Heart gives Me many pleasures. I wish those that pray to offer acts of reparation and atonement for all the sins of the world. You are living in very difficult times and they will become more difficult. Don't complicate this with speculations; everything changes through prayers, and sacrifices. Many are hurt by these speculations. I have given you many sacramentals! Why have you NOT used them? Why do you just put them away for later? Use them and not just keep a supply on hand. I give you these sacramentals through many various Voice Boxes - woe to the workers that speculate on their importance. Good-bye and God bless you."

November 20, 1984, Message from the Blessed Virgin Mary

While saying the Rosary early this morning in the grove, I beheld a beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, it deeply hurts Me to see My children in the world that are suffering from poverty and malnutrition.

Especially the children from the Land of the Lion of Judah; they suffer immeasurably at the hands of a few cruel and insensitive leaders. Pray for these innocents for they are the martyrs of today; their suffering will bring many graces to them. I am the Mother of ALL children; woe to those that choose to disregard those that they consider 'lowly'. All children are equal in the Eyes of the Eternal Father. Pray and make sacrifices to help these poor and mistreated children. Your efforts will be greatly rewarded. Pray for the Tyrant of the East, who wishes to destroy much. He will only prosper if the prayers and sacrifices of atonement are abandoned. Prayers are needed constantly in your world. A constant prayer-life should be the life of all My children, but so few listen!"

"My child, I wish My children not to keep quiet concerning the many changes in the Liturgy today. Many are what I have spoken about years ago, when so few listened. Tell your pastors that they have the OBLIGATION to follow the Holy Father; not the chance to dispute his words all the times. My sons, the bishops, write much but say very little; they should be strong advocates of the Papacy, and strongly devoted to My Divine Son. Why are so many of My 'beloved sons' interested in their own benefits? My child, there are many of My 'beloved sons' that are truly followers of My Divine Son; these work, but stay in the background. Pray for these children for their dedication is noted by My Divine Son. My 'beloved daughters' that have remained faithful to the habit and to their vows, bring joy to My Heart; the others bring tears to My Eyes; Oh, these feminists! Why do they think they need to 'change' everything in the Liturgy - because of their beliefs? It has been this way for centuries and need not be changed. Why are you not 'handmaidens of the Lord'? -instead of fighting for equality, fight for Love of your Saviour. Remember your place in the church and your place in My Divine Son's Hearts""My child, I wish My children to attend Mass

and receive My Divine Son in Holy Communion more often. It is important to go to Mass more than once a week. It should be more of a love of your Divine Saviour than a duty. I wish My children to say the Rosary daily and especially on Saturday, and to keep the First-Friday, and the First-Saturday devotions. These, are beloved to My Immaculate Heart. Why do so many abandon these devotions? Have you enough graces that you can abandon My Novenas and those of the Holy Saints? Read the Book of Life My child!!! Read it daily, if possible, and put it to work in your lives. Read the Lives of the Saints - emulate them. Practice your religion! Be proud of your Faith, for many will be called upon later to answer for their lack of faith and their lack of Love of their Saviour. You would pray constantly, My children, if you only knew the amount of sins that are committed in your world; your country is a Cesspool of impurity! Where are the morals

of My children? Where are the morals of the innocents? Beware, parents, it is your responsibility to teach them. Are you failing in this, My children? Teach them, My child, for they are not going to learn much outside of the home. Prepare the innocents, for We are in the Times, My children."

"Good-bye for now, and God bless you; continue, as you are, spreading My Messages to all that ask. I am the Mother of Hope, the Mother of Light; come to Me, My children, with your problems and I will always take them to My Divine Son. Pray daily for your families and guard your door and your health. Do not be concerned with those that constantly criticize; they see much in themselves that must be changed. Prayer is the Key to Heaven and the solace of all. I will bless all who pray and sacrifice extra, for the innocents of the world. Send My Love to all My children."

December 8, 1984, Feast of the Immaculate Conception, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown, carrying Her Rosary. She looked very sad. She said:

"My child, today is the feast of My Immaculate Conception, yet, to many it does not exist for they question all that is relevant to My existence. I am a grieving mother; many of My children would like to change many of My feast days - but this will not be allowed by the Eternal Father. Many question the Divinity of My Divine Son to a point that they no longer profess belief in their Saviour as God and Man. When are My children going to be obedient? When are My dear children going to listen to the words of My Divine Son and the Words that I bring to them? Time is short, yet few are interested."

"My child, pray for the innocents of the land of the Lion of Judah, for their suffering is far from over. Many promise help, but few deliver. Promises are like leaves in the wind, when they are not kept. Pray for the innocents of the Peacock and the land of the Lily, for much intrigue is going on between these two nations. Pray for your

leader, for his safety is in danger, for he is striving for peace when many are striving for war and destruction. Beware of the tyrant that wishes to destroy the children of the East, for he is a 'tool' of the Bear. Woe to those who harm My innocents; they will pay for their transgressions."

"My child, tell My children, in the preparation for the Feast of the Nativity of My Divine Son, I wish My children to offer many little sacrifices. Many Graces are

granted for these extra efforts to comfort My Divine Son. Stay close to The Tabernacle and close to the Heart of My Divine Son, for you will find much solace in these trying times. I wish more to offer Saturday as a day of prayer and penance. I wish My children in the coming year to offer one day a month in Reparation for the offenses committed against My Divine Son; on this day I wish My children to fast from all but bread and water; to attend Mass and receive Communion, and to spend at least two hours in silent prayer and to say the entire Rosary. Many graces will be granted for these Days of Atonement and Reparation. Many can gain the Graces necessary for the poor souls through this devotion. -- Prayer answers all; sacrifices purify the soul."

"Pray for the Holy Father, John Paul II, My children, for he is suffering more and more because of a few of his pronouncements. You can determine those that did not come from the desk of the Holy Father. Woe to the bishops of your country that wish to disobey the Holy Father. When will you be obedient? When will you start to follow the traditions instead of all this Modernism? Many are on the path to destruction. Many will not listen to My words or those of My Divine Son, for they follow another 'Master'. Woe to these transgressors, these vipers! They will be accountable for their false teachings. Be a strong advocate of the Holy Father and let him know that you are behind his teachings. Pray for his safety, for he is in a very vulnerable position."

"I wish My children to attend Mass daily and to receive My Divine Son in Holy Communion daily and to recite the Rosary; many are given prayers to say and novenas, yet so few will give Me the time. I pray incessantly for you My dear children. In the New Year many changes will

occur in the world; BE PREPARED! Do not speculate! Do not speculate! PRAYER CHANGES ALL!!!!"

"Good-bye for now and God bless you. I send My blessings to all your workers and those that follow My words, and those of My Divine Son. Guard your door and

be careful in your travels. Continue to spread My Messages to all."

December 25, 1984, Christmas Day, Message from Our Lord Jesus Christ

While saying my Rosary in the grove early this morning, I came upon a most beautiful sight, Our Lord as the Infant Jesus, all in white, carrying a cross and a crown of holly. He said:

"My child, today is the commemoration of My Birth, but to many, it is just a day to exchange gifts. As the years pass, it becomes more commercial. It is, My dear children, most important to remember the true meaning of My birth. In your world of commercialization I am but another person, yet, to many I bring peace and tranquility. I come to you, My son, today as the Child, to ask you to tell My children that it is for them that I grew, and fulfilled the prophesies. My birth, life and death were not myths, but realities. I am the Light of the World, the Saviour of Mankind, your Holy God, but, to many, I am nothing more than a passing thought. I send My blessings to all My faithful children and a WARNING to those that are lukewarm and to those that refuse to accept all that I can give them. It is strange that in a world that is materialism, few realize that all they have was given to them by the Eternal Father. Are you not grateful, My children for your success, and should you not thank the Eternal Father for all that you are given? Oh! You who have so much, yet do not share with the less fortunate!!!! Woe to you greedy and puffed up children who think only of their own self-importance."

"My child, tell My devoted children that I wish them to avail themselves of the many novenas and devotions that they have been given by My Holy Mother. I will send extra blessings to all those that fast, especially as dictated by My dear sweet Mother. She comes to Me with your problems and always receives an answer. Pray, My children, and have special devotion to the Sorrowful and Immaculate Heart of My Mother, for you will always find solace. I wish more of My children to pray to My foster father, dear St. Joseph, for he seems to be a much

maligned Saint. Many things are written about him that are mere fallacies; they are the imagination of a few misguided people that want mere sensationalism."

"I wish My children to say a Novena of Rosaries once a month for the Peace of the world.* It is necessary to pray for peace and to pray in little groups. I will send special blessings to those that organize these little prayer groups for the greater Glory of the Eternal Father. Prayer, My child, should be on all My childrens' lips from morning till night, not just once a week, or once a day. My Holy Mother prays for you constantly; She is always seeking help for Her children."

"Pray, My children, for John Paul II, for he is My ONLY Vicar on earth; he is suffering for humanity at the hands of the Curia. Woe to these 'beloved sons' who think that they can serve two masters. They either serve Me completely, or not at all! Pray for the safety of the Holy Father, for many would like to end the Papacy,

"Do not, My child, be distressed with the criticism that you receive and much from your workers. If I were displeased with your efforts, would I not tell you? I send My blessings to your Spiritual Director and to your devoted workers. I will bless especially all those that persevere in living the many Messages that I give, and those of My Holy Mother. I bless you all! "

"Go in peace, My son Franz; continue to work as you have, to spread My Messages and those of my Holy Mother, to all that ask. I say to guard your door, especially your health, for you have MUCH yet to accomplish. I wish more of My children to help you in your work. I send blessings to all."

*Seven days in a row, say the complete fifteen decades of the Rosary, offering the intentions for the Peace of the world.

January 1, 1985, Message from Our Lord Jesus Christ

While walking in the grove early this morning I came upon a most beautiful sight, Our Lord all dressed in white,

wearing a long robe and a cape, with, a large gold crown upon His Sacred Head. He said:

"My child, today is the beginning of the New Year and it is also the beginning of a very important year. This year will separate the sheep from the wolves; many will be asked to make more sacrifices than ever before. This is the year of REPARATION and ATONEMENT. It is a year of decision and prayer."

"I wish My children to pray more and to make sacrifices: to show more devotion to My Sacred Heart, and to My Holy Mother, and to make reparation for the sins committed against the Eternal Father. I also wish My children to make resolutions to pray more and sacrifice more. I cannot STRESS this enough!"

"Dates, dates, dates! My children, why must you speculate? Why must you CONTINUE to speculate? If you are prepared, daily, there is NO need to speculate! All these dates are Changed because of prayers and sacrifices. The more the prayers and sacrifices are offered, the more that punishments are plashed further into time. The 'time' is short, and many of My children must change before it is too late! Do not 'compare' the many Voice-Boxes' messages; this is wrong and causes much confusion; read ALL and remember, they are all known by the fruit they bear. It is necessary to be discerning. but you can see the many messages for what they contain. Pray more, and criticize less."

"My children, pray more for the poor of the World; for, in time, many will see what it is really like to sacrifice. Many, who have never sacrificed before to any extent, will sacrifice more!"

"My child, tell My children to do all to help their less

fortunate brothers, for, in helping them, they will be helping Me. Pray for the unfortunates of the South and the East, for their plight is far greater than those children in your country. You will be asked to make more sacrifices, for you are living in a land of plenty. Remember, My children, it is a grave sin to waste things and many are guilty of this. Be Prudent in your living."

"My children, pray for the Holy Father, for he is suffering and this year will bring a great deal of suffering to him, if more prayers are not offered. His safety is of the utmost concern. Pray for the Holy Fathers that have returned to Me, for many need prayers and others were martyrs for their faith. Pray for the clergy of your country and that of the Maple Leaf, for they are deeply involved in problems. They should follow the directives of the Holy Father rather than those of their consciences. It is necessary for their obedience to John Paul II, My Vicar on earth, for many are wishing for a great 'split'; this will happen eventually, but the date is NOT now. Pray for them, for prayer is the change to all. Pray, pray, pray."

"My child, I send My blessings to you and to all. Do not worry as you have; all will be taken care of; guard your door and take care of your health; I send My blessings to all your workers and your helpers. In your travels, stress prayers and sacrifices."

"Good-bye and continue as you are. I send a special blessing to you for perseverance."

January 18, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large Gold crown and carrying a large book. She said:

"My child, I am the Queen of Heaven, and the Mother of the. Homeless, but I am only Honored by a few; most of My children do not pay Me homage. I desire My children to pray more and to reflect more. Soon it will be the Holy Season of Lent, yet, to many, it will be just another time. It is time now to prepare for this Holy Season and prepare for the Feast of My Divine Son's Resurrection. Do not procrastinate."

"My child, tell My children that they must dedicate their lives to My Divine Son rather than to idols of today; in time all these will be forgotten but not your Saviour. I will send extra blessings to all that show their lives are dedicated to the greater glory of their Savior and to the Eternal Father. Pray to the Holy Spirit, My children, for

guidance, but do not become involved in the Charismatic Groups, for many do not honor My Divine Son, but work for new religion based on superstition. You must treat My Divine Son as your God; not just as a human; He was both human and Divine, yet, to many this is all but forgotten. When are you, My children, going to return to the traditions of the Church and the teachings of the Holy Father? When are you going to start to praise your Saviour, not just pay lip service? Time is short, but this does not mean to speculate! It is time to pray. More prayers and less speculations will accomplish much. Tell My children that I am pleased with all the small groups that pray together; those that say the Rosary and attend Holy Hours bring a great deal of pleasure to Me. I wish more to spend time before the Blessed Sacrament. I wish more to attend Mass daily, and to receive My Divine Son in Holy Communion. Be prepared to receive your Saviour. Far too many are blaspheming My Divine Son with sacrilegious Communions. You are to receive Communion but once a day; that is sufficient!"

"Teach My Innocents the meaning of prayer, My children; parents, awake from your slumber and prepare your children. The innocents of today suffer because of all the pressure that they live with in a society that will not listen. Listen, parents, to my innocents and help them with their problems. It is not easy for them; the many vipers fill them with drugs and perversion. Woe to these Vipers, for they will pay for their wrongdoings. It is your duty and your responsibility to teach all to your children, for they learn little outside the home. Teach them, My children, and come to Me for the solace that you need. I will wrap My Mantle around My innocents."

"Pray, My children, for the holy Father, for he is much maligned and many times for all that he does that is good. He suffers at the hands of the Curia, but this will not last forever; these evil-doers will answer for all. Pray for the safety of the Holy Father during the next few months during his travels. Pray for the many Bishops, Cardinals,

and 'beloved sons', for you hear little about them; you mostly hear about the vipers and the Curia that serve two masters. Woe to these transgressors."

"I wish, My children, for more sacrifices and prayers, especially during the Holy Season of Lent. I wish more to fast and to refrain from recreations and pleasures. It is a time for sacrifice, My children. Your country will undergo many changes in the next year and many will be astonished, but prayer will change all. Pray for the children of the Dragon for many suffer at the hands of their leaders."

"Good-bye for now and continue to spread My Messages to all that ask; guard your door and guard your health. Tell all My children that I will protect them in times of troubles. I am the Mother of Mankind, the Mother of all children."

February 10, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning, saying my Rosary, I came upon a most beautiful sight, Our Blessed Mother, all dressed in dark blue, wearing a large gold crown, and carrying Her Rosary. She said:

"My child, the world is in a state where brother is against brother; this must stop before any lasting peace will prevail. It is necessary for My children to love each other and to treat each other with respect and brotherhood. This especially hurts Me when it is between My 'beloved sons'; the priests should be examples of 'Other Christs', not just someone doing a job. Without devotion to My Divine Son, many of these poor children will perish."

"My child, the Season of Lent is shortly coming again and My children should be prepared. It is necessary for them, My children, to practice penances and sacrifices during these times. Be prepared for the Feast of the Resurrection of My Divine Son. It is not a 'holiday' but a Holyday; many do not know the meaning or the difference of the day. I wish more to fast and make sacrifices during this Holy Season. I wish more to abstain from pleasures and frivolities during Lent. What must be said to make you understand this, My children? Where are the traditions of old? Where are the sacrifices of the past? I also wish My children to take time out each day for meditation, especially on the Passion and Death of their Saviour. I wish daily Mass and Holy Communion and also for My children to follow the Way of the Cross. All these beautiful devotions are forgotten by many. Make Lent a true period of Sacrifice! Make your devotions in reparation for all the sins and offenses committed against My Divine Son and the Eternal Father."

"My child, I wish My children to pray for the

children of the Land Of The Dragon, and the Land Of The Rising Sun, for many are suffering in these lands; for their leaders hold many in chains for their beliefs. Pray for the unfortunates of the Land Of The Lion of Judah [Ethiopia], for even with the help of many, many suffer from starvation and diseases. Pray for them. Pray for the leader of your Country, for he is suffering because of his beliefs. Many do not do not like the changes that are occurring in your country."

"Pray, My children, for the Holy Father, for this year will be a Crucial year in his Papacy. Many changes will occur that the Curia does not want, but the Holy Father will grant. Pray for his safety, and especially during his travels. Pray for the Cardinals and Bishops that are TRUE to the Holy Father, for many will be called evil names for their dedication. Pray for the many Seers in the world, My children, for the pens of some evil doers are causing havoc. As I have said before, 'All are known by the fruits they bear.' Woe to these poor misguided children that write these notes to confuse people. I speak through many Seers; they are known to My followers. Do ALL to unify My Seers, My children; do not divide. I will send special blessings to all for their dedication in these times of troubles and confusion. Pray for My children that suffer from starvation and poor health, for I will wrap My mantle around them. Pray for the oppressed, for they are beloved to My heart."

"Good-bye for now, My dear son, Franz; remember, We are with you during these times of sorrow. Guard your door and your health. Tell all, in your travels to say their Rosary daily and to attend Mass daily. I send you many blessings."

February 28, 1985, Message from the Blessed Virgin Mary

While saying my Rosary early this morning in the grove, I came upon a most beautiful sight, Our Blessed Mother, all dressed in dark, blue, wearing a large gold crown and carrying Her Rosary. She looked very sad. She said:

"My child, your world is full of racial hatred, and this must stop before a 'world peace' can be achieved. The agents of the evil one are advocating this and they are using innocents to bring it about. Pray for the innocents of the East, especially those that live under the Tyrant, for he is agitating trouble constantly. Prayer will change all! Pray constantly for your less fortunate brothers. The evil one is working very hard to disrupt any peace negotiations; stop his efforts and pray! Prayer is the Key to Heaven and the solace of your earthly problems. Woe to those bigots and terrorists that disrupt the lives of so many of My innocents. Pray for the lands of the South, for the war-mongers are already deeply infested in these countries. Woe to the clergy that do not stand against these aggressors! Beware, My children, of those that go against the teachings of the Holy Father. Woe to those that promote their own philosophy. Woe to those that deal with the political aspects of a country rather than the religious teachings that are their duty and their life. Too many are working for 'causes' other than those of My Divine Son.

What more can be said? But when are My children going to listen and change their erring ways?"

"My child, during this Holy Season of Lent, I wish My children to attend Mass daily, and to receive Holy Communion, and to make Sacrifices! I have already given you many novenas and prayers, My children - when are you going to use them? It is useless to just leave them in a drawer or on a desk! Start to say your prayers, and to meditate. I wish My children to learn to understand the meaning and the beauty of the Passion of My Divine Son. Learn, My children, learn. All is not taught in your 'halls' of learning. Teach your children the beauty of the Holy Days, the beauty of the Feast of the Resurrection. Far too many do not teach the innocents their religion. It

is your duty, My parents! It is your duty! They learn very little about their religion outside of the home."

"Why, My children, are so many of My dear children wound up in controversies as to the importance of one devotion over another? Prayer, My children, is very important in small groups, and I send My blessings to those that participate; but do not become involved in arguments over devotions. Pray together and join in bringing greater glory to The Eternal Father. Why are My children becoming so involved in these frivolities during this Holy Season? Can you not give these entertainments up for such a short period? Penance and sacrifices must be offered in reparation for the sins and offenses committed against the Divinity of My Divine Son."

"Pray, My children, for the Holy Father, for he is suffering greatly; pray for the upcoming council, for much will change after this. Prayer will guide the bishops and the Holy Spirit will fill them with great Wisdom to change many of the problems of today. Do not speculate on the changes!!! Pray for them. Too many of My children speculate on everything! Why? Do you not trust My words? are you all doubters? You have been given many signs from the various Voice-Boxes, but many just avoid all but what suits them! Woe to these misguided and close-minded individuals. Pray for them, for many cause more harm than good. Do not compare the Voice-Boxes; just read the messages and do not be so critical of all. Too many judge too quickly and are sorry after the damage is done. Each of My children have DIFFERENT missions; do not try to compare one to another; all are important. Follow the messages carefully, for many just read them carelessly."

"Good-bye for now and continue to send My messages to all. Guard your health and guard your door. Do not become involved in any controversies, and spread the devotion of My Holy Rosary everywhere you go. Say the Whole Rosary, My children, daily and many graces will be granted."

March 14, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning, saying my Rosary, I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, the chaos of the world is only beginning; it is through prayer that the troubles of My children are averted. Many are living lives that are far from pleasing to

My Divine Son. When is this going to change, My dear children? Time is short and so many are avoiding changing their sin-ridden lives. Come to Me, My children, with your problems, and I will take them to My Divine Son. Why are so few of My Children ready to change their lives? Why are so few willing to admit that they are not leading decent lives? you must confess, My children, and cleanse your souls. Confession is necessary, not to

yourselves, but to a priest; far too many do not believe in the Sacrament. It is a Sacrament of purification. Woe to those that advocate 'self-confession', for they are misleading My children."

"My child, watch the Bear closely, for all is not what it seems; a change in government does not mean that all the evils will change. Pray for the poor innocents that live under the rule of the Bear, for they suffer gravely. Pray for the innocents of the South, for the leaders are causing more Chaos than good, in the name of 'peace'. Woe to these transgressors! Woe to the oppressors of the poor and homeless."

"My child, soon is the Feast of My dear husband, St. Joseph; yet he is maligned and all but ignored. It is necessary for My sons to imitate the virtues that he displayed. Read his life, and pray to him for comfort. He is the Patron of families; yet, to many, he is in the background. Pray to the Saints, My children, for they are beloved examples in the eyes of My Divine Son. All should study the Lives of the Saints and live by their examples."

"Pray for the Holy Father, John Paul II, for he is deeply grieved at the various demonstrations against the Papacy. He is the Pope Of Peace, but his teachings are ignored. Listen, My children, to the Vicar of My Divine Son, for his words are those of My Divine Son. Soon, many changes will occur in the Church; not all are initiated by the Holy Father. It will be clear what comes from the Desk

of the Papacy and what comes from the modernistic bishops that change for Modernism rather than Traditions. Woe to My children that are 'traditional' and do NOT obey the Holy Father, for these children cause grave errors in the Church; they will further divide the Church. Pray for the safety of the Holy Father, for in his travels he will see much discord. He will see much dissension among My children. Woe to the Feminists that promote the 'ordination' of women priests! Obey the Holy Father and stop these foolish thoughts. Woe to these feminist 'nuns' s that will not obey the Holy Father or their superiors; these daughters bring tears to My eyes. Those devoted daughters bring Me joy, but their numbers are diminishing. Only through prayer will they increase. Beware, My daughters that are superiors in these convents, for you will answer to My Divine Son for your transgressions!"

"My children I wish you to go to Mass and Communion daily and to say the Holy Rosary, especially during this Holy Season of Lent. Why are so few partaking of the Lenten Devotions? Why are so few meditating on the Passion and Death of My Divine Son? Prayers bring change! Sacrifices bring change ! Attend Mass as often as you can for, before long, many will be unable to attend. Pray for My Beloved Sons; so many are leaving the church! Pray for their return."

"Good-bye for now, and God bless you; continue to send My messages to all; stay out of all the controversies that are brewing; you are guided in this! Guard your door and guard your health, for your Mission has been extended."

March 28, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Oar Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, in your world, forgiveness is thought of as weakness, but it is necessary, My children, for peace in the world. Unless My children forgive each other their faults, they cannot come to a common understanding. It is sad that in your country hatred is really running rampant. Racial hatred, social hatred, religious hatred, are causing dissension among My children. This must stop, My children, and Love must replace this; many will have to change their lives before this is accomplished. This coming week, in your time is a week of reliving the Passion of My Divine Son, but, to most, it is just the beginning of a holiday. This is wrong, My children; My Divine Son's Death and Resurrection should be celebrated as Feast Days and Holy Days, not as mere holidays! Many extra graces will be granted to those that put special importance into the celebration of these Feast Days."

"My children, is it too much to ask for you to attend Mass

and receive Communion daily and to recite the Holy Rosary? What must be done to show you the importance of Prayer and Sacrifice? I have given you many devotions, yet so few are used! Why? What do you need; you have seen catastrophes, yet these you try to 'explain away' as natural; believe Me, they are not! In time; you will not need the convincing, but these times will be TOO late. We are in the Latter Times and this has been said before; when are you, My children, going to realize this, and change your lives? My Divine Son gives you so much and asks so little, yet you deny Him this! Pray more, and complain less, My children; the punishments many receive are far less than they deserve; all through the great love of My Divine Son and the Eternal Father."

"Again I say, My child, do NOT comment on the other Seers; this is not part of your mission. Do not worry about those that criticize you for not saying anything. Do not be a part of these controversies; much that is said never comes from My Voice Boxes, but from others. This deeply grieves Me; WOE to the gossips for they are hindering My work. No ONE SEER'S Messages are more 'important' than the other's; this is important to remember,

My children. I come to many children, and all their messages are strong and beneficial, My children. Do you not Love Me, My children, whether My messages come from the East, or the West, or the North, or the South; ALL are important and vital! I wish more of My children to become involved in spreading My messages! No one should be burdened with a responsibility that they cannot handle! Help each other, My children - help each other. This is the importance of brotherhood."

"My child, it deeply grieves Me to see the Life-styles of many of My children - homosexuality is running wild in many of My countries. Many leaders are openly advocating these Life-styles; they are, themselves, sympathetic to these causes. Rid your politics of these transgressors. Pray for My 'Beloved Sons and

Daughters' that advocate and practice these Life-styles. It must change, My children; it must change! Sins of impurity ruin many lives; pray for the strength to avoid these situations. Pray to the saints for these graces; many will be helped. Pray for the less fortunate who are involved in these Life-styles through ignorance; they will learn of their errors in time. Woe to those that openly flaunt their homosexuality and perversion, especially to the innocents; they will pay for their transgressions.."

"Good-bye for now, and God bless you; persevere, My child, during these difficult times you are enduring. I am always with you. Continue to spread My Messages to all that ask, guard your door and your health. Be careful in your travels. Remember to tell all to pray and sacrifice; this is most important."

Easter Sunday, 1985, Message from Our Lord Jesus Christ

While praying in the grove early this morning, I came upon a most magnificent sight; Our Lord, all dressed in white. He said:

"My child, I am the Risen Christ! I have come to you, My children, to ask you to change your lives and to become brothers. Time is short, yet so many are harboring ill feelings, constantly, towards their brothers. Pray for them, My children, pray for those that hurt you and cause you pain."

"My child, in your world, prayer is all but forgotten; I want My children to make a Novena to My Holy Mother for a ninety-day period ** to ask for the grace necessary for living in these difficult times; already, many Novenas and devotions are given, but they are all but abandoned. I will give many blessings to those that follow this particular devotion."

"Pray, My children, for the Holy Father, for in his travels he suffers much; he is about to undertake a MOST difficult mission. Pray for his safety, for there is an element that would do all to eliminate him, and many are already trying this! Soon he will change many 'positions' in the Church and especially in your country. Follow the directives of the Holy Father, John Paul II, My children, for he is My ONLY Vicar on earth! Pray for the Church, for many will suffer under the hands of the modernists. Remember, My children, you CANNOT follow two masters."

"I wish, My children, that you attend Mass daily and receive ME in the Holy Communion. It is necessary to be free from sin during this time, but so many are not! It is a grave sin to receive sacrilegiously. It is necessary for My children to receive the Sacrament of Penance. It is necessary, My children, to have a regular daily prayer life; pray daily for your problems. Come to Me and I will hear all."

"Pray, My children, for the innocents of the world, for it will become worse before it gets better; it is through prayer that much changes. I wish all to pray to My Holy Mother, and to listen to Her Holy Words. Why does the Eternal Father send Her to so many places? Why does He send Her constantly? Because you, My children, need the solace that She brings. Prayer is the answer to the world problems - fervent prayers!"

"My child, you will become more involved in traveling, and spreading My Messages and those of My Holy Mother. Be careful in your travels, and remember all that We have counseled you. Soon you will discover much in the world that you only 'realized'. There is a purpose for this."

"Good-bye, My son, Franz. I send a blessing to you and to all My children; continue as you are, spreading the messages, and protect your health and your door."

**The Novena consists of Mass, and Communion, daily; fifteen decades of the Rosary and a half-hour meditation daily; this is to start on June 1st, 1985.

April 25, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother all

dressed in white, wearing a large gold crown, and carrying Her Rosary. She said:

"My child, this year is a very crucial year in the Church, for many changes will occur. It is both a year of decision and a year of turmoil. Remember, My children, the many messages that I have given throughout the World; for many are confused! Much light will be shed upon My words within the next few months; MANY DOUBTORS WILL BE SILENCED."

"It is necessary, My children, to open your hearts before you can truly love your neighbors and, therefore, your Saviour. How often have I asked for sacrifices that have fallen on deaf ears? What must be said before My children will listen? It is a very important year for those that become somewhat lukewarm - it is necessary, My children, to offer your lives to My Divine Son, and offer many acts of reparation and atonements. It is necessary for My children to pray daily for the less fortunate, and to share their material goods with them. Remember, all are given graces abundantly for sacrifices offered in the Name of My Divine Son."

"Pray, My children, for the Leader of your country, for already he is involved in controversy, and this is just the start! This is the work of the evil one, for many do not like his policies of peace, and wish to shed light on his shortcomings. Pray for the leaders of your country - that they see their errors before it is too late! Many act in foolish ways, contrary to the good of the people. Pray for the 'Land of the Lion of Judah', for the innocents there suffer greatly. Pray for the 'Land of the Lion',* for already the scandals will increase; woe to the gossips who cause these scandals, for they will pay for their transgressions. Pray for the 'Land of the Lily'* for the government is teetering on the road to collapse. The innocents of the World suffer at the hands of a few that have NO place in their hearts for their Saviour."

May 22, 1985, Message from the Blessed Virgin Mary

While saying my Rosary early this morning in the grove, I came upon a most magnificent sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

My child, the world, already full of chaos, is heading farther down the path of destruction. Why is it that My children do not pay heed to My warnings? Why do My children lead lives that are alien to their Saviour? Many are proud; many are leading foolish lives because it is easier. Believe Me, My children, many will see before long the need for change; it is never too late to change, but many do not want the graces necessary."

"Pray, My children, pray for the Holy Father; his travels were very difficult for him but the forthcoming ones will provide ever more difficult times. He is a man of Peace and the True Vicar of My Divine Son on earth, and many people will not listen. You must, My children, follow the

"My child, tell My children that it is necessary for them to go to Mass daily and to receive Holy Communion. Far too many take these for granted. It is a privilege to be allowed to partake of the Sacraments frequently, but, to many, it is all but ignored. Why? Why? Why, My children, do you take so many things for granted? Are you spoiled? Many will see within the next few years many changes; many changes that they did not think were possible! Remember, AND REMEMBER IT WELL, MY CHILDREN, that you cannot serve two masters!"

"Pray, My children, for the Holy Father, John Paul II, for he will suffer much during these next few months. He will see much in the Church that must be changed, and he will suffer at the hands of many that will oppose him! Pray for the cardinals, for many are good, and these suffer at the hands of the evil members of the Curia. Woe to these villains, for they will have to answer for their 'follies'."

"I wish My children to pray the Rosary daily, especially during the Months ahead. I wish many to say the Rosary in small groups and to meditate upon the mysteries. It is necessary for each to understand the meaning of prayer so that they can teach the innocents the beauty of prayer and sacrifices."

"Good-bye for now and God bless you; continue, as you are, sending My Messages to all that ask. Guard your door and your health; be careful in your travels and follow the instructions that We have given you. Stress prayer in your travels."

teachings of the Holy Father, for he is guided by the Holy Spirit. He is truly a 'Beloved Son' that suffers much at the hands of the Curia and those of the liberal and modernistic feelings. Why do not My children follow the words of My Divine Son through the Holy Father? My Divine Son would be treated much the same as they did to His Vicar on earth. Awake, My children, from your slumber and your hardheadedness. You must follow the Holy Father and not these so-called progressive bishops who pay only lip-service to My Divine Son."

"Pray, My children, for the Land of the Rising Sun and the Land of the Dragon, for the Media do not tell the entire story of the conflicts in these two lands and the sufferings of My dear children. Pray and help the children of the Land of the Lion of Judah, for much suffering still occurs, and much more will occur before they see change. Pray for the Land of the Lily, for much is hidden under the disguise of 'negotiations'. Remember, My children, that

you cannot serve two masters and you must seek My Divine Son before all will be accomplished."

"My child, you were allowed to travel to bring you into contact with many people to understand your mission better. You are to send My Messages and those of My Divine Son, to all that ask, especially in the countries that you visited. Many of My children in the Land of the Romans are deceived into modernism. Many of the children are hardened to religion and see only the superficial meaning of Devotion to My Divine Son. You are not to be concerned with your detractors; many are just concerned with their own problems; others are purely jealous. We have advised you on many occasions and all the other - is unnecessary. Continue, as you are, sending My Messages to all that ask."

"I wish My children to attend Mass more often and to receive My Divine Son in Holy Communion. I also wish My children to kneel more during the Mass, especially from the beginning of the Consecration to the end of the Mass. Many do not kneel at all! This is most important. I

have told this in other Messages but it is necessary to repeat much. I also wish My children to follow the Novenas that have been given to them and to say their Rosary daily. Many graces are granted through the recitation of the Rosary. Why do so many of My children not go to Confession? Are they free from sin? Start to change your prayer life, My children! Examine your lives and see if prayer is an important part of your daily habits. Many graces are granted to those that pray and sacrifice."

"Good-bye for now and God bless you. Continue to guard your health and your door. Tell My children that they should criticize less and pray more. Far too many are critical of My Seers and less critical of their own lives. It is a grave sin to sit in judgement of others; leave all to the Eternal Father. Stress, My son, in your travels, prayer and penance."

June 4, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, tell My children that it is through prayer and reparation that My children gain their Eternal Reward. They must, My child, learn to pray constantly. It is sad to see how many neglect even their morning prayers; why are you so lazy, My children? Why do you think more of pleasure than you do of your soul? It deeply grieves Me to see so many of My children so irreverent and morally lax. If you would only realize the importance of your life you would change all. ALL MY CHILDREN ARE IMPORTANT TO ME; MY CHILDREN, ALL MY CHILDREN ARE EQUAL! When will you realize this, My children? When will you change your erring ways?"

"My child, tell My children to examine their family life. Where are the families headed towards? Why are so few of My children battling with the evils of divorce? Why are so few of My children making efforts to strengthen their marriages? Family life is surely sacred to some but it should be sacred to all. I will bless all who strive for their families. I am, My child, especially protective of the husbands who have to strive to make ends meet. Help them, My daughters, with your encouragements, rather than your insults. It is difficult in the world of today for My children, but through prayer all can be achieved. Through prayer, My children, many will realize that strength that is necessary to combat the evils of the world.

Come to Me, My children, and I will sooth your hurts."

"My child, I wish My children to attend daily Mass and to receive Holy Communion often. My Divine Son has given you many Novenas but many just avoid these; stress these, My child, stress to all to follow these Spiritual treasures. I wish more of My children to say the daily Rosary and to say it in family groups. Prayer should be a part of everyone's life. I also wish My children to meditate, for many will find solace in these times. Spiritual reading should be deeply stressed in your homes. I wish all to read the Book of Life and draw from the many lessons."

"My child, tell My dear daughters that they must be steadfast to their Vows and to change their attitudes towards religious life. Many of My convents lack the Christian Charity that is necessary for their lives. My beloved sons, the priests, have many problems; few come to My Divine Son for the solution; this is necessary. Pray for vocations; it is so sad to see so few dedicated to their vocations. I especially bless those dedicated sons and daughters that are true to their vows."

"My child, tell My children that I wish them to kneel during the Mass and to show respect towards the Blessed Sacrament. Few people even kneel during the Consecration of the Mass. This is not only necessary, but important. Kneel, My children, for the reception of Communion if you can; for many suffer because of this, My child. I wish My children to pay more attention to the

Mass and to pray along with the Priest. Do not recite other prayers during the Mass. Follow the Mass as completely as you can. I wish My children all to make longer thanksgivings after receiving My Divine Son. They must thank Him for this precious gift! In time, many will regret the infrequency of their Communions. Many take too many things for granted. Prayer, penance and reparations

should be stressed, My child."

"Good-bye for now and God bless you; continue, as you are, stressing the importance of prayer and penance. Guard your door and watch out for your health, My dear son. Bring My Messages to all that ask and follow what I have given you."

June 22, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother, dressed in cream-color, and wearing a large gold crown, carrying Her Rosary. Upon Her neck She wore a long Chain with the globe attached. She said:

to YOU as examples of My Divine Son. Pray, My children, for the clergy, for many are criticized unnecessarily. Pray for My priests, for many are holy and religious, and take their vocation seriously; pray for them. Woe to those who shirk their duties."

"My child, look upon this medallion; it is of the Earth, but changing. Many countries, My child, in time will be controlled by larger ones and their cultures will be destroyed, unless more prayers and sacrifices are offered. My children are destroying their own countries in many ways, through their free use of drugs and perversion. When will it end, My children? When will it end?"

"My child, pray for the Holy Father, John Paul II, for he will undergo much criticism in the near future for his many traditional innovations. Pray for his travels, for many would like them to end. Pray for the Cardinals, for many of the evil Curia try to change those dedicated 'beloved sons'; many are causing havoc in the Church because of their own greed. My child, I cannot repeat it enough: you cannot serve TWO masters! Follow the Holy Father and quit your dissensions. Within the next year many will be changed, and the Curia will be cleansed of some of the up-rooters, but this will come ONLY with prayer!"

"My child, tell My children that My heart is saddened by the greed of many, but uplifted by the sacrifices of many. Too many of My children do not see the good in their brothers; they look only for the imperfections. My children, you must look closely at your brothers and see their joys and their sacrifices, and you should criticize less. Far too many of My children set themselves up as judges. Far too many of My children see fault in others

"My children, remember to teach the Basic Concepts of your Religion to your innocents, for many lack this understanding. Pray for the innocents, for they suffer in a world of disillusion. Teach them the evils of the times; keep them away from drugs and these idols that bring nothing but troubles. Guard your children's entertainment, for much comes directly from the evil one; their minds are infiltrated by this filth. Teach My innocents the true meaning of Love, not this distorted view that they see around them. Teach them the beauty of purity and Love. Bring to them, My children, your Love and understanding; for many do not see this outside their homes. Woe to those vipers that prey upon My innocents, for they will PAY for their transgressions!"

and none in themselves. Look at yourselves; examine yourself and see if YOU are pleasing to the Eternal Father?"

"My child, I wish that My children, during these months, examine their prayer life; examine their quality of prayer; it is NOT the amount of praying that you do; it is the reverence in prayer! Meditate, My children, for many graces are granted for silent prayer. I wish My Rosary said daily, and especially with the innocents; far too many lack the knowledge of prayer. Attend Mass daily and receive My Divine Son daily, for you receive many graces for your sacrifices. Remember, My children, the importance of Confession, for it is far too ignored in your world. Go to My beloved sons, the priests, for your problems. Guide My children, My 'beloved sons', for that is YOUR vocation; guide them along the path to Heaven. Pray with them, My 'sons,' and show them by your examples. Prayer, sacrifices and reparation be in your minds, for many look

"Good-bye My son, and God bless you; continue as you are, spreading the messages to all My children that ask; guard your door and your health. Tell all My children to pray more. Pray for the innocents that are suffering under the hands of the aggressors, for they are very dear to My Immaculate Heart. I am the Mother of ALL children, the Mother of Divine Grace. Come to Me, My children, come to Me."

July 3, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most magnificent sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, when will My children understand the uselessness of terror? Enough of My children have suffered at the hands of these revolutionaries that advocate war and destructions. Pray, My children, pray well, for many unfortunates suffer at the hands of a few. Pray for peace and tranquility, My children. Pray for the oppressed, for many suffer endlessly. Prayer will change all; prayer will bring solace to many."

"My child, tell My children of the importance of showing reverence towards the Holy Eucharist. Receive My Divine Son on the tongue, My children, and DO NOT CHEW THE HOST! It is NOT a meal; many just regard it as such. Treat My Divine Son with respect! Receive Holy Communion, My children, from the PRIESTS, not these lay-ministers! Kneel, if it is possible, and show more respect for the Holy Eucharist. My Divine Son suffers greatly because of the lack of respect He receives. I cannot stress this enough, but many do not listen! Follow My 'beloved sons' that follow the Holy Father, for you cannot be a modernist and serve both. Pray, My children, for these misguided clergy, for they cause more harm than good."

"My child, tell My children to be forgiving children; far too many hold grudges against those that cause them problems. Forgive them, My children, just as the Eternal Father Forgives His children. Why is there so much hostility among My children that call themselves 'True Catholics'? Why do they hate each other with such a

vengeance, if all do not believe like they do? Be Christ-like, My children. Follow the examples of My Divine Son."

"My children, I wish you to be PRUDENT as far as your entertainment goes; far too many are lax in their duties towards protecting their innocents. It is necessary to weed this perversion and impurity OUT, My child; it is necessary to replace this filth with beauty and purity. Why must My children dwell on the 'occult' and perversions? You have a duty to protect My innocents. Many of My children must cleanse their minds of these impurities, and cleanse their hearts."

"Go, My children, to Mass daily; receive my Divine Son often; do not put it off. I wish more to recite My Holy Rosary daily; it should not be a burden, but a joy to pray. I also wish My children to follow the Many Novenas and devotions that I have given them. Pray for help, My children, pray for help."

"My child, unless more prayers are offered, many catastrophes will occur; within months, many will suffer because of the droughts and famines. These are not mere co-incidences! Pray! Pray! Pray! Talk less, and gossip less, and discuss 'religion' less, and pray! It is useless - all these arguments about 'interpretations' of the Book of Life! Pray, and argue less! What must be done to wake you up? You complain when I am stern, and you complain when I am not stern enough; many of you cannot be pleased because your hearts are stone; you only see what you want. This must end, and soon."

"Good-bye for now and God bless you; do not be worried about all the detractors, for the ones that you reach are grateful for My words. Many people just ignore My words but I come to many Voice Boxes. I send them all My Love; your missions are not easy, but I am always with every one of you. Tell My children to constantly pray for

peace and to avert War! There will be a devastating war unless My children pray and make more sacrifices. I cannot stress this enough. Guard your door and your health, for you have a long mission ahead."

July 18, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, the world, already in deep turmoil, will suffer even greater, without more prayers and sacrifices. Within the next year many nations will suffer the ravages of war. Far too many are interested in advancement than in human life. Woe to these warriors and destroyers of humanity.

When will My children realize the necessity of prayer and sacrifices? Will it be too late? Prayer is the Key to Heaven and the Key to salvation. Pray for the innocents of the East for their sacrifices will increase; their faith is great and their love is even greater."

"My child, why must 'you' delve into the occult? Many of My children are becoming Satan worshipers; this is evil and the work of the evil one, but many are doing it in what they call entertainment. This must be stopped! A few have given their souls over to the evil one for the perverted

pleasure that may result. Oh pray for these misguided children, these children of darkness, that they may see the Light of the World, and return to the true fold. You cannot serve two masters, and many, through ignorance, have followed the easier part."

"My child, within this year there will be a great change in your government unless more prayers and sacrifices are offered. A few of My children are concerned but not that many. WHY? Wake up from your slumber. The Church, already suffering, will increase this suffering at the hands of these modernists. Prayer will help and also you must tell your pastors of your dislike for these changes. Unless you speak up, all will change! Do not be disheartened, for, in time, all will be restored to its former glory. Pray for these times. Pray for My children that are broken-hearted and disillusioned, for their sacrifices will be rewarded."

"My child, tell My children that it is important to attend daily Mass and to receive Holy Communion - Especially during these months ahead; it is difficult, but more graces are granted for these little sacrifices. Pray more, My children, and say the daily Rosary. Pray your Novenas and other devotions that I have given you."

August 15, 1985, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother, dressed in white, wearing a blue mantle and a large gold crown. She said:

"My child, today is the Feast of My Assumption, yet it is not revered by many as a Feast. In a world of modernism and progressiveness, feast days do not have any place. Awake, My children, from your slumber before it is too

late. My Divine Son's cup is running over and I must appease Him constantly. Why do My children recrucify their Saviour daily? Why do My children constantly only 'pay' lip-service rather than practice their Faith? Too many are lazy and only follow the pleasures of life; this must change! Many of My children are guilty of leading lives that are far from Holy, yet, in the eyes of the world they are 'deeply religious.'. Beware, My children! You can NOT fool your Saviour."

"My children, pray for the children of the dark continent; they suffer a great deal at the hands of a few. Pray for them, for they suffer greatly for their Faith. Many are strong Pillars of faith in the world of materialism. Look UP to these martyrs, My children. Do not be fooled by the idols of today; many are worldly - and their lives are just full of emptiness. Pray, My children, PRAY, for in prayers many will find the solace they need."

"Pray, My children, for the Holy Father, for he suffers greatly at the hands of the CURIA, for they do not like his popularity and the great love that his children have for him. Pray especially for his travels, for soon he will become involved in more controversy, one that he had NOTHING to do with. The detractors of the Papacy are many; many not of our faith. Woe to these misguided individuals."

"My child, I send My blessing to all My Voice Boxes, and those workers that are loyal to Me. Pray, My children, for all who spread My Messages and remember that I love them all the same; none are to be considered better than others. I send My love to your Spiritual Directors, for many are criticized for their efforts. Pray, My children, and follow the various messages that I give to you; be less concerned with the many controversies that are happening. Keep the guide-lines that I have given to you and all will be well."

"Good-bye and God bless you; continue as you are, spreading My messages to all that ask. Guard your door and especially your health. Do NOT accept any interviews at this time, for your words, and mine, will be distorted! Stress Prayer and Sacrifice, My child."

"Pray, My children, for the Holy Father, for he is really a man of peace, much maligned by the Media because he cannot be manipulated. Pray for his safety during his travels. Beware of CURIA, My children, for they try to change much but are restrained. Through prayer much can be changed. Pray."

"My child, tell My children in your travels the importance of attending Mass daily and receiving Communion. I also wish My children to say FIFTEEN decades of the Rosary daily and to meditate. Is it too much to ask? Far too many only complain when their lives are difficult - they do not pray for the Mercy of the Eternal Father. Through prayer much is received; have more Faith, and criticize less! I wish My children to continue their novenas for many more months. There will be many blessings for those that persevere. Prayer is the Key to Heaven and the solace of the oppressed. Pray for the poor and the oppressed, for many are overlooked by the world, but are beloved by their Saviour. Pray for the elderly, for their lives are saddened by the lack of Love many of their children show them. Remember the Commandment: Honor Thy Father and Mother. Far too many children are too concerned with their own lives that they forget the past. Are YOU guilty of this, My children; are you interested in helping others?"

"My children, what more can be said; abortion is, pure and simply, MURDER; yet many try to justify this! It deeply grieves My heart to see the slaughter of the innocents.

Beware, My daughters! Beware! Abortion is a grave sin, not to be taken lightly. Pray for your legislatures - that they may change these laws that allow these murders. Pray! Pray! Pray! This does more than just talk."

"My child, I wish My children to teach their innocents the beauty of life, for many get a distorted view outside the homes. Prayer is the important part of every life, but to

many innocents, it is nothing. Teach them, My children, for it is your responsibility to reach them."

"Good-bye for now and God bless you, continue as you are sending out My Messages. Tell My children to pray and make sacrifices. Remember, My children, I come to many Voice-Boxes and send My blessings to ALL. Guard your health and especially your door."

September 10, 1985, Message from the Blessed Virgin Mary

Our Blessed Mother says:

"My child, it deeply grieves Me to see My children suffer - many at the hands of ruthless dictators. Pray for the innocents of the world for, in a short time, many more will suffer at the hands of the tyrants. The world will shortly be purged from the sins that are so frequently committed. WOE to those children that do NOT see the writing on the wall through their own self-blindness. Pray for the innocents that they may see the evil and change it. Prayer is the Key to Heaven, and the Key to 'change' - why are so few prayers offered, My child? Why are so few attending Mass and offering their sufferings to their Saviour?"

"My child, soon your life will change drastically; already it has changed to some degree. Do not let others' criticisms bother you. All is in the plans of the Eternal Father; many will suffer in these times to come; few will understand the meanings of these sufferings, but many graces will be granted through these offerings. Pray, My children, and criticize My Voice Boxes less; pray and offer sacrifices to a much-maligned Saviour. My Divine Son is far too scorned and mistreated and ignored. Pray and sacrifice."

"My children, these diseases that have plagued many of My children are just the beginning! Lives of permissiveness must STOP; more sins of impurity are committed daily than many of My children realize! Change your lives before it is too late! My children, change before you are called to account for your sinful lives. All these catastrophes are NOT mere coincidences; prayer will change much. Do not be doubting persons, for

many will not accept My words because they cannot see Me or experience ecstasy; those who believe Me are dear to My Immaculate Heart. Prayer is the Center of life, My children, and should be primary in your day.

Attend Mass and receive Communion daily - pray the Rosary and sacrifice."

"My child, tell My children that they must pray for the Holy Father, for soon they will try their best to crucify him for his beliefs and his teachings. The evil Curia will try to manipulate his words; read carefully all that comes out of Rome, for My faithful will be able to see what is true and what is merely modernistic. WOE to those prelates that have given themselves to the evil one! For they lead many to the path of destruction. Pray for the Holy Father in his travels, for they become more difficult as time goes on. Many will not understand his Peace Plans."

"My child, you are living in the world of materialism, but you must not become a part of it. Guard your children from the world of drugs and alcohol, for many children suffer greatly because of this. Pray for your children for their lives are becoming increasingly difficult."

"My child, and My children, now is the time to look at your lives, for what was to be the 'future' is 'today' - and live for Today! If you are prepared to meet your Eternal Father now, you need not worry. Prayer changes all."

"Good-bye for now, and God bless you. Continue, as you are, spreading My Messages to all that ask. Guard your door and especially guard your health. Tell ALL about prayer and sacrifice."

September 24, 1985, Message from the Blessed Virgin Mary

Early this morning Our Blessed Mother, all dressed in white, wearing a large crown, came to bring this message of great importance to Her children. She said:

"My child, tell My children to start to make reparation AT ONCE, for it is all but ignored by My children. Pray for the innocents who are taught that reparation is a sign of

'weakness'. Believe Me, My children, it is NOT a sign of weakness but a great sign of strength, My dear devoted children."

"My child, many of the workers of My dear children are suffering because of the many scandals that are erupting; do not become involved in these, My child, for the Evil

One does this to disrupt My words. Pray for the other seers for all suffer greatly, at times, because of the gossip."

"My child, prayer is the answer to all your problems; prayer is the solace of the oppressed. Remember to be aware of the NIGHT illuminated with the SUN, for it is a SIGN that reparation is needed before punishments are being given out without reparation and atonement. It is necessary for Acts of Atonement to be started in every home in your country, for many suffer from the illusions that they are 'sinless' and need NOT to make reparation. Pray! Pray! Pray! My child, you are united to My other Seers through your love of My Messages. I send My Love to ALL those Seers and their workers; be steadfast in your work, My children; be steadfast in your duties."

"My child, tell My children that it is necessary for them to partake of the Sacrament of Penance in the Traditional Form. These modernist forms do NOT fulfill your obligations. My child, it is the purpose of Confession to cleanse your soul, so it is important to confess ALL. Be sure, My children, to be free from sin when you receive My Divine Son. It is important to be prepared to receive your Saviour! Pray and meditate before partaking of the sacraments."

"My child, tell My children to be certain of their

medication, and other medicines, before they take them; it is the TOOL of the Evil One to distort these medications for evil purposes. Do not take anything that you are not certain of; many have been ill because not enough precautions have been taken. Prayer is necessary in times of doubt."

"My child, ask My children why they are so lazy in their devotions? Why do so many of My children avoid going to Mass daily and receiving Holy Communion? Attend Mass as often as possible My children for it will soon become more difficult than ever."

"My child, soon many will be gathering in the Eternal City for a very important meeting. Pray that ALL will attend with an open heart, willing to change the many errors in the Church; already many have closed hearts and minds. Pray for the Holy Father, for he will suffer greatly for the changes that he is proposing. Pray for His safety, for the agents of the Evil One will try anything to stop these changes. Prayer will help immensely. Prayer will help these Prelates to change much, and return it to the Traditions that once were a strong part of the Church."

"Good-bye for now, My son; God bless you, dear Franz, and send My blessings to My dear son. Guard your door and guard your health. Spread My Messages to all that ask. Tell them to say My Rosary daily, and to read the Book of Life daily."

October 7, 1985, Message from the Blessed Virgin Mary

Our Blessed Mother came early this morning dressed as Our Lady of the Rosary. She was dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, today is the Feast commemorating My title of 'Our Lady of the Rosary' a most beloved Feast to My Immaculate Heart, yet it is all but forgotten by so many of My Children. The Rosary is a devotion that is all but forgotten also, - too many find it dull and boring to pray the daily Rosary. It is a beloved devotion and dear to My Immaculate Heart. Many graces are granted for those that pray the Rosary with reverence. I wish My child to say the entire Rosary daily."

"My child, I come to many children; many of the messages - that are infiltrated by the Evil One. These want to cause a great deal of problems, My children. I am the Mother of ALL children; I again say that I come to MANY children; it is a dis-service to say I come only to one! Be wary, My children, be wary of those workers that come with harmful lies that they use to discredit My many Seers. Pray, pray, pray for these unfortunates. Prayer is more important than these attacks of My many Voice Boxes."

"My child, tell My children that I wish them to pray for the Holy Father, for his suffering is increasing. The Curia, so full of vipers, is increasing their attacks on the Holy Father. Pray for his safety. Do not believe all that comes from Rome; you can tell which is true, and what has been given to cause deceptions."

"My child, tell your pastors that you are dissatisfied with all the teachings that are being forced upon youth that are modernistic - many in the Holy Name of My Divine Son. These new forms of liturgy are all 'tools' of the evil one to force modernism upon My children. Do not support them; they come under many names but they all do the same: to CAUSE confusion and deceptions. Do not be silent, My children; do not be silent! In your silence you do nothing but condone these."

"My child, I wish My children to attend daily Mass and to receive Holy Communion every day. Is this too much to ask? I have asked My Divine Son to give My children many blessings but, to many, they do not want to give Him much glory and praise. Why are My children so ungrateful?"

"My child, tell My children not to be fooled with all the 'promises' of the Bear; they are just lip-service. The

leaders of the Bear wish to look as peace makers, yet this is all show: they are NOT to be trusted. Pray for the innocents that are really living behind the tyranny of the Bear. Pray for the innocents of the Land of the Hebrews, for many are persecuted for their beliefs. Pray for the Land of the Lion of Judah, for all is not solved in that land. Prayer can change all! Prayer is the Key to Heaven!"

"Good-bye for now, and God bless you; continue to spread My Messages to all that ask; guard your door; you have been given extra protection, My child. Guard your health, for you have much to do. Tell My children to pray and make sacrifices."

October 24, 1985, Message from the Blessed Virgin Mary

Early this morning Our Blessed Mother came and brought a message of hope and understanding to Her children. She was dressed in dark blue, wearing a large gold crown. She said:

"My child, it brings Me a great deal of sorrow to see My many children fighting each other, and many of My children are cruel and unjust in the Name of My Divine Son. This is wrong and very sinful. It must end before there is a chance for Peace in your World! Remember, My children, to LOVE one another. This is important, My children, and must not be forgotten."

"It grieves Me, My children, to see the arguments among the workers of My Voice Boxes! ALL My Voice Boxes must TEST THE SPIRIT. One - My daughter - must ESPECIALLY test the spirits - for words that do NOT come from Me are being spread by the means of the evil one! It is not necessary to 'name' anyone, for they KNOW of their lack of testing! WOE to these workers that do their best to take advantage of My Voice Boxes, for they will pay for these transgressions. Pray for the MANY SEERS of the world for they are truly blessed, and also are burdened for their missions. I send My blessings to My various Voice Boxes. Unite, My children, for ALL have the purpose of spreading, messages of Mine and those of My Divine Son."

"My child, tell My children that they must pray MORE and say their Rosary daily. They must attend Mass and receive Holy Communion daily. Far too many are lax in their devotions. Prayer is the Key to the problems of the world; prayers are the Keys to Heaven. Many of My children must change their lives drastically, and soon! -for time is SHORT, much shorter than people think. Pray and

make sacrifices and atonements for the many sins of impurity that are committed. Pray and make atonement for the outrages committed against My Divine Son."

"My child, pray for the innocents of the world, for many suffer at the hands of the Tyrants. Pray for your Leader, for he is suffering and 'being used' by many! Pray for the other leaders of your country, for they must be prudent in their dealings of government."

"My child, pray for the innocents of the world, for without many prayers there will be more suffering. Within the NEXT THREE MONTHS you will see much suffering and devastations without extra prayers. Pray and sacrifice more. Pray for the 'Land of the Lion of Judah', for their sacrifices are EVER increasing! Pray for the 'Land of the Pharaoh' for much misunderstanding is already spread about this country. Be ashamed, children of the Land of the Lily, for your impurity and lack of morals, for you will pay dearly for these oversights! Prayer changes all!"

"I wish My children to pray more and to sacrifice more; it is wrong to only expect a few to bear all the burdens. Wake up from your laziness; wake up from your envy and sloth! take charge of your lives and pray!"

"Good-bye for now and God bless you; guard your door and especially your health. It is necessary for you to take extra precautions. Spread My Messages to ALL that ASK, and stress the importance of prayer and sacrifices. Pray for the Curia, My children; pray for the Holy Father. I send My blessings to all."

November 11, 1985, Message from the Blessed Virgin Mary

Early this morning I came to the grove, and Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary, delivered this Message. She said:

"My child, the World, already on the brink of war, is

coming closer than ever because of the lack of understanding and trust. Many of the powerful nations are just trying to force the hands of the other, so they will start the first conflict. Prayers, My children, should be stressed rather than military strength."

"Prayer is the strength of the World; not military might."

"Pray, My children, for the Holy Father, for during the coming months he will suffer greatly. Pray for the success of the forthcoming talks among the cardinals and bishops. Pray for those prelates that are against changing the 'radical theology' that is prevalent in many parts of the World. Do not be so quick to criticize the Holy Father, for he suffers at the hands of the Curia that is trying to undermine him all the time. It will take a long time for all the religious to agree."

"My child, pray for the innocents of the Land of the Lion of Judah, and the Land of The Pharaoh. Many conflicts are about to disrupt - even further - the troubles of the East. Prayers will change all."

"Pray, My children, during the Season of Advent, for so few really are dedicated to My Feasts and those of My Divine Son. Why do you not honor My Divine Son when you follow so many public holidays? These are deeply religious Holy Days; not just festivals. Why are they ignored? Why are so few attentive to My words? Is it that you are confused because of the modernisms of today? Or is it mere laziness? Many have to change their lives radically, and this causes many problems. Without prayer life is an empty shell. Why do you follow these modernist trends in the Church of today?"

These programs that are popular, do all but DESTROY the meaning of devotions The Mass, My children, is the RE-CREATION of the Sacrifice of Calvary; not just a 'meal'. It is the most IMPORTANT part of your life, yet it is ignored and scandalized. The essence of the Mass is the Consecration; it should be revered and sacred! Few of My

priests treat Mass as a social event! This is gravely WRONG! Tell My priests of the errors; do not be silent."

"My child, tell My children that they must say the Rosary daily, and to practice their faith to the best of their ability! Pray like little children; pray with fervor and love. Pray and sacrifice."

"My child, the catastrophes of today are NOT mere coincidences; they are punishments for the blindness of many of My children. Unless there are more prayers, many more destructions will occur! When are you going to awake, My children, from your slumber?"

"My child, again I stress that NO apparition site is more important than ANOTHER! No one message is more important than another. I send My blessings to you, My son, FRANZ, and to My special son from another continent. Pray for each other, for both missions are very important. Pray, My children, pray for the Voice Boxes. I wish the workers to carefully examine their work; a few are 'self-seekers'. They need not be pointed out - they already know! Pray for them, for they are leading many to confusion through their own selfishness. It is prudent, My son, as I have instructed, to test the spirits; as you have been instructed, but do not listen to the criticism of others concerning this! I will advise you My child, and your Spiritual Director. Pray, and sacrifice, My children; pray and sacrifice."

"Good-bye for now and God bless you; continue as you are spreading My Messages to all that ask. Guard your door and your health."

December 8, 1985, Feast of the Immaculate Conception Message from the Blessed Virgin Mary

While saying the Rosary early this morning in the grove I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, today is the Feast of My Immaculate Conception and, to many, it is not a Feast Day. The modernists wish to de-emphasize the Feasts of My Divine Son and My Immaculate Heart. Woe to the prelates that wish to secularize the Church, for they will suffer for their folly. Celebrate My Feast days, My dear children, and those of your Saviour."

"My child, it is close to the Feast of the Nativity of My Divine Son, yet very few are interested in the significance of the Feast. Prepare your little gifts for My Divine Son for the Feast during this Season of Advent. There is a

greater need for atonement and sacrifice than ever before, but it is all but ignored. Prayers and sacrifices are necessary to purge the soul from the sins of everyday life. It is also necessary for frequent confessions, for many ignore this Sacrament. Many benefits from graces of the Sacrament of Penance are received, but more must partake of this."

"My child, tell My children that the NIGHT of the ILLUMINATING SUN is going to come shortly and then many changes will occur. Prayers are necessary, and speculating on dates is wrong and unnecessary, for dates change frequently due to prayers. Pray more, and speculate less."

"My child, you will go on a trip soon which will involve an important mission; you will be advised as to the date

and the Mission involved. Ask for more prayers and sacrifices My child, when you travel. I wish you to become a part of the lives of the people that you talk with. Your Mission is dear to My Immaculate Heart and it grieves Me that some criticize My words. Every mission has detractors, but, through prayers, all this changes. Guard your door more carefully, and your health, for your mission will be longer."

"My child, tell My children that I wish them to attend Mass and receive Holy Communion daily. It is important to say the entire Fifteen decades of the Rosary daily and to meditate. Read the Book of Life daily and make it a part of your life. It is necessary to save part of your day for your Saviour. It is necessary for My children to examine their lives more carefully."

"My child, the education of My innocents is VERY

important, to My Immaculate Heart and is the responsibility of you, My dear parents. Carefully examine the schools that your children attend, and see that their education is pure and unaffected. Do not be silent, if you do not agree with something that is taught. Try to change the evil elements that are pervading the schools of your children."

"Stress, My child, the importance of prayer and sacrifices. I wish, during the coming months, that you fast one day a week and partake of just bread and water. Many graces will be granted for the sacrifice.*"

"Good-bye for now, and God bless you; continue to spread My Messages to all that ask."

* Our Lady said that if you cannot, for health reasons fast, that your intentions will be blessed, and the graces the same.

December 25, 1985, Christmas Day Message from Our Lord Jesus Christ

Early this cold morning at the grove I experienced a most beautiful sight, Our Blessed Lord. He was dressed all in white and like a little King, and He said:

"My child, I send My blessings to all My children this day commemorating My Holy Birth. Your world, already saddened by strife and war, will continue to suffer if more prayers are not offered. The Eternal Father is deeply saddened over the lack of love that is shown by His children. Prayer and sacrifice are needed, My children"

"My child, tell My children to show greater Love for each other during this Holy Season and during the rest of the year. Love is necessary for peace in your world. Pray and make sacrifices and show respect and love for each other. I wish more of My children to say their Rosary daily and offer prayers to My Holy Mother. You will never realize the sacrifices that My Holy Mother has made for you, My children!"

"My child, My wish is that My children STOP these abortions; they are pure abominations! They make My Sacred Heart grieve greatly at the lack of respect that some of My children show for life, and their bodies. Pray for the unfortunate victims of child abuse and neglect. I send My special blessings and My Love to the elderly that struggle during their latter years. Protect your families, My children, and show respect for the elderly. Pray for

your children, for their lives are touched by troubles repeatedly; show a great deal of patience and understanding."

"My child, tell My children to pray for the Holy Father, John Paul II, for he suffers GREATLY at the hands of the Curia! His efforts at the Synod of Bishops was greatly diminished, but IN THE END, THE TRUTH WILL BE FORTHCOMING! Criticize less and read more."

"I send My blessings and graces to My dear children that are Seers and Mystics, for I have much to accomplish through their efforts. Pray for the many Voice Boxes, for, in time, a few will be silenced. Pray for those that are bothered by criticism and doubt. I send My blessings to all the places of apparitions and wish that they remain Holy, and remove some of the secularism that prevails. They KNOW where this exists!"

"My child, tell My children that they must pray and attend Mass and receive My BODY and BLOOD in Holy Communion often. Prayer is the key to Heaven. Pray and pray, and pray."

"Go in Peace, My son Franz, and continue to spread My messages to all, and those of My Holy Mother. I bless you and your workers. Guard your door and especially your health, for your mission will be long."

January 1, 1986, New Year's Day Message from Our Lord Jesus Christ

Early this morning I came to the grove and experienced a most beautiful sight, Our Lord, all dressed in white, wearing a dark red mantle, dressed as Christ the King. He said:

"My child, tell My children that as they start the New Year with prayer and sacrifice, so will be the rest of the year. This year will be a year of suffering and soul searching. It will be a year of change. It must be, for many of My children suffer emotionally because of their sins."

"My child, it is necessary for My children to change their sinful lives, for many lead lives that are far from being religious. Tell My children that it is important to attend Mass and receive ME in Holy Communion daily. This is the salvation of many in a troubled world."

"A lasting peace will not result unless more prayers are offered; the Bear offers much, but still the strings are hidden that many do not see. Pray for your Leader, for he does much for Peace and his efforts will be rewarded."

"My child, pray for those children that are suffering from mental illness; show them charity rather than insult them. Pray for the elderly, for many are suffering at the hands of the greedy. Remember, My children, YOU are responsible for your parents; it is your responsibility to see that the remaining years of their lives are full and productive. Far

too many of My children neglect the elderly."

"Pray for the Land of the Lion and the Land of the Lily, for both will suffer greatly during the New Year. The acts of terrorism will NOT cease unless more prayers are offered. Pray for the innocent victims of these atrocities. Pray for the Land of the Lion of Judah, and the Land of the Hebrews, for many will suffer. The world is deeply affected with turmoil and war; this will end but only AFTER many sacrifices and atonements!"

"Remember, My children, to say your Rosary daily, and to meditate, and to read the Book of Life. I wish My children to show more respect and Love towards My Holy Mother. This year She suffered greatly at the hands of the entertainment media who make a mockery of Her Holy Life! These vipers will pay for their folly. Believe Me, they will pay for this blaspheme."

"Good-bye for now, My son Franz. Tell My children that I am their Saviour and will send them many blessings. Guard your health and your door. I send My blessing to all My Voice Boxes and their workers."

January 18, 1986, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a beautiful sight, Our Blessed Mother all dressed in white, wearing a crown and carrying Her Rosary. She said:

"My child, the world, already headed for turmoil, will be set by more, if more prayers are not offered and sacrifices; the Cup of My Divine Son is more than overflowing. I am deeply grieved, My children, at the lack of love for My Divine Son, especially among those that call themselves followers. Why, My children, is He betrayed again and again? Change, My children, change is necessary; purify your souls, purge yourself of these sins, My children, before it is too late."

"My child, all these dates and speculations are wrong, yet it is to no avail when I mention this? What must be done before you believe Me? What must be done before you change your lives instead of making excuses? Lip service does nothing; it is a waste of time and energy better spent in prayer."

"My child, I wish to warn My children about the Sanctity of marriage; far too many of My children take it for granted. Many sins of impurity send my children to perdition. Many look upon impurity as a way of life; this is wrong. Purity is especially beloved to Me, My child. Come to Me with your problems and I will help. Go to My Divine Son and He will bring you the solace that you seek. Many must change their sinful lives: lesbianism, incest, homosexuality are a way of life of many. This must change and soon. Pray for these unfortunate children. Pray, but do not criticize so much.

Look at your own lives before you cast stones upon others. Remember this My children."

"My child, the number of prejudices in your country is overwhelming; it deeply disturbs Me to see how people consider themselves better than others. All are created equal, My children. Do not forget this."

"My child, why do so many of My children forget, or ignore, the Souls in Purgatory? Pray for them, and to

them. For they help those that beseech them and offer prayers and Masses for them. Be assured that once you gain release for a soul, they spend their Heaven praying for you; you are never forgotten. Offer Masses and Sacrifices and prayers for them."

"Pray for the Holy Father, My child, for he will be assassinated by one of his own if more prayers are not offered. The Curia is full of vipers, and the number increases; many see the glory of greed and envy but they will pay for their indiscretions. Pray for them, for they are responsible for all that they lead astray."

"My child, tell My children to attend Mass and Communion daily and recite the fifteen decades of the Rosary daily. This is important, My child, that you receive Holy Communion on the tongue. It is the only reverent

way to receive My Divine Son. Do not listen to these Modernists, for they will tell you anything. Remember also to receive only from consecrated hands. Remember this and put it into practice. Be strong, My children. Be strong and follow your faith; far too many are lukewarm. I also wish My children to spend time in Thanksgiving for the graces that they receive in Holy Communion. I also wish more children to kneel during the Mass; after the Consecration all should remain kneeling until the end of the Mass. These are necessary and My children will be granted many extra graces for following them."

"Good-bye for now and God bless you. Continue to spread My Messages to all that ask; guard your door and take better care of your health, for your mission will become more difficult as time goes on. Remember, I am always with you, My son."

February 3, 1986, Message from the Blessed Virgin Mary

While walking in the grove early this morning I came upon a most beautiful sight, Our Blessed Mother all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, the world, in turmoil, is grieving at the many catastrophes that have happened. Trust in the Eternal Father, for He knows all the reasons for these sadnesses; pray more and complain less. Prayer changes all! And many have to completely change their lives, especially

their lack of prayer and penance. Pray, My children, pray! For soon many will know the answers to their suffering. I am the Mother of Sorrows, and many completely ignore My pleas."

"My child, pray for the Holy Father, for he is traveling a great deal and this is dangerous. Pray for his safety and for those dedicated Cardinals that are still loyal to Him. Pray for the innocents of the world, that he helps - to many he is their last hope."

"I wish My children to say the fifteen decades of the Rosary daily and to attend Mass and receive Communion daily. Is this too much to ask for all the Sacrifices that My Divine Son makes for you? Why are so few willing to give My Divine Son the Love, Honor and respect that is Due Him as their Saviour? Far too many are interested in

their own self-importance and self-interest. Many souls are lost through the sins of pride and envy. These are grievous sins but, to many, they are looked upon as accomplishments. Woe to the proud that scatter their errors along to others, especially to the innocent that look to them for their examples."

"My child, soon will be the beginning of the Season of Lent. It is necessary for My children to practice penances and make sacrifices during this Holy Season. Many do not

even follow the easy penances of the Modernist Church. I wish My children to fast, and not just once for the entire season. If it is possible, I wish My children to fast one day a week, and especially on Friday. I wish My children to study the Passion of My Divine Son and to offer sacrifices for the Joyous Feast of the Resurrection. It is only through prayers and sacrifices that your souls are cleansed."

"Good-bye for now, My son Franz; remember to guard your door and your health. Tell My children that many must change their lives completely and soon. Sins of impurity send many souls to Hell; remember the sanctity of marriage, My children. I send My blessings to all and continue to send My Messages to all. I have asked My Divine Son for extra blessings for My children during this Holy Season and He has granted them to My beloved children. Remember, through prayer all is accomplished!"

February 20, 1986, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a most beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown, and carrying Her Rosary. She said:

"My child, the time has come for My children to re-evaluate their lives and change their sinful ways. What better time to do this than the Holy Season of Lent? It is all but ignored by some of My children; it is necessary to

pray and make sacrifices during this period of time. How can I stress this enough, My dear children? Prayer and penance are necessary for salvation; Yet it is ignored by a great deal of people."

"My child, I send My love to all My Voice Boxes, and their workers; bring My prayers and blessings to those as you travel. Be prudent in your travels, as should all My Voice Boxes, for the evil one will not stop at trying to change your plans. Be strong, My children, for many of My Voice Boxes will have many trials to overcome; but, with prayer and sacrifices, all will bring greater Glory to the Eternal Father. Be wary of the Voice Boxes that do not test the Spirit; these are known by many, My child. I send warning to many of My Voice Boxes, but a few will not listen. Wake up before your mission is in jeopardy! Wake up, My children; all of you are beloved to My Immaculate Heart."

"Pray, My children, for the innocents of the world, for many are overcome at the use of drugs and alcohol. Many of these innocents will not admit their problems, but it is your responsibility, My children, to help them through these difficult times. Pray for all those affected by the evils of drugs and alcohol, for many cannot help themselves. Pray for those that are abusing themselves with medicines and potions that are incorrectly used; this is a large problem in your country."

March 12, 1986, Message from the Blessed Virgin Mary

Early this morning while in the grove, I came upon a most beautiful sight, Our Blessed mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, much has changed in the lives of My children, and more is needed for them to change; they must cleanse

their souls. Prayer and penance are very important, My children; sacrifices are needed for reparation to a much maligned Saviour."

"My child, your meeting with the other Voice Boxes brought a great deal of peace to you and brought greater glory to the Eternal Father. My Immaculate Heart is joyous over the reception of My children. Pray for all the Voice Boxes, My children, for this period will be very difficult for them; for many are criticized unduly. Stay faithful to the messages, My children, for they will bring you much consolation."

"Tell My children that they must be more attentive at Mass and much more reverent at the reception of Holy Communion; it is not a meal but the Body and Blood of My Divine Son. Pray more, My children, and be more respectful of the Sacraments."

"Pray for the innocents of the land of the South, for many are suffering at the hands of the tyrants that want much, but will give little. Pray for the innocents of the Land of the Lion of Judah, for much that is printed is incorrect as to the help they are being given. Pray for your leader, for he is struggling against many evils in the government. He will accomplish much in the next year."

"I wish My children to pray the Rosary daily and to attend Mass and receive Communion daily. Especially during The Season of Lent, more devotions should be added. I also wish more of My children to have devotions to the Holy Angels, especially the Guardian Angels, and the Archangels; many have forgotten these beautiful devotions. Pray for the souls in Purgatory, for many will be abandoned if more prayers are not offered. Pray for the Beloved Sons, My priests, that many stay close to their devotions."

"Good-bye for now, and God bless you; guard your health and your door, especially during this time. Continue to send My Messages to all that ask. Be careful in your travels. Tell My children to pray for the Holy Father, for he suffers much. I send My blessings to all My beloved children."

Land of the Lion of Judah = Ethiopia

"Why do so few of My children go to Confession? Do not listen to these modernist priests that say confession is not necessary. It should be a regular part of your life. It is a grievous sacrilege to receive Communion while under the stain of sin. Be careful in choosing your confessors, for it is important to talk with a reverent priest."

"Pray more, and criticize the Holy Father, John Paul II, less; he is the only Vicar of Christ on earth; all the others are imposters. Woe to these self-proclaimed popes; they will suffer for their transgressions. Pray for the Holy Cardinals that suffer at the hands of the radicals. Pray for the good priests; My Beloved sons suffer greatly at the hands of a few."

"I wish my daughters, who call themselves feminists, to examine their lives for they crucify their Saviour anew every day; they are a sword in My Immaculate Heart. Listen, My daughters, stay true to your vows or leave; do not become so modern that you are no longer religious. You are either religious or not; you cannot be both, even though many try. I send My special blessings to all My traditional and faithful daughters; you wipe away the tears that the others bring. You are truly handmaidens of the Lord and are pleasing to My Divine Son."

"I wish My children to say the entire fifteen decades of the Rosary and to attend Mass daily and to receive Holy Communion. It is important to have a planned prayer life so that each day you offer up your life for the Eternal Father. Prayers and penances, especially during this Holy Season, are needed. Remember to keep Holy Week holy; not the start of festivals. Pray, pray and pray! I cannot stress this enough."

"Good-bye for now, and God bless you. Continue, as you are, spreading My Messages to all that ask. Guard your health and select your acquaintances with more care. Your depressions will cease soon, but they served a purpose; they help you understand the Passion of My Divine Son better. Pray for the innocents, for they suffer greatly at this time."

March 30, 1986, Easter Sunday Message from Our Lord Jesus Christ

While walking in the grove early this morning, I came upon a most beautiful sight, Our Lord, Jesus Christ, all dressed in white and resplendent in light. He said:

"My child, I am the Risen Christ! I come to My children to bring them hope in a world where many suffer a great deal of injustice and hurt. I am their Saviour, yet so few come to Me with their problems. Come to Me, My children, and I will bring you solace for your problems."

"My child, tell My children that, in the forthcoming months, many changes will occur in the world, and, without much prayer, many catastrophes. Unless more prayers are offered, a tyrant will cause much more conflict than already has happened. Watch, My children, for the signs; they are already there. It deeply grieves My sacred Heart to see the absolute lack of love of some of My children for their brothers. Without prayer conflicts result."

"Prayer and sacrifice, My children, is the Key to Heaven, but to many it is all but ignored. Pray, My children,

and attend Mass every day and receive Me in Holy Communion. Few really are worthy to receive Holy Communion, and I desire My children to be prepared; it is a sacrilege to receive Me with many mortal sins on your souls. I cannot stress this enough."

"Pray for John Paul, II, My only true Vicar on earth, for the evil members of the Curia would like to silence him. Pray for the true Cardinals; one in your country suffers greatly because of his views; he is a truly devoted son. Pray for My devoted daughters, for many are leaving the fold daily because of the lack of vocations. Follow your vocations or follow My Sacred Heart."

"I wish more devotion to My Holy Mother; do not just give Her lip service; many are blaspheming Her Holy Name. I will send many blessings to those that show devotion to My Holy Mother. Remember to say the Rosary daily and to meditate."

"I send My blessings to all My children; continue to send My messages and those of My Holy Mother to all that ask; guard your door carefully, and your health."

April 15, 1986, Message from the Blessed Virgin Mary

While walking in the grove early this morning, I came upon a beautiful sight, Our Blessed Mother, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My child, tell My children that they must pray hard, and continually for the world's problems."

"My child, tell My faithful sons and daughters that many changes must result in their lives, and soon. Many are not good examples to My children; they must examine their lives and make changes. I will pray for them."

"My children, pray for the Tyrant, for without prayers, he will continue to spread his evil influence. He is a viper and will not stop at any form of tyranny."

"I wish My children to attend Mass and to receive Holy

Communion daily, and to recite the entire Rosary daily. Time is short, yet to many they refuse to believe the seriousness of the situation. The World is on the brink of war, yet many go about their lives as if everything was fine. When will you, My children, face the truth and change your lives? What must be done to shake you up? I have come to you, My children, in many places, yet I am rejected by so many. Why? Are you all ready to meet your Saviour?"

"Pray, My children, for your leader; he is under great stress and criticism. Pray more and criticize less. It is important to believe in your country for the sake of peace. Pray, and make sacrifices and atonements for the sins that are offered daily."

"Pray for the Holy Father, for he is working hard for world peace, yet he is stopped many times in his efforts; prayers

will help change the poison that has entered the Curia and is spreading rapidly. Without total dedication to the Holy Father, John Paul II, the problems will increase. Pray for the Cardinals that are faithful. Prayer is the Key to Heaven."

"Be careful in your travels, My children, for the terrorists

will not stop unless many prayers are offered. Many of these evil-doers are just waiting for the right time to cause havoc. Pray that they change their minds and do good."

"Good-bye for now and God bless you; continue to guard your door; restrict any unnecessary travel and guard your health. I am always with you, My son."

August 15, 1998, Feast of the Assumption 28 Martyrs Shrine, Tokyo, Japan, Message from the Blessed Virgin Mary

I welcome you, My dear children, to my Holy Shrine-dedicated to many chosen souls of Martyrs. My dearest children of the light - I send my love and blessings during these most difficult times that the world is going through. The threat of terrorism is everywhere, so pray for the victims of these poor souls who have lost their lives due to these acts. Prayer is needed during these most difficult times, sacrifices and atonements."

"The economy, already weakened in many parts of the world, will continue to descend until world leaders see the need for a unity of fair currency rates, and a solution to the great debts of many of My dear children. Many poor nations will need extra help. Many of the richer nations will be asked to do all to help the less fortunate."

"The various currencies of Asia, Canada and Africa have caused endless problems for My dearest children because many cannot live with the great deal of inflation caused by constant changes in their currency. A few have been wiped out because of this; pray for these innocents so that they may be able to live with respect and dignity."

"These are the times when those more fortunate will need to share with those on the brink of destruction. Families must help each other do everything; friends and employers must do all to help, for in time many more will be in these situations."

"The children of the dark continent will continue to suffer because of the greed of their leaders. These recent terrorist acts are only a small example of the multiple problems facing My dear children. Many of the leaders want chaos so they can lead their unfortunate children into submission. The innocents will not prosper until there is pure intent from the leaders." Many agents of the Maitreya live in these countries; be cautious."

"The ideologies of the Marxist regimes in the world are continuing to cause turmoil, for they are now escalating on an even greater rate than ever before. Not only have they infiltrated the churches - they have infiltrated every aspect of living: the governments, education facilities, health programs. All dwell on "individual suppression;" everything is done for the masses- no one individual or

person is brought to light - everything must be shared equally. However, the leaders, whether religious or political, are not suffering; for their benefits are set apart and they live accordingly."

"No Marxist or Maoist ideologies are beneficial, My dear children, for they deny the existence of my Divine Son as God, and the existence of the Holy Trinity. It is truly a godless society - where human rights and freedoms are non-existent. Do all to avoid these teachings, for they are now invading far reaching countries - far from where their founders lived. Your saving grace is My Divine Son."

"Pope John Paul II, already making peace efforts, will continue to suffer at the hands of the Curia which is looking for "Crisis on a global effort," not peace. Many new efforts have been brought forth to remove our dear beloved pontiff from the throne of Peter through attempts at his life and through trying to make the world think he is senile and incapable of holding his office. The Curia would like the papacy on their terms, but this is not what is in Heaven's, plans. The evil elements of the Curia are showing their colors and even covering up attempts on the life of the dearly beloved pope, and explaining them as accidents."

"Too many of the clergy, Cardinals included, are now serving two masters; this is not at all possible - you can only serve one faction - that of my Divine Son; otherwise you are agents of the evil one."

"The necessity of the apostolic letters are quite a bit evident, since even basic faith is not being followed today. Read all from the Holy Father, but remember not everything that comes from Rome is from the Holy Father."

"The problems of unity among My dear Seers is at an all-time high level because many do not listen to their Saviour, My Divine Son. Because of the lack of prayers, many Seers' missions have been either shortened or lessened; but all are very, very important. However, only through obedience can my beloved children fulfill their missions. It is important to have unity also among the workers, Rosary groups, and prayer groups connected with

our beloved Seers. Far too much dissension among our children causes weakness among our beloved children. No one Seer is more important than another, no mission more important; each have a mission to accomplish; through prayer all can be achieved."

"My dear children, unity among My dear children in Church is needed. Many parishes are divided and many gaps cause endless problems. Unite in bringing greater glory to My Divine Son."

"The priesthood, My dear children, is dreadfully infiltrated by modernists who wish to follow their own agenda. The priesthood is a vocation, not a job, and remember your vows at the time of ordination. A few remember they are "other Christs" and show respect; others' personal lives are quite sinful and dishonorable - these poor children must get help so as to end these problems and move on in their lives. A new "dignity" must return to the priesthood, one of "old" traditions. My beloved sons must wear their habits and "Roman Collars" - these are symbols of their lives, and show respect."

"My daughters, many must return to their rules and constitutions, for their experiments are causing not only

conflicts but slowly ending their vocations. Many vocations are needed - for the "Brides of my Divine Son" are slowly disappearing. Prayer, penance, sacrifices are needed in my holy convents. I will help all who ask."

"I desire my dear children to attend Mass daily - to receive my Divine Son on the tongue only - and from a priest only. I feel this is not too much to ask. Say My Holy Rosary daily and with meditations. Pray your novenas and chaplets. Try your best to spend time before the Blessed Sacrament in adoration."

"Good bye for now, Franz, Wanderer of the Holy Rosary, Glory of the Trinity. Send my love to all my beloved children, my Seers, Voice Boxes, victim souls, apostles and disciples."

"I am Our Lady of Martyrs, Our Lady of Japan."

Message of the Eternal Father, August 15, 1998

"My dear children, a simple way of life is what many of My dear children must return to. Follow the virtues and rid yourself of all the complications that confuse and clutter your lives. Pray for a simple life and all will be given to you."

August 16, 1998, Feast of St. Joachim, Father of Our Lady Shrine of Mary, Mediatrix of Graces, Lipa, Philippines Message from the Blessed Virgin Mary

"My dear children, time is short, however, hope is not; you must plan your days around my Divine Son and hope. I am as always, the Hope of the Hopeless."

"My dear children, all the terrorism of the world is very sad and destructive. My poor children of the Land of the Shamrock are suffering because of increased problems. Many say it is a war between religions-but no, my dear ones, it is not - the real reason is never stated. All the many terrorisms around the world are causing havoc, and will in the future when it escalates. No form of peace ever comes out of these senseless acts. I am Our Lady of all Sorrows and hold my mantle over these dear victims. Do all to prevent future terrorist acts through prayer and sacrifices. The agents of Maitreya are everywhere doing all to facilitate havoc - yet many fail to realize this. What might be done to make you understand that the evil one and his agents are infiltrating every aspect of life and are very determined to cause concern. Be strong in your faith in my Divine Son."

"The present situation in the dark continent is dangerous. A great deal of destruction is heading for many countries - for the terrorists are everywhere. No one seems to want to take action in changing the problems that arise so all of these situations can be avoided. My innocents are being

used as pawns for Islam fundamentalists who want the destruction of anything Christian and mankind. These extremists are transcending every border regardless of the innocents, but they can only go so far. Something must be done soon or the world will be a pawn for ideologies that are based on hate and destruction. Pray for the children of the Land of the Pharaoh, for many will be asked to sacrifice more. Pray for their safety and the health of the innocents. The middle East suffers a great deal; many are now asked to do more."

"Remember your pontiff, John Paul II, daily in your prayers. He has explained recently in several Apostolic letters the great importance of Sunday as the Sabbath and Canon Laws. However, to many he is all but ignored and criticized for his endless work for peace."

"Many children complain because he does not "clean" house in the Curia; this is not in Heaven's plans for now. Our dear pontiff is guided to all he does, do not let anyone try to convince you otherwise. The Curia itself does all to completely stifle people to the truth. It is infiltrated with many who have their own agenda, which does not come from Heaven,"

"The once dedicated pillars of my Divine Son's houses,

the religious orders, are crumbling and must do just about everything so they start to recuperate. Many are dear to my heart, especially the Carmelite order."

"My dear children, do not become complacent - the economic problems will escalate. For those that feel nothing will happen will be extremely surprised. It will not happen overnight but slowly. Again, I tell my children not to panic, you are warned because of your prayers. The stock market and financial institutions will waver, back and forth. However, extreme financial ruin is not for now, so do not speculate. Have faith and trust in all of our advice."

"To my dear children of the Philippines - continue to pray as many of you are doing. Remember, prayer from the heart is what is very important, not lip service. It is not the amount of prayers, but the reverence. I do not desire emotional prayer but spiritual prayer from all my children. Stay close to my Divine Son's Sacred Heart and my Immaculate Heart."

"I am Mary, Mediatrix of all Grace, Our Lady of Lipa."

"A growing problem of instability in major aspects of your life such as job and marriages are causing anxiety. The only stability in life, My dear children, is in the Sacred Heart of My Divine Son because He welcomes you, My dearest ones. The world is only interested in what it can get from one another; violence precludes peace. Even in the work place many are subjected to violence and the lack of inner peace. This will only get better if My dear children's personal freedoms."

"My dear children, it is necessary for many of you to change the way they live. It is destructive to live where you are not progressing. Do not follow these new age ideologies, for they lead to destruction and mental collapse. All will be given through prayer."

"Abuse, My dear children is becoming a way of life – whether it is physical or verbal, it is tremendously

damaging to My dear children. Do all to prevent it in your family life. It is a sign of today, in many children to use abuse as a crutch - to hold my children in place - whether it would be governments, religious fanatics or families. This means of all out submission is sad and very harmful, for it causes every one's freedom to be stopped. Get immediate help for the family members that cause problems. There are solutions if only you try, but you must."

"My dear children, the souls in purgatory are very important, My dear innocents. Many are all but abandoned. Say Rosaries and have Masses said, My dearest children, for once these dear souls are released they will help you endlessly. I am our Lady of Purgatory; pray for the poor souls, for they do all to lessen your burdens."

"I desire my children to attend daily Mass and to receive Holy Communion, only on the tongue and from a priest, and kneeling whenever possible. But remember, My dearest children, you must be in the state of grace before you go to Holy Communion, for many are blaspheming

My Divine Son with their sacrileges. Pray, My Holy Rosary daily - and do all the meditations. Spend time every day reading the Book of Life, for it is necessary. Mental prayer should be in your prayer life every day; you will not only receive extra graces but mental peace."

"Good bye for now, Franz, Wanderer of the Holy Rosary, for you will return many times again to this holy shrine. Send my Love to all my children, Seers, Voice Boxes, victim souls, disciples and apostles. Follow all that you are now being given. I am Our Lady of Hope."

Friday, Aug. 21 - Shrine of Our Lady of the Rosary of Manaoag, Manaoag, Pangasinan, Philippines.

"My dear children, pray for the victims of the terrorisms, for they are martyrs of today. This is now becoming more desperate for My innocent children. Prayer, not war will help. Good bye for now.

**September 8, 1998, Feast of the Birth of Our Lady
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary**

Early this morning our Blessed Mother all dressed in white, wearing a large gold crown, came in glory and blessed everyone. She said:

"My dearest children, I am the Mother of God, yet, to many I am just the Mother of Jesus; this is a great contradiction to the divinity of my Divine Son. Remember your faith, My dearest children, for it is your faith that will

save you in the long run."

"Many false prophets have arisen lately that have all but denied the dogmas of the Church. Unless you are prepared to respect and accept all the dogmas of the Church you are not truly Roman Catholic. This is not a choice, My dearest children, but a demand. Either you correct these errors or you do not, under pain of mortal sin, consider yourselves

true followers of the Holy Roman Catholic Church. Stop now and do not follow those theologians that have gone against, not only the Holy Father, but the truths that are necessary to consider themselves Catholic. Time is not that abundant that you can pick and choose; but it also is not a time to panic."

"My dearest children of the light, read all that is given to you, but discern. It is not time for one Seer to go against another; too many are wasting their precious time for purposes that disturb the hearts of My children rather than uplift them. It is needed, My children, for these innocents to re-evaluate their missions, for they cannot serve My Divine Son while they are justifying criticism of others, who we also give messages to."

"Our dear Holy Father recently has written and given approval to many apostolic letters for all his children, yet many of the clergy do nothing but deny or avoid their existence. This is truly sad, for it is important for these writings not only to be distributed, but to be promoted from all the pulpits of the world. They are the teachings of the Holy Father that are directed by the Holy Ghost, and are to not only be believed but obeyed. Woe to these prelates, especially in your country and in the Land of the Lion, that deny this; they are on the borderline of heresy; yet you cannot say anything, for they publicly humiliate you and cause endless legal problems. But, My children, they will have to answer to the Eternal Father for all these transgressions."

"My dearest children, do all that you can to promote THE REAL PRESENCE OF MY DIVINE SON IN THE HOLY EUCHARIST; EVEN THOUGH MANY ARE NOW DOUBTING THIS, it is a dogma and cannot be questioned."

"The problems of the world will not be solved with war but with prayer. All the nations of the world must go together to solve both the economic and cultural problems that all are facing, for nuclear war is a disaster that will affect all My dear children, not a few. It is not correct to experiment with all these various tests, for they are from Heaven. All peace comes through prayer and the Sacred Heart of my Jesus, My Divine Son, the Saviour of the world. True peace among religions will occur when there is respect for each other, not division. Prayer is the key to Heaven, not a deterrent. Remember that I am always with you, My dear children, to solve all your woes and your fears. I am the Queen of Peace."

"My dearest children, I have spoken to many of My dear children about the validity of Masses today; what more can be said? It is not valid when lay people recite the words of the consecration as co-priests. This was already

explained many times by the Holy Father, yet many do not choose to understand and to obey. It is also not valid when a woman does the consecration; this has never ever been allowed nor will it. This is no longer to be discussed. The Holy Father has ruled at the requests of Heaven. When are my children going to listen and stop questioning everything that they do not agree with? Once ruled upon, it is to be obeyed. Period."

"I desire My children to attend Mass daily and to receive My Divine Son only on the tongue; and only from a priest. I have said these words for many years but they fall on deaf ears. When will you follow them, before it is too late?"

"My dear children, dates are unimportant, for your holy soul is more important. Chastisements are already here, yet people want specific dates for events. It is not the plan of the Eternal Father to give dates now; be prepared now and do not worry about what is in the future. Only prayers can mitigate the chastisements and more time has been given. DO NOT SPECULATE."

"My dear children of the light, you should not be worried about later times, but now. Are you prepared both spiritually and physically for these end times? Why are so many angry because the world has not been partially destroyed now? Are you more concerned with destruction rather than saving souls? Think before the times are too late. How many chances are going to be given to you by the Eternal Father? My Immaculate Heart begs the Eternal Father. My Immaculate Heart begs the Eternal Father for more time and it has been granted; how long is not important. It is more important what you are going to do with the time that you are given."

"The moral attitudes of many government officials are just deplorable; and must not be tolerated. Pray that these poor innocents not only make reparation, but end these transgressions; for they must be pure and trust worthy. Do not be fooled by all the apologies that are given; be more concerned with what they mean and will do in the future to correct these transgressions."

"Good bye for now, Franz, Glory of the Holy Trinity, and Wanderer of the Rosary. Send our love to all our children, Seers, Voice Boxes, Locutionists, Visionaries and Apostles. Remember, all My children, what you are given and follow these directives."

"I am the Mother of the Eucharistic Heart of Jesus, the Mother of all children. I am the Mother of the Holy Rosary. Good bye, pray My Holy Rosary daily and spend time before the Blessed Sacrament. Good bye for now for we have much to say in the next several years. I am the Mother of Love."

September, 1998, Feast of St. Jerome
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary

Early this morning in the chapel I came upon a most beautiful sight, our Blessed Mother all dressed in white, wearing a large gold crown and carrying her Rosary. She said:

"My children, My sweet children of the light, this is a very serious time for many of My dear children; for confusion is even greater than ever. It is a time when you must learn all the aspects of your faith and all the truths once taught. Far too many children have taken for granted all that they have learned. Learn your catechism, My dearest children, for it is important. The times are really confusing even within parishes; where priests are telling one group one thing and another group another, so as to keep peace. This is not peace, My children; it is confusion and is so very wrong."

"My children, during the next few months many of the children of the world are going to be asked by their Bishops to start an instructional series; it is called under many names: Jubilee 2000, or Renew 2000; whatever name they call it, just stay away from it. You are not My dear children to take part of this program. It is really the beginning of a great deal of tests of faith and understanding on the part of My dearest children; none of you are forced to participate in these various programs so stay away from them. It is not Heaven's desire for you to participate."

"Within the next two years the Holy Father, John Paul II, will beatify and canonize many new saints; he will do this in much opposition to the Cardinals and Bishops who feel there is enough. It is really strange because the miracles come from Heaven not from the prelates. These are now models that should be really prayed to and respected and guides to your life. Why do all My clergy complain so much with the way the Holy Father does things? Because he does what the Holy Ghost asks. The Cardinals and many of the Bishops would very much like to change the papacy a great deal; it will not happen during the reign of the present Holy Father. It is not the wish of Heaven for any change. Why is change always necessary? Are the traditions really that different now than what they were when they were inaugurated? No, they have not changed nor will they! Traditions are traditions! They are to be obeyed when they are dogmas."

"Pray for the children of the Mid-East, for all the dialogue will not change anything when both sides are only using lip service. The Land of the Hebrews does not want total peace or giving up land; and no negotiations will change much. A little piece of land given every few years does not mean that peace will be achieved. The Land of the Palestinians is not settled, and will not be for some time."

Pray for the innocents that suffer because of this lack of truth that is pertinent everywhere. Prayer is the only answer to this most important question. Pray for the children of Rwanda, I come to many children in this dear country; but very few listen; pray for their safety. During these times many do not follow their hearts and live morally; the Aids rate is increasing a great deal; these children must learn to have a great deal of protection, and education. My dear children are manipulated a great deal because most of the foreign aid does not go to the people but to the ruling factions. Prayers are needed a great deal."

"Pray, My dear children, for the good and faithful priests that are being persecuted because of their beliefs. It is necessary for you to be very supportive of their traditions; help them during these various periods of trials. My Divine Son is deeply grieved that good priests are persecuted and those that have betrayed Him are now not only popular but are being given a great deal of support. Pray for my beloved daughters that are not following their vows and changing the very foundations of their religious orders. They break my Immaculate Heart. Go back to your habits, My dearest children, and to your rules."

"My dear children it is Heaven's desire that you attend Mass daily and to receive my Divine Son in Holy Communion only from a priest and on the tongue; this is our desire and we will send many blessings to all that follow the requests of Heaven. I also desire that My children spend time before the Blessed Sacrament as often as possible, daily if it is possible. I desire My children to read to Book of Life every day and put it into practice. It is something that can be used as a teaching tool for your children."

"My dearest children, I send my love to all My children, Seers, Locutionists, Prophets, Apostles and Disciples. Whoever follows the Sacred Heart of my Divine Son brings greater glory to Him. The Eternal Father sends many messages through many children; obey and reflect upon these."

"Good bye for now, Franz, Glory of the Trinity, go safely and proclaim all that you have been given. I am the Mother of the Holy Rosary, the Mother of Sorrows"

Eternal Father, September, 1998

"My dearest children, obedience is very important, My dear souls, for it and truth must be the basis of everyday life. Why are so many of My children only interested in causing trouble, and not interested in doing what is both truthful and obedient? My wrath is swift but My mercy is endless."

**November 16, 1998, Shrine of Our Lady of the Cape
Cap de la Madeleine, Quebec, Canada
Message from the Blessed Virgin Mary**

Early this morning I came upon a most beautiful sight, our Blessed Mother all dressed in blue and gold wearing a large gold crown. She said:

"My children, I again welcome you home to your shrine; it is here that I have come often to give you a message for the world. These times are becoming more volatile day by day; but most of the world does nothing but ignore the threats. When are they going to realize that threats are real and the reality of war is on the horizon if more prayers are not offered?"

"The tyrant (Saddam Hussein) is playing a great deal of games with the world leaders, for he really does not think that they are serious. This is a grave mistake that will cause the lives of many innocents. It is not the leaders who will lose, but the innocents who are caught in the crossfire. Too many innocents are at stake for just random killing. All this is in the greater plan, but it

takes time for all to understand. The peace initiative now is again stalled, but the real reason is that, as before, it was never taken seriously by the ones that were really involved."

"The land of the Hebrews view peace much differently than those in the Arab world, and since they do not want to give any of the land in question away they will find many excuses. It is not at all pleasing to Heaven that some of Our children are being used by those that really have nothing but war on their minds, and that nothing will change this. You cannot blame the innocents for it is not their fault; it is the ideologies of the rulers that are not

Heavenly, but greatly demonic. True peace will only arrive when it is in the plans of the Eternal Father, this is not the time."

"Too many children are interested in dates and catastrophes; they are here, but it is not time yet. The Maitreya is spreading his venom all over, but the extent of his works is not allowed now. Can you not understand this? I have said it before, but it falls on deaf ears. The agents of the evil one are everywhere, but the time for their exposure is not now. It will come soon enough. Why are there so many doom and gloomers? Why does their every thought have to concern the disasters? These are the first that will be blaming My Divine Son when the tribulations are on the horizon. Pray more and speculate less. This is very important for a truly blessed life. No one can live always in the negative thinking. This is counter-productive and extremely destructive to all around."

"It is necessary for my children to really do all during

these times to have peace of mind. Without this you will not progress in any way, in any avenue of your lives."

"I desire my children to be prepared for the events that are to come, but not to be obsessed with them. Preparation is very important, but also must be done with a degree of intelligence. Many are not thinking. All must first have a spiritual life; that is the most important thing in their lives. Then all things will fall into place. The times will later be announced by the precursors that have been chosen by the Eternal Father for this purpose. They are known to the world; so you must all listen, then act. Too many are conscious only of the physical manifestations that are to take place. Be more attuned to the spiritual changes that will take place; for these are the more important in life than anything else. Why does it always take a catastrophe for many of My children to understand the meaning of prayer and the meaning of dedicated prayer life? When the time is shorter it seems that more are interested in changing their lives; well, do not procrastinate."

"I desire that My children go to daily Mass and receive My Divine Son only on the tongue, and only from a Priest, and kneeling when possible. I also desire that more respect is given to My Divine Son in the Blessed Sacrament, for this is a privilege that you are given, for not everyone has the opportunity to do this; make reparation for all the blasphemies that are taking place. Spend time in quiet prayer before a Saviour that is maligned and abused daily."

"The media, an entertainment industry is going overboard now, for the abuses are even greater than ever and will increase; you must not keep quiet. Let them know that all these Catholic bashings will not be tolerated. Write letters and tell them of your displeasure and that enough is enough; also, these fashion houses, that are using religious themes for their clothes that are sacrilegious. Time is short; but many are not listening. You will find that the more that you allow, the more that will be taken. Time is to start now with the prayerful protests."

"The innocents of the dark continent already plagued with many problems will find again that they are the center of attention. Very soon a great mineral deposit will be located and there will be many problems, but the Eternal Father will see that these children are protected. The children of the Land of the Lily are going to suffer even greater if they do not listen to the words of their Bishops and Cardinals, for those that are dedicated to the Holy Father all have the interests of their children in their hearts."

"Pray for the Holy Father, John Paul II, for he will need

all the strength that he has for the upcoming travels and events. He has many plans for the Millennium. This will be a time of great joy and prayerfulness. It is a religious event, not a social event. This is misunderstood by many. Read all the encyclicals of the Holy Father, especially those that are being given now. They are to be used as teaching tools for the faithful; they are for all. Woe to the prelates that just ignore them. Remember, My beloved sons, that you are Bishops and are responsible for teaching

the children of the world all that comes from the Holy Father."

"Goodbye for now, Franz, Wanderer of the Holy Rosary, send our love to all Our children. Send our love to the Seers, Visionaries, Voice Boxes, Apostles and Disciples. Go in peace, My children, and have a strong and dedicated prayer life. Say My Holy Rosary daily and spend time in meditation. Through prayer all is given."

**December 5, 1998, St. Charbel Prayer House
Vancouver, B.C., Canada
Message from Our Lord Jesus Christ**

Early this evening during the prayer hour Our Divine Saviour, Jesus Christ came, all dressed in white, with a large burgundy robe, He said:

"My dear children, I am very happy to be here again in Vancouver, where I come for First Saturday, to bring you wisdom and words of guidance. This coming year is going to become a very difficult year, when many of you are going to be asked to say prayers and have extra Masses offered, and to really look a great deal upon your spiritual life. My dear children, to remember, I am Jesus Christ, the second member of the Holy Trinity, with the Eternal Father and the Holy Ghost. We bless you and We give all to give you guidance; it is necessary, for many do not desire to come to my Scared Heart.

Why, My children, do you not desire to understand the meaning of the messages that I have sent throughout the world these many years, and that My Holy Mother, the Virgin Mary, has spoken to many of My children? Yet the words fall upon deaf ears; (in) the year 1999 many changes will happen, many anticipate things that will not occur; and many do not realize many that will happen. For during this next year, My Holy Mother will guide you through many of My Seers. I desire you, My son, to keep close to Sunflower, our daughter, The Precursor of the Warning, and our Little Pebble of Love."

"For, My dear children, for you will be working together a great deal for telling the world what must be done during these difficult times. Rest assured, My children, that I come to many, and to many I do not come. Do not judge; besides, that disturbs you a great deal; do not be afraid, for the times are very volatile; they will come even more so. The governments that are anti-religious cannot understand the meanings of the changes that are occurring. My dear

children, do not count the years on your fingers, but the merits that you can accomplish by all the suffering that you will receive during these times. My dear children, I am the Sacred Heart; I am your Saviour. I come to bring you love, but I also come to bring you admonishments, for some of the things that you are doing. When I ask you to go to Mass I ask you to go with a fervent love, and to receive Me, your Saviour on the tongue, and only from a priest. Do I ask too much, am I not your God, your Saviour, your Lord?"

"My children, during the next few years, much infiltration in the Church, infiltrations during your own lives, and among the Priests and the Bishops, for the Modernists want to change my Church a great deal; they will only be allowed to do so much."

"My dear children, the Church without a cross is not a Church, but a mere building, and that is what they are building all over the world; most of them are in my name and that of My Holy Mother. My dear children, the reason you go to Church is to come to Me, not to be seen, not to make yourself noticed. Come to my Sacred Heart, My children, and I will give you all, for I am the Way and the Truth and the Life. I will give you all."

"If any of you suffer physical ailments, offer them to the Eternal Father and He will give you many blessings. He is the one that will cure those that have asked, for My dear children there are many cures that are interior rather than exterior. For My children, many Hearts must be cleansed before they can be healed. The day for the Second Coming is not known and will not be known, until it is said by the Eternal Father. My dear children, I love you. Goodbye. I love you in the name of the Eternal Father, My name, Jesus Christ, Son of the Living God, and the Holy Ghost. Goodbye."

December 8, 1998, Feast of the Immaculate Conception

St. Charbel Prayer House

Message from the Blessed Virgin Mary

Early this evening our Holy Mother came, all dressed in white, with a blue mantle and a cape, and a gold crown. She said:

"My little children, I am the Immaculate Conception, the Queen of Heaven and Earth, and the Head Maiden of Our Lord. I come to you, My dear children, not to always chastise, but to warn and to show Our love and the Mercy of My Divine Son and the Eternal Father. What is going to happen within the next few years? My dear children, do not count time as you do on this earth, for this is not the way it is counted in Heaven. Through the plans of the Eternal Father much must be fulfilled before He will reveal any dates, My dear children; speculation causes a great deal of problems, and continuous problems, My dear children, for people are anxious; and anxiety takes away the inner peace; yet many do it. Today, My Holy Feast is all but ignored in many countries of the world, for they no longer have time for devotions to me, or the Eternal Father, but they do not understand the true meanings of the feasts of the Eternal Father, my Divine Son, and the Holy Ghost, the Paraclete. What was taught at the beginning by my Divine Son has not changed, nor have the Scriptures, but just the interpretation of My people that changed the understanding. My dear children, during these next few years there will be great deal of suffering, but there will be a great deal of need if you are in the state of grace and the acceptance of My Divine Son's Will."

"The reign of anti-Christ is upon us, My dear children, for it will start heavier; the tools of the anti-Christ are all over, and many governments of the world and many agents of the governments are involved. Do not be concerned who is the anti-Christ; be more concerned that you do not become involved with the agents, for they prowl the world trying to infiltrate My churches, My religious groups, My Rosary groups; be vigilant and they cannot hurt. They come in the

name of peace, but they spread error, confusion and the lack of inner peace. My dear children, nothing comes from the Eternal Father that causes inner peace to leave; pray for the children of the dark continent, for My children are having problems, and they will have even greater problems. The world does not listen to them, nor listen to their pleas; now many plots are afoot to take all the mineral rights away from these dear children."

"My dear children, the Eternal Father will only allow this to go so far. In His infinite Mercy, He will end this turmoil, My dear children; pray for the children of the

Eagle, the United States, and the children of the Maple Leaf, Canada, for much interior turmoil will continue, much strife, and many problems with the government. But My children, this is not something that is new, but will escalate, for many of the countries of the world ignore and do not listen to my Divine Son. They only listen to the few whose only agenda is to fill their coffers with riches with the problems of the other children. But, My children, this is a beautiful world, created by the Eternal Father; but many of My children do not understand the true meaning of creation. Read the book of Life, the Bible, and ponder many of the thoughts that you are being given."

"I desire that you, My children, attend Mass daily and to receive My Divine Son and on the tongue and only from a Priest. I desire this for your God, for too many are disrespecting their Saviour because that they really do not believe in the real presence of my Divine Son in the Blessed Sacrament. My dear children, it is necessary for you to go to Confession, to cleanse your souls of the sins that are troubling you. For many will find this difficult, for many will find a difficult time, but do not worry; just go to another place where the Priests are more dedicated. My dear children, I desire you to say My Holy Rosary and to meditate upon the mysteries of My Holy Rosary. For many of My dear children just say the words; for this causes you to lose many graces. Also, it is necessary to meditate quietly; whether it is in Church or at home in a quiet place; this is necessary for each day where you can be close to my Divine Son."

"I am Our Lady of the Blessed Sacrament; I am the Spouse of the Holy Ghost; and the Mother of God, Jesus Christ. This was all that was given to me by the Eternal Father, and this is all that I desire; for My humility this is more than enough. I am grateful, for in the world pride is a great thing, and many want more and more. The Will of the Eternal Father is enough."

"Go to my Divine Son and ask for all that you need. There are going to be many miracles in the world, besides many sufferings, but all be given to you. During the next few years the world economy is going to change like it has never happened before. But do not panic, My children."

"Good bye for now, Franz, Wanderer of the Rosary, Glory of the Trinity, send our love to all the Voice Boxes, Visionaries and Apostles and privileged souls. Pray for the Holy Father, John Paul II, for he is a truly beloved son.

I am the Immaculate Conception. Good bye."

December 25, 1998, Christmas Day
Chapel, Buffalo, New York
Message from Our Lord Jesus Christ

Early this morning while in the chapel, I came upon a most beautiful sight, our Blessed Lord Jesus Christ; dressed as a little king sitting on his Holy Mother's knee. He said:

"The world today, already on the brink of disaster, is heading even closer, for the world powers do not listen to the words of My Eternal Father nor those of My Holy Mother or Mine. They listen to the ranting of a few that have power only because it suits the evil one. Today is the feast of My birth; however, it is so commercialized that many do not know the true meanings of the day. There is nothing wrong in exchanging gifts, but this is not the purpose of the Holy Day. Depend upon my Sacred Heart and you will be given all; this is the reason for feasts; to bring you closer to your Saviour. Why do so many of My children twist this and have agendas of their own in their minds? they understand very little of the spiritual aspects of lives; they must sit down and truly see the true meanings of their faith."

"Do you think, My children, that the tyrant is going to let all this destruction of his country go by without doing anything? No, he is planning a great deal of retaliation for these abominations, according to him. He has no plans for peace unless they are on his terms and this is something that cannot and will not be - for he is an agent of the evil one, with much on his agenda that suits the plans of the evil one. Peace is nothing that will be accomplished unless all sit down and talk and dialogue over the betterment of all people. The interior conflicts in the land of the Hebrews will continue unless the influence of the Zionist is stopped. They do not have the best interests of the Jewish people or the Jewish state. Everyone in the Mid-East has a right to land; the Palestinians are being treated unfairly. But the world does not see this; they see domination of the strong over the weak and the oppression of many under a leadership that is not built on the tenants of any religion. Where God is absent, the world does not find peace."

"Pray for the Holy Father, John Paul II, for although he looks very fragile and frail his mind is stronger than ever. And his plans for the church are very important, for in this new Millennium much will have to be accomplished to make up for all that was done that was wrong, that was done in the name of religion. The Church will change a little but not as much as the modernists will insist. The Holy Father is following the dictates of the Holy Ghost, so he is well guided. Pray for the prelates that have already given themselves to

the evil one, for they will cause havoc among the innocent. But this will only go so far and then it will stop. Pray for the dedicated priests that suffer because too few are interested in following the traditions; and the modernist priests have many followers. They will pay dearly for all these transgressions. Pray for the beloved daughters that have turned their lives into something that we do not approve of at all. They should be My handmaidens, for there is no female priesthood in the Roman Catholic Church. This is to be understood and obeyed. You have an important part in the Church, so do it!"

"Pray for the children of the Eagle; for their government is under a great shadow; it will take time to solve, but it will be solved. All must be fair and it seems in this world of today no one wants to trust each other. Do not believe all that you read or hear, but listen to the truth that is contained in many hidden manners. Pray for the innocents that will suffer because of the lies of a few. Lying gives chance to more lies and then no one knows the truth at all. Pray for the children of the dark continent, for they are being used by many of the industrial nations as pawns; they strip them of their resources and then they abandon them. I will not abandon them at all."

"My children, I desire you to attend Mass daily and to receive Me in the Holy Eucharist on the tongue and only from a Priest. I desire you to meditate before me in the Blessed Sacrament daily or as often as possible. Do not use excuses for a lack of prayer life. Do I ever use excuses when you ask for a healing or for graces? Now, My children, I must address a very serious problem; many of My children are going to faith healers, tarot card readers for the solution to their problems and they are spending fortunes on it. This is wrong; for a true healer is one that says he does not heal himself, but that his is done by me. There are many charlatans out there. Come to my Sacred Heart and I will give you all that you need, if it is the Will of the Eternal Father. Some are asked to suffer as 'victim souls' and these beloved children are special to my Sacred Heart."

"Good bye for now, Franz, Glory of the Trinity, Consoler of my Sacred Heart. I send my blessings to all my children, especially the Seers, Voice Boxes, Apostles and Disciples. Follow the instructions carefully that you are given. Say my Holy Mother's Rosary daily and read the Book of Life daily. Go in peace. I am the Prince of Peace and the King of all Hearts. Through prayers all will be given."

January 1, 1999, New Year's Day
Feast of Mary, Mother of God
Message from Our Lord Jesus Christ

Early this morning I came upon a most beautiful sight in the chapel: Our Blessed Lord, Jesus Christ, dressed as a little King. He looked very regal, but sad. He said:

"Today, My dear children is start of a very crucial year and a very controversial year. The wars that have already escalated last year will continue, some at an even greater magnitude. It is really not the time for procrastinating. Change your lives now, My dear children, and get ready for the times before the Millennium."

"The Land of the Hebrews that has promised peace is really having more interior problems than ever, and it is not safe for the many travelers during this time. Many countries have taken precautions to help their dear children become safer. The interior struggles will not end with new elections later this year; the struggles will only escalate when the Zionists leave; then the true fate of the Hebrew children will be. It is the Zionists that are causing three quarters of the international problems in the world with their influences. Pray for the Land of the Hebrews, for it is the homeland of many nationalities. It was where I was born. Many of the other nationalities are struggling, for the Arabs have interior problems also. Without brothers loving brothers no lasting peace will exist. Peace does not come from just dialog; it comes from truth, and truth is something that has been evaded from many years between these two factions."

"The problems in the land of the Tyrant are far from over; he is not a sleeping bear; he is an aggressive tyrant that will not stop at anything to get his way. He has plans that would even astound the merciless and the diabolical. He is truly an agent of the anti-Christ. What must be told to you to make you agree and believe this? It is the poor people of Iraq that are suffering, not him. He has so much power and money many do not know where he lives from day to day. This is the plan to fool all, but it will not for long. He will be caught in errors and then he will suffer, but not before causing many various problems."

"Do you not see the many illnesses that have recently been cropping up all over? Many are 'air borne' caused by infections from others; they seem to be just colds and flu, but they have deeper consequences. All will be explained later this year, for this is the year of explanations. Do not always rely upon your thoughts; dig deep, read the religious newspapers and the other periodicals; not all the media is infiltrated. You can see where the truth comes

out. Be prepared for more illness that cannot be explained, for the winter will be long and hard for many, as it is already. Be prepared, spiritually and emotionally and physically. Have medicines ready for all types of emergencies."

"In the European community the 'euro dollar' on a limited basis is going to be introduced shortly. It will not have a full effect for a few years; but the effects will be felt all over; for the confusion will not end right away, it will take time. Do not be concerned about your money in the banks yet; later this year you will be given full details by My Son, in these messages. You must be prudent. All that is now written about the financial problems of the year 2000 is true; you will see later. Be wise, pay off many debts, but have cash on hand. Later all will be explained in detail. **DO NOT PANIC UNDER ANY CIRCUMSTANCES, PLEASE!"**

"Pray for the Holy Father, John Paul II, for he is not really in good health; he must rest more, for he has much to do this year. Do not speculate about his demise, this, as with everyone, is in the hands of the Eternal Father. He is truly a beloved son, and has much planned for the Jubilee. Many of our Blessed and Venerables will be elevated; some may really surprise a great deal of people, for more lay people will be elevated to the sainthood, for the miracles are coming a great deal faster than many realize. Pray for the good and dedicated priests and nuns that suffer at the hands of the modernists. Read all the encyclicals, papal letters and apostolic letters many times, for they contain information that the media does not know. They are not infiltrated. They are written by the Holy Father with the advice of the Holy Ghost and they are really blessed."

"Good bye for now, Franz, Wanderer of the Rosary. Send

our love to all our Seers, Voice Boxes, Apostles, privileged souls. Follow all the instructions My dear children that you are given by Me and My Holy Mother, and through your mentors and spiritual directors. Pray the daily Rosary and attend daily Mass, and receive Me in Holy Communion only on the tongue and from a Priest. Keep me company before the Blessed Sacrament and I will keep you company during the many trials in your life. I am the Saviour of the World, the Prince of Peace."

"Good bye, I love all of you."

**May 10, 1999, Sanctuaire National De Notre Dame Du Cap
Cap de La-Madeleine, Quebec, Canada
Message from the Blessed Virgin Mary**

Early this morning, while in prayer before the Miraculous Statue of Our Lady of the Cape, our Lady all dressed in blue, wearing a large gold crown, and a heart. She said:

"I welcome you to My Holy Shrine again, My dearest children. This is a very important message for My children of the world. The beginning of the Tribulations have started. They will go very slowly but will cause such HAVOC IN THE NEAR FUTURE; do not speculate, concerning dates, all will be according to the Will of the Eternal Father."

"The Chrysanthemum (China) is deeply angry at the aggression of the NATO countries; this will slowly lead to other problems with all the nations. Kosovo is only the start. IT IS NOT WORLD WAR III, or the WARNING, but a prelude. Do not make any unnecessary stress for your family, for much time is left before the justice of the Eternal Father is metered out. Many of the dear children need this time to get their life straightened out - prayers, masses, adoration, penances, must be done now. Time will go on! But you must do all to protect your loved ones. The blasphemes against My Divine Son are especially rampant during these times. You will see many of the manifestations in the sky soon. They are a sign that the time for turmoil's has started on a very serious tone. But do not become despondent, for I am always with you to help and guide

and bless each one of you."

"Why does it take so long for my children to realize what is happening is the fulfillment of the prophecies?"

"The Holy Father, John Paul II, is suffering because he sometimes feels abandoned by the Curia and the Laity. He is doing all for unity with the Orthodox churches. This is a very delicate problem, for almost a thousand years have passed for some, with a break that many do not want to repair. It is the Will of Eternal Father that they all be under one Holy Father, but much more work is needed. Pray for this important issue, and make a novena of reparation for those that do not listen to the Sacred Heart of My Divine Son concerning this issue. Pray for the Curia, for they are really upset at the many encyclicals and apostolic letters that are coming from the Holy Father, for any more are reading them. They are truly beloved to my Immaculate Heart. They should be read and acted upon."

"LIVE YOUR LIVES EACH DAY IN OBEDIENCE TO THE SACRED HEART OF MY DIVINE SON."

"I am Our Lady of the Cape, Queen of the Holy Rosary. I desire all My dear children to attend Mass daily, and to receive my Divine Son on the tongue only, and only from a priest and kneeling, whenever possible."

"Pray My Holy Rosary daily and many novenas. Goodbye for now, you will receive more later."

**May 13, 1999, Shrine of Our Lady of the Cape
Cap De La Madeleine, Quebec, Canada
Message from the Blessed Virgin Mary**

Early this morning in the petite shrine, Our Lady came all dressed in white, with Her Rosary and a beautiful gold crown. She said:

"My dearest children, today is special to Me, for all My dear children are here, bringing glory to my Divine Son. The times are becoming very volatile and very disturbing to many, for they do not wish to understand the problems; they are only interested in the material aspects of the future. This is wrong, for without a sound religious and emotional basis many of My dear children will not survive. It is very important to have a spiritual life before you delve into other aspects of your life."

"The financial problems will be great; but they can be overcome. Many are panicking because of all the media hype that is now being spread all over the newspapers and the television. Yes, there will be some problems with the

beginning of the new century, but not as severe as reported. You can be prepared; and we will let you know all very soon, but this should not be the first priority."

"A spiritual life that is based on true, strong and faithful tenants is what is needed. It must be based on the truths of the ONE, HOLY, CATHOLIC AND APOSTOLIC CHURCH; the dogmas, beliefs that are promulgated by the Holy Father. It must be strong and not wavering. You must have a time put aside every day for mental prayer and meditation, for many do not progress spiritually if they only use vocal prayers."

"Pray for the children, the innocents that are being destroyed by a few mentally disturbed children, and fostered by hatred in all these school tragedies. They follow ideologies that are Satanic and cause endless

problems. It is your responsibility, parents, to see every aspect of your children's lives and moderate their behavior. You must see where they go, who they are with, and what they are planning to do. You must not allow them a free hand; stop your busy lives and give them the time they deserve; after all, you cannot expect them to learn from the schools they attend, or their friends, what you should and must teach them at home. You must make time to realize what they are doing and what they must do. All this endless violence must stop before more innocent lives are lost."

"Too many of My dear children are interested in only the WARNING, and are not prepared for everyday life that is very necessary. Time is short, but not that short that you cannot reevaluate your thinking to the correct way. The Warning is important, but must not be an escape mechanism for debt reduction or materialistic changes. It is a spiritual change that is important."

"Pray for the children of the Land of the Hebrews, for they have much that will change in the near future. They must learn to live with all in their lands. The Zionists' influence must end soon before many more lives are lost because of it. Peace is very necessary, and many are making an effort,

but few are really interested in lasting peace. War means financial gain for many, but this is not correct. It is the destruction of many of My children, and this is wrong. 'Ethnic cleansing' is no different than the gas chambers of the concentration camps, but many of Our dear children do not understand this. But they will. Once this comes closer to them in their ever day lives the more important it will become."

"I desire my children, to read the messages that I give to My dear seers, Voice Boxes, Visionaries and privileged souls; but you must pray for discernment, for many are not, and the messages that they read do not come from Heaven. It is also very important that you do not put one Seer against another, for all true messages are in harmony with each other. There are many who are not from Heaven but you can see them when no fruit is given."

"Good bye for now, Franz, Wanderer of the Holy Rosary, Glory of the Trinity and Consoler of the Sacred Heart of My Divine Son. You have much to do; and We will guide you. We send Our love to all Our dear children, especially those that are suffering from depression and anxiety caused by the problems of the world. I am Our Lady of the Sacred Heart, Mother of God, pray much!"

May, 1999, Feast of St. Germanua, Bishop of Paris
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary

Early this morning in the chapel, our Blessed Mother all dressed in white, wearing a large gold crown, and carrying her rosary and her scapulae She said:

"My dearest children, the times are growing even worse day by day with many conflicts all over the world. Without a great deal of prayer and sacrifices, these will lead to great conflicts. The peace movements and the dialogues are not working out, for people simply do not want peace. War means a great deal of prosperity for those that are interested only in war; the poor suffer because of this devastation. Every day, My children suffer at the hands of these tyrants and warmongers, yet so many do not listen to the Sacred Heart of My Divine Son."

"My dear children, the new government of the Hebrews will help, but unless the Zionist movement is curtailed many changes will be unable to be fulfilled. Pray for the leaders, for they must see that these individuals are not allowed to take key positions in the government. Pray for the children of Kosovo, for their plight is far from over. The "Ethnic Cleansing" is far from over, but so few understand this. They see only what they want to see. Peace can only be accomplished by prayer. Pray for the children of the dark continent, for they are slowly being used by the tyranny of their leaders. The tyrant of Libya is an example of an egomaniac that only has his own

benefits in mind. He could care less about the welfare of his people, only his continual wealth and power. Through prayer he can be removed. Far too many of the minerals of these countries are being exploited and the poor are becoming poorer."

"An even greater problem is becoming evident in your country and European countries, that is drugs! The dreadful drug 'heroin' is becoming heavier and more deadly. You see it in the media every day where My innocents are being killed by this use. Protect my innocent parents and young adults, for these poor children many times cannot help themselves. They need to be helped in any way necessary. Many need to be hospitalized for a period to become adjusted to life again. I wrap My Mantle around these poor children and will help them. Have many Masses for them, and pray daily for them. This is a grave problem that will not go away with wishful thinking, it must end with therapy. Do not fool yourselves. I speak of this because in the world today it is a way of 'escaping from reality', but it is deadly."

"Pray for the Holy Father, John Paul II, for soon he will have to overcome an even greater problem in the church. Many priests today that are being disciplined because of their 'heresies' are starting other independent churches that are causing a great deal of confusion and heresy among

the Curia. In some instances, rather than discipline a heretical priest they just look away; this is equally wrong. The Holy Father is doing much to help these individuals, but the Curia does nothing, for many of these heretics have counterparts in the Curia. Many will scoff at this, but it is a reality. When are you, My children, going to wake up and see the problems? When are you going to let your Bishops know when you discover heresies in the parishes? Do not go on a witch hunt; be sure when you make this remark. Pray for the misinformed Curia and Bishops. Also, a great deal of pedophilia and other problems among the clergy is being ignored. Get your heads out of the sand and end the abominations, prelates; they do not go away because they are avoided!!

"My dear children, the Warning is very important; but should not be used as an escape; it is to cleanse your thoughts and you will see your sins and correct them. The financial problems in many instances will be corrected in many instances, but not all. You will be advised by many of My dear children of what must be done to correct these,

and what you must do to protect yourselves. Do not always believe what the media says; but also discern, for they are not always wrong. They are doing all they can to protect their own interests. Do not panic! But also do not be foolish; long term investments must not be made. Nothing longer than a year for now, later you will be advised if any changes are to be made."

"I desire My children to attend Mass daily and to receive my Divine. Son daily in Holy Communion, but only on the tongue and from a Priest. I also desire time to be spent before the Blessed Sacrament; but remember, you must fulfill your duties before you take on any extra devotions. Pray My Rosary daily and novenas."

"Goodbye for now, Franz, Wanderer of the Holy Rosary, Guardian of the Truth, and Defender of the Faith. I send my love to all my Seers, Voice Boxes, Mystics and Prophets. IAM THE MOTHER OF ALL CHILDREN, OUR LADY OF THE EUCHARIST AND MEDIATRIX OF ALL GRACES."

**June 13, 1999, Bethlehem Community
Salisbury, New Brunswick, Canada – in the Chapel
Message from Our Lord Jesus Christ**

Our Divine Lord Savior appeared, dressed in all white, with a gold mantle around his shoulders. He said:

"My dear children of the light, I am the Son of the Living God and your Savior. Today, I come to you to tell you how much I love you and to ask reparation for all the sins and offenses that have been offered against My Eternal Father, and also My Sacred Heart and the Holy Ghost, the Paraclete. These are times of great indecision; many of My children do not understand the problems that are facing the world. You do not have many years left. The amount of time left does not matter; the importance is how well you use what you are given."

"My dear children of the light, I welcome each and every one of you to share in blessings that I offer you; but first, My dear children, you must give me your heart; and I will give you mine."

"This is for all children of the world, My dear children; for they suffer greatly at the hands of these transgressors who desire to rule the world; but rule the world through tyranny."

"My dear children of the light, pray for the children of the Land of the Chrysanthemum (China), for they will be causing great transgressions in the world; for they will not sit idly while the other superpowers are trying to end the conflicts in the world, for they desire more and more conflicts so that they can enter into them and cause more havoc."

"My children, there is hope, for your prayers mitigate, these interferences for a while. My dear children, pray for Our Holy Vicar, John Paul II. I say Our, for he is mine and yours, Our only Vicar on earth. For during his travels he does all for his children as he does at home in the Eternal City. My dear children, he travels the world to let his children know how much he loves them, and tries to understand the many problems that are facing the many countries of the world. But so few listen to his historic visits, visits to small countries, as My representation, My only representative on earth. Yet to many they do not heed the many Apostolic Letters and Encyclicals that he gives because they do not want to change. Woe to the prelates that do not listen to his counseling; woe to the prelates that have an agenda of their own, for they cannot serve two Masters, and many are trying to. The church, My dear children, as I have said, will survive until the end of time; for I am the Head of the Church that I founded almost two thousand years ago."

"My dear children, the church has changed radically, but it will even more. Those chosen souls will be part of the remnant church that will come and help them during these last decade of this century and the beginning of the next century."

"My dear children do not look on dates, as I repeatedly say, dates can change: look upon your souls, and how can you change them. Look upon your souls and see all that you have done, and have not done. My dear children, change all that you do not find pleasing; but do not be so

scrupulous that you change the things that must not be changed. You must pray, pray for discernment."

"My dear children of the Light, I bless each and every one of you, and all the children of the world that are suffering, especially the children of Kosovo, and Albania; for they are dear to my Sacred Heart. Pray, for there is no place in My world for 'ethnic cleansing.' My Holy Mother speaks of this frequently but the world does not seem to listen, for the swift hand of My Eternal Father will change much, My dear children, for those that do not listen to the words that

I have given You."

"The Voice Boxes, Seers, Locutionists, privileged souls, Apostles and Disciples, must listen. I speak to many; they are known by the fruits they bear. Until later, Franz, Consoler of my Sacred Heart, Glory of the Trinity; and My Holy Mother has much to say to you, and to send out to the world. Now, I will bless each and every one of you. I send My love to all children. I am pleased that My little son has traveled to this little community where I am loved. Good bye for now."

**June 15, 1999, Shrine of Our Lady of the Cape
Cap De La Madeleine, Quebec Canada
Message from the Blessed Virgin Mary**

Our Lady, dressed as Notre Dame. du Cap, came in blue, gold and crowned with her Immaculate Heart shining. She said:

"My dear children of the Light and the world, these times are really far worse than many of you realize, for they are volatile, and during these times of strife bring many advantages to a few privileged people; havoc to many. War is unfortunately a great deal to many people; but different to many. To My suffering children it is the destruction of their country and a necessity to relocate to strange places; to the industrialists it is a boom in sales and profits; and to the super powers it is a way to control many. These tyrants that cause these conflicts do so for power and control. They will suffer the most for their transgressions against the innocents. My Divine Son will allow, and the Eternal Father will allow just so much before the swift hand of their Justice will prevail. These must fulfill the scriptures."

"My dear children, the war mongers profit a great deal, but they do not realize or want to realize the results of their transgressions. They will have to pay a great deal for the murder of these innocents. This 'ethnic cleansing' has caused a great deal of havoc and heart ache and it is not over. All these peace incentives will not work if all the nations do not change their policies. It will again happen in other countries, and to an ever greater effect if it is not changed now. The wars of the past were devastating, but nothing compared to the future, if prayers are not offered and masses offered for the end of these turmoils. To many, wars are a way of life; but this is not the plan of Heaven."

"Pray for John Paul II, who has suffered a great deal during his trip to his homeland; but this is not just accidental. Many do not understand all that he does, and many do not like the criticism that he gives and would like to end it. This is not in the plans now, for his suffering will continue for a short time. He is blessed to My Immaculate Heart and the Sacred Heart of My Divine Son. His efforts to bring peace and tranquility to a great deal of

his children are outstanding; but the world does not want to listen; they dismiss him, but he will always be Our representative and do what is Heaven's

plan for Our dear children. The Curia does not want to listen; so an even greater conflict will occur within the church. The Holy Father does all that he can. The New Agers are everywhere and they cause problems beyond belief; for their thoughts are to destroy within, not from the outside. My Divine Son is God, but to these people, everyone is. This is really quite ridiculous, but they see nothing but their own glory and this leads to a break down in faith. So many do not have a great deal of faith left; but they must have faith in the Church of My Divine Son; for He will not abandon it at all. He will come and change all that is wrong and then peace will occur. These events are not yet to happen, so have patience My children. So many of My children want everything today, and cannot wait for tomorrow. But you will have to wait, and soon you will understand the reason for these procrastinations. Be very careful, My children, in your prayers and your desires. You must discern a great deal more than you have, for many just do not understand the world and its many problems; only through prayer will they see what must be done."

"Pray for the children of Kosovo, for their conflicts are not over; more is needed before this problem can end. I wrap My Mantle around these poor suffering children. Through prayer and sacrifices many eventually will be returned home and to a reasonable amount of peace. However, like all victims of war, they will never return to what they left; but we will bless and help them."

"It saddens me to see so many use 'religion' as a means of war; it's very wrong and will not be allowed to happen. These conflicts all over must be resolved, not broadened. Through prayer all will be granted. The Land of the Shamrock will have many interior problems if they continue to listen to outside influences. They must make a great deal of their own solutions. They have already sold

out to many; this must not continue. The Land of the Lion is heading for an even greater problem if they do not look within."

"Your own country, the Eagle, is suffering many places because of the devastation's of nature as they are called. We will bless these dear children, for they suffer much. Your government, like many others in the world, is only interested in itself. Prayer is all but lost, avoided and not allowed. This only causes conflict."

"My dear children of the Light, soon many of the super powers will realize that they are not super after all; they

are pawns in a very dangerous game. Lives should not be used as games; but this will continue until my children see the folly in their ways. Woe to these leaders that are interested only in their own gain. Prayer will heal all."

"Good bye for now, Franz, Wanderer of the Holy Rosary. I am always pleased when you come home to My dear Shrine. I send my love to all My children. Through prayer all will be accomplished."

I AM OUR LADY OF THE CAPE, QUEEN OF THE MOST HOLY ROSARY, MEDIATRIX OF ALL GRACES!!"

**June, 1999, Feast of St. William of Vercelli
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary**

Early this morning Our Blessed Mother came in white, wearing a large gold crown, carrying Her Rosary and the scapular. She looked very sad, but beautiful. She said:

"My dearest children, time has come for all My children to change all that is in their life that does not come from Heaven. Many have been putting this off for some time, but since time is relatively short one cannot really waste time. This is one of the most important things to do during these latter times ,and that is to reevaluate your lives and to change them accordingly. This is in all aspects of your life, not only spiritually but emotionally and physically. Many have felt that since the time is short that they do not need the medical attention that is necessary. Stop being foolish; get all the medical help that you need now! Do not wait until later. Many illnesses can be controlled. It is foolish to think that you can wait for the Reign of Peace and all will be cured. This is foolish; for you must earn your way to the Reign of Peace, you do not just obtain it because of illness."

"My dearest children, the world promises peace and this is something that many think is happening. This lull in the Kosovo conflict has not done anything but make many feel that it is over. This is not over; it will start up later, unless many prayers and many sacrifices are uttered. But remember this is not World War III, and do not think the Warning will happen next month or so. This date is known by the Eternal Father and will be revealed to another Seer at the appropriate time. If you are prepared you need not worry; if you are not, you must be very concerned."

"Far too many of My children have become complacent because of the length of time that has been given to them. This is sad, for those who really want the Warning are usually those that are least prepared to accept all the devastations that come after. The Sequence of Events will soon be given again to many Seers; wait before you say anything, and please stop all this speculation. To, many people are hurt because of the speculations of others that do not discern or even think rationally. Please, My dear children, please understand that all prophesy must be fulfilled. Through prayer all will learn the gift of discernment; but many do not pray or meditate enough."

"My dear children, I desire My children to attend Mass daily and receive My Divine Son on the tongue only from a Priest. Why is this so hard for many of My children to accept? Do they really believe in The True Presence of My Divine Son in the Blessed Sacrament? Apparently not. They follow the popular trends; this is sad and very wrong. Also, I desire my children to spend some time in the chapel before the Blessed Sacrament. But remember that you must do your duties before you attend to spiritual needs, for your duties are also prayers."

"Good bye for now, Franz, Wanderer of the Holy Rosary and Consoler at My Immaculate Heart. We send our love to all our seers, voice Boxes, Apostles, Disciples and privileged souls. Follow all that you are given, for you have much work to do."

"I am the Immaculate Conception, Mother of the Precious Blood."

**July 3, 1999, Saint Charbel Prayer House
Vancouver, British Columbia, Canada
Message from Our Lord Jesus Christ**

Our Divine Lord and Saviour, Jesus Christ, came during the prayers all dressed in white, with a golden mantle. He said:

"My dear little children of the world, I am Jesus Christ, Son of the Living God. I come here this evening to bring you a message of peace and understanding. The message of hope in the world of hopelessness is a way of life. Here the 'culture of death' and drugs is an everyday occurrence. My dear children, My dear children of the light, come to my Divine Heart and I will give you the solace you need in this world of misunderstanding and misinterpretation. My dear children, I am your Saviour, but to many I am just a man that lived almost two thousand years ago. But, My children, in My mercy I understand the pleas of My children. I understand the problems that My children are going through, and the problems that My children face each and every day."

"Be assured, My dear children, that I am always with you, that I am always helping you during these most difficult times."

"My dear children, pray for your Vicar on earth and Our Vicar on earth, John Paul II, for he will travel more in My name and in the name of My Holy Mother to bring an understanding and love to the world that it lacks. He will have many important trips this year and next year, for he has much to do during this time. Pray for the prelates that will not listen to him, the Cardinals, and prelates that do not follow the Holy Father but their own agenda. They will suffer greatly for the errors that they are leading My children into. My dear children, not everything that comes from Rome comes from the Holy Father. Many infiltrations have been because these prelates follow their conscience and their own agenda. But the encyclicals and apostolic letters from the Holy Father are from Us and inspire the Holy Father to write these. Read these and understand these, and meditate upon these."

"My dear children, I speak now to the young priests; who are struggling a great deal in this world, I send you My love and My understanding and blessings, for you are the future of the Church; but it does not matter how much time is left before the chastisements. It is more important for My children and especially My young priests to be ready every day so that they may help when My Church goes underground, the Remnant Church. Do not be scrupulous and do not remember dates, for dates change, My children. Prayer is the answer and with prayer much will change."

"My dear children, many have addressed the y2k problem, but they place much too much emphasis on it. Many will

suffer because of the problem; however, much has been already accomplished because of the prayers of My dear children and the Mercy of the Eternal Father. You must all be ready spiritually, My children, and then you can accept all that is going to be asked of you. Why do so many of My children not understand this and do not discern before they speak? It is important to see the real problems that many are going to face in the Millennium, not those that many are trying to give our children to confuse them even more."

"My dear children, pray for the children of Kosovo who are suffering a great deal still, for this 'ethnic cleansing' has not ended - it is just quietly being continued. Until the forces of evil in this part of the world are removed this 'ethnic cleansing' and the murders of the innocent will continue. My dear children, pray for the poor children of the dark continent, for they suffer a great deal at the hands of the aggressors; for soon many will be displaced from the present countries where they live for the rich minerals, gold and platinum that these barbarians are stealing from our children."

"My dear children, again I must tell you; talk about the virtues; why are my children so jealous of one another? They vie for each other for importance in the world; jealous that they cannot always obtain what others have; this is wrong, My dear children. My dear children, why is there so much false piety? In the world, My dear children, they pray; and try to look like they are holy; and yet they are doing it only for self-glory. My dear children, this is a grave sin, for only I, Jesus Christ, the Eternal Father and the Holy Ghost should know what you do. The world does not need to know this. And, My dear children, where is the virtue 'fear of the Lord' today in society? Children have not at all been taught fear of the Lord. It is not a fear that is frightful, but a fear that they must lead a life that is good and holy. Yet many of them are as proud as peacocks; and, My dear children, they will be cut down to size."

"My dear children, the 'culture of death' and drugs are upon many of My children because they do not listen to the words of My Holy Mother, and My words and those of the Eternal Father. Many do not wish to accept that We come to our children on earth by Seers to bring them help. Many live in a world that everything must be proved. My dear children, by 'faith' you will be free; faith in the world grows dimmer every day; the faith is important. In My mercy I will hear each and every one of you; just come to my Sacred Heart and the Immaculate Heart of my Mother, and the bosom of the Eternal Father."

"My dear little children, My dear little children, I desire My children to attend Mass daily and to receive Me on the

tongue, and only from a Priest and kneeling. I have asked this for many years, and I will continue to ask. I desire My children to say My Holy Mother's Rosary slowly and to meditate. I desire My children to spend time before Me in the Blessed Sacrament as often as you can; but remember, My dear children, it is necessary for all of you to do all your duties before you spend time before Me in the Blessed Sacrament, for you get many graces for doing your daily duties."

"My dear children, I send my blessings to many of My Seers and Voice Boxes, Locutionists, privileged, and

Apostles."

"Good bye my little son, Franz, Consoler of My Sacred Heart, Glory of the Trinity, Wanderer of the Holy Rosary; Consolation before the times before the Millennium."

"My dear little children each and every one has a special place in My Heart, in My Mind and every name is written in the book of salvation. My dear children, every day as you arise ask Me to be with you, for I do not go where I am not wanted. Good bye, My children. Remember, My dear children, I am Jesus Christ; a merciful God, but a just God. Good bye for now until later."

**July, 1999, Feast of St. Peter Chrysologus
Buffalo, New York Chapel
Message from the Blessed Virgin Mary**

Early this morning while in prayer in the chapel, Our Blessed Lady, all dressed in white, wearing a large gold crown and carrying Her Rosary. She said:

"My dear children of the light, many are anticipating a great deal of problems for the last part of this year, the last part of the century. There are many various problems that will arise, but My dear children, with prayer and sacrifice all will be accomplished with wisdom, not fright. It is sad that so many panic at the little things, but they just brush off the major problems."

"During the next few months it would be wise for My children not to travel a great deal. But this does not mean that you must stay home completely, but be very reasonable in your travels. This does not apply to our Seers who are our ambassadors of Our Lord, but to those that go on all these various travels for purely pleasure. The days of idle travel will be minimum, for many will have much to do to get ready. I am, My dear children of the light, talking about getting their souls ready, for many have not attempted this yet. What does it take, a major earthquake or a major catastrophe to get these individuals ready? Many feel that time is near for the great turmoils but that is not true. The chastisements will come a little now but many will have to wait for the fulfillment of the prophesies and the sequence of events."

"My dear children, the Holy Father is doing much for the Church, especially with the many apostolic letters and encyclicals and the synods. He feels that his children need as great deal of grace, which is really true and needed, for our dear children are in need of solid Catholic theology that is lacking in many of the churches today. So few priests follow the teachings of the Holy Father or the Magisterium, they are off doing their own thing. This is not only wrong but dangerous, for these teachings in many areas lack credibility and in the most part 'common sense'. The Holy Father recently stated that everyone must

believe in the REAL PRESENCE OF OUR LORD IN THE BLESSED SACRAMENT or face excommunication. This, My dear children, is something that has caused a great deal of pain to the Holy Father."

"He does all to show these false ideologies are causing greater turmoil than many realize. It is, My dear children, the pain of the Holy Father to bring a greater peace of mind to his children through his talks and pronouncements."

"Pray, My dear children, for the many religious that are suffering because of illnesses that cause them to do pedophile and other unnatural acts. This is a great concern for the many Bishops in the world; for they must face the issues and resolve them. Pray for these poor individuals that they find medical and physiological help before it is too late. Far too many lives are ruined because nothing was done to stop these errors from becoming even greater. There is no longer time for My dear children to ignore. Prayer will help all."

"My dear children of the light, I desire that you make more acts of reparation during these volatile times, through prayer and sacrifice all will be resolved. These times are going fast at times and other times seem to stand still; as I have said before, time is important but being ready is much more important. Many do not understand that the media hype are purely financial issues, Y2K and the many other problems. You should be more interested in the many spiritual and emotional problems that many of My children suffer from."

"My dear children of the Light, I send my love to all My Seers, Voice Boxes, Prophets, Apostles, especially to My Little Pebble of Love who is going through a difficult time, and to the Wanderer of the Holy Rosary who will have added duties after the first of the year. Much more will be asked of our Seers during these coming months

and especially next year. Help them out both spiritually and financially, for they do our work"

"Pray for the children of Kosovo, you have seen as I said the turmoils are not over yet. Pray for the children of the South, for many are now suffering because of the heat and other problems of disease and pestilence. We are wrapping our mantle around all Our children."

"I desire My children to attend Mass daily, to receive Holy

Communion; on the tongue, and only from a priest, to recite my Holy Rosary daily and to meditate before the Blessed Sacrament."

"Good bye for now, Franz, Wanderer of the Rosary, Consoler of My Immaculate Heart. I am Our Lady of the Rosary, Our Lady of the Cape, and Mother of all Children."

"I am, the Mother of God, Jesus Christ!"

August 15, 1999, Feast of the Assumption
28 Martyrs Shrine, Tokyo, Japan
Message from the Blessed Virgin Mary

Early this morning, Our Lady came all dressed in white, wearing a large gold crown and carrying Her gold Rosary. She said:

"My dear children of the light, I come to My son, Franz, the Wanderer of the Holy Rosary, again in the Land of the Rising Sun. It is necessary for My Seers to travel among My children bringing instructions and enlightenment as much as messages. The world daily is becoming difficult for many, for the natural catastrophes are happening more and more."

"Chastisements are imminent, but not every disaster is a sign that the Warning is near. Why are so many of My dear children only interested in the Warning? And all the attached chastisements, rather than the saving of millions or more of My dearest children with an extension of time. Is it that they fear they can hold on to their faith much longer? This is sad because so many would go to Perdition today that could have been other-wise saved. Where is your faith? Your dedication to persevere in all that is now needed for salvation? It is the desire of the Eternal Father to allow more time because of more prayers and sacrifice." "Faith must play an important part of your everyday life, and it must also increase and become more definite. Pope John Paul II will do much this year and next to improve life through his travels, apostolic letters and encyclicals. These official writings are the only ones that can be trusted as really coming from him. The media uses every opportunity to distort the real truth of what is said by the Holy Father and the many congregations that are responsible for the truth."

"More and more of my beloved sons are changing their beliefs, and many have given up their belief in the Real Presence. This negates their ability to say a Mass acceptable to my Divine Son."

"The problems between China and Taiwan are escalating towards a dramatic show down. Many interfering nations

are siding with China because of the financial gains and political importance. China wants dominance and in the long run even those countries who back them up will be left with nothing. The Land of the Chrysanthemum promises much, but again delivers emptiness. They also desire to destroy My Divine Son's Church on the mainland. The underground church is the only one which has the blessings of Heaven. Beware of what you desire "nations," for you may receive quite the opposite. Pray for the innocents who suffer at the hands of the barbarians, for I wrap My Mantle around them."

"Y2K is a problem, but mainly in third world countries. There is much hype over the effects after the new year. Much has been manufactured by the media and corporations who are enjoying huge profits from the "necessities" needed to insure a problemless transition of materials in the year 2000. Be assured we will help those who suffer most because of the problems."

"Why are My children so interested in the technological aspects of life and so few in their spiritual salvation? Is not your soul more important than your physiological and economic life? To many "no" and they will suffer deeply because of these transgressions. Prayer, not worry will solve the problems."

"My dear children of the light, I desire all My children to attend Mass daily, receive My Divine Son daily in Holy Communion only on the tongue and only from a Priest. I also desire My children to say and meditate upon My Holy Rosary and to start saying My Sorrowful Mother Rosary for added graces during these most trying times. Spend time before the Blessed Sacrament as often as possible. Also, We desire more of My children to go to Confession as often as needed for the many graces are abounding."

"Good bye for now, Franz, glory of the Trinity. Send my love to all my children, My Seers, Voice Boxes, Apostles, Disciples. I am Our Lady of the Rosary, Our Lady of Japan."

**August 17, 1999, Shrine of Our Lady,
Mediatrice of all Graces, Lipa, Philippines
Message from the Blessed Virgin Mary**

Early this morning at the shrine I came upon our Holy Mother all dressed in white. She said:

"My dearest children, time is short but the road is heavy. I welcome you to My dear country; the problems of all are escalating a great deal. With a prayerful life, and a life based on the Ten Commandments; but never give up hope, so do not give up at all.

My dear children of the light, in this world you must do all not to become a part of the materialism that is spreading to all ends of the world, especially during this year. Dearest children, through prayer and understanding you will reach all that is necessary in life; do not, My dearest children, ever think that life is hopeless. I am the Mother of all children and Hope of the Hopeless, Mediatrice of all Graces."

"My dearest children of the Philippines, I desire you to start today to prepare for the coming year. Do not be concerned with the WARNING; be more concerned with being prepared for the coming times. You must start now, for your country and many more will be affected in some areas by the Y2K problem, but these will be overcome with prayers and understanding. Do not underestimate the power of the Eternal Father, nor His Infinite Mercy. I desire my children of the Philippines to keep close to the church of My Divine Son; pray calmly, serenely, and penitentially. Pray with your hearts - not with emotions. I am always with you."

"My children of the light, a great deal of my innocents are suffering with famine and pestilence and tyrants. Pray for the innocents of the dark countries who are struggling for dignity; many are being exploited day after day. This is something that the richer nations are forcing upon the poorer, but we are always with them. Pray for the children of the Land of the Chrysanthemum; they will soon suffer even more deprivations because of the many problems; the leaders of this barbaric country are only interested in doing everything to stop their innocents from progressing. The government plans to start a new conflict over the many territories that they desire which are not theirs to claim. Pray for the innocents that are having these intense difficulties."

"Pray, my dearest children, for the Holy Father, John Paul II, for he has much to do, but is having a difficult time. This is a very serious problem, my children, for the beloved sons are not only not listening to him, but they are playing to their own agendas. Most of the time they do not even know that they are dis-obedient, for many are ignorant of the canon laws that are supposed to govern their actions. It is your duty not only to know all about

canon law that you can, but also to observe it carefully. During these most difficult times do all through prayer and sacrifice. Read all the Papal encyclicals, apostolic letters, for these are the tools in a world where spirituality is thought to be a form of weakness."

"My dearest children of the light, the innocents of today are the martyrs of tomorrow. My innocents are losing their lives in the name of My Divine Son every day; yet many are avoiding this reality. Pray for these innocents that they may have the faith to persevere."

"My dear children, the Church today is undergoing a great deal of problems, for no one wants to follow the rules that are given to them; all they want to do is change everything. Change is not what is needed, but obedience to the Magisterium. Obedience is needed and must be adhered to carefully."

"My dear children soon many will be in a Remnant Church, for it will be this Church of the innocents. Because of the many new modernisms, many will find solace in these churches, for they are deeply beloved to my Divine Son and my Immaculate Heart."

"I desire my children to attend Mass daily, receive My Divine Son in Holy Communion only on the tongue and from a Priest. This may be very difficult, but not impossible. I also desire My children to pray their Rosary daily, and to spend time before the Blessed Sacrament."

"Good bye for now, Franz, Wanderer of the Holy Rosary, Glory of the Trinity; send Our love to all our children. The Seers, Voice Boxes and Apostles are dear to My Immaculate Heart. Follow all the instructions that have been given to you. It is especially important to make the Sacrament of Penance an important part of your life. I am the Mother of all children, Mediatrice of all Graces. I am Our Lady of Lipa."

Wednesday, the 18th of August 18, 1999. Shrine of Our Lady of Manaog, Philippines.

"The wars; My dearest children of the world; will soon start as part of the chastisements. But with much prayer they will be lessened. The word will learn through chastisement how much cleansing is needed?"

"Many of My dearest children do not understand the importance of sacrifice, but soon it will be a way of life. Prayer is needed daily and hope is always there. Through prayer all will be given. I am Our Lady of Manaog, Queen of the Holy Rosary."

September 8, 1999, Feast of the Birth of the Blessed Virgin Mary
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary

Early this morning I came upon a most beautiful sight, our Lady all dressed in white, wearing a large gold crown, with Her Rosary and Scapular. She said:

"My dear children of the light, I am the Mother of all children, the Queen of Heaven and Earth, yet so few listen to the many messages that I send to My dear children on Earth. Why are so many of My children blind to the various warnings that they are receiving? Are they only interested in the sensational aspects of life? For this is truly folly. Follow My Divine Son and all will be given to you; otherwise you will perish with your arrogance."

"My dearest children, the time is close to the beginning of the 21st century, but how many children are really prepared for the consequences? Are you ready for all the catastrophes that might occur? Are you prepared for all that may occur if enough prayers are not offered? Are you ready spiritually? Are you ready emotionally? Are you prepared for the physical aspects of the problems? What you must know first, is that you must not panic at all. I will now tell you how to prepare to a small degree."

1. You must be prepared spiritually. Are you constantly in the state of grace? Are you prepared as if today was the last day of your life? Are you prepared emotionally for all the turmoil that the chastisements will bring later?

2. The time is not now for the removal of money from banks! The time is not now for the hoarding of many items! Be very prudent what you do! Do not advertise to all what you are doing! Be very prudent and very quiet as to what your plans are! Do you not know that the enemies are out there to stop all this preparation? You are to wisely store all that is necessary for a few months.

Do not be surprised when all the catastrophes do not happen when you expected them. The Eternal Father is listening to many of the prayers of His children and the date of the Warning is known only to Him. Many are overly worried about the Y2K problem! Why? Do you not have enough faith that we will advise you as to the real problems connected to this problem? Prudent and common sense is what is needed! Not panic and unrestricted planning. Do you not know that this is really the plans of the evil one to ruin the world? Do you not know that the Eternal Father will only allow the evil one to go so far before he is stopped? Where is your faith? Where is your reason, and where are your prudence, justice, and common sense?"

"My dear children of the light, these next few months will be quite difficult if you are not prepared both spiritually and emotionally! You must not allow any panic to start to

change your patterns of everyday life. You must not drastically change your lives unless you are not prepared; otherwise, you stay the way you are now. Many ask if you can travel the rest of the year; 'yes' if you are prudent and if you are using it for business or spiritually. Your entertainment should be watched, not ended but prudently used. You must not travel a great deal during the holy days and holiday season; for much of this is purely social. You must visit your families but you must not take extended vacations. You must use your time especially during the month of December for spiritual exercises to prepare for the Birth of My Divine Son, and for the beginning of the new century."

"My dear children, it is really important to know that there may be inconveniences during the beginning of the new century or not. All of that depends upon prayers and sacrifices. No, My children, many prayers must be offered and many more of My children must be spiritually ready for the many events that will occur."

"Why are you, My dear children, so worried about the dates of the Warning and the dates of the Miracles, when you are really not prepared for tomorrow?"

"Many events must occur to fulfill the scriptures before the Warning can occur! And a good deal of My dear children are not prepared for these events. What must be done for you to prepare?"

"Do you not know about the earthquakes that have happened? And the many other destructions? These were warnings, small warnings, as compared to the other warnings that will occur later. One catastrophe does not supplant another. One does not take the place of another.

Do not listen to these prophets of doom, they are always predicting catastrophes, and they do not happen, and they have one excuse after another as to why. Listen to Sacred Heart of My Divine Son, not these doomsters. When will you realize what is reality coming from Heaven and what is coming from the other side?

All messages are known by the fruit they bear! And I do not mean physical fruits or those that are obvious. Far too many are looking for sensationalism! Why? Are you not stimulated to change your lives with prayers and sacrifices? Do you need added self-glory? These prophets of doom are self-appointed gurus and have not one ounce of truth connected to them. Follow those that have a steady path to truth, and do not have shock value. Heaven is based on reason; all heavenly messages are based on truth and reason."

"Pray for the Holy Father, John Paul II, for he is being misinterpreted daily; read what he has said and see the real truth, the real truth about Heaven, Hell and Purgatory. He does not contradict tradition, or the dogmas of the Church. Pray for the clergy, for they need all the help that they can get; for many are falling beside the wayside and are neglecting their vocations."

"I desire My children to attend Mass daily and to receive My Divine Son, their Savior, on the tongue and only from

a Priest. I desire My children to say their Rosary daily and to spend time in adoration and meditation."

"Good bye for now, Franz, Wanderer of the Rosary and Glory of the Trinity. We send Our love to all our Seers, Voice Boxes, Apostles and Disciples. Follow your instructions carefully. We send Our love to all the suffering children, especially the parents of the afflicted. I am the Mother of all children, the Mother of Sorrows and Consolation of the Afflicted. I am the Mother of God, Jesus Christ!"

**September 24, 1999, Feast of Our Lady of Good Remedy
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary**

Early this morning Our Blessed Mother [came] all dressed in white, wearing a large gold crown and carrying Her Rosary. She was really beautiful, but sad. She said:

"My children, this is time for all My dearest innocents to start to pray and make reparation for all the sins that have been committed in the past and those that need a great deal of reparation."

"Pray for the children of the Bear (Russia), for they are headed for a great deal of problems that will not be resolved easily, for the terrorists are just one of the problems. We have said on previous occasions that they have a great deal of interior problems that have to be solved before they can offer hope to their people. Why do all the nations of the world offer solutions that seem only to revolve around financial dealings? Why are they not interested in the real needs of the people? The emotional and spiritual problems should be addressed. This will not be an easy time for any of My dear children, but these innocents will suffer an even greater problem; they will have to entirely re-do their economy, and at a time when they are all suspect in scandals My dearest children, corruption in government is really a part of the chastisements, but very few people understand this, it is like it is normal."

"My dear children of the light, why do some of My children think that they have to prove everything that they do? Everything has to have a justification. Do you not trust in the Sacred Heart of My Divine Son? Or do you just trust in yourselves? This is a difficult situation; My children must have more faith."

"I am the Mother of all Children, Our Lady of Good Remedy, pray for guidance, and for help during all the troubled times that you are facing. I am the Balm that you need in a world of despair, and a world of stress. This is really the most serious of all the illnesses many of My children face, 'stress,' for they suffer a great deal of mental pressure in all their different aspects of life. Why do so

many of My children deny this and avoid all the help that is available to them? They must seek a solution and this comes from prayer and meditation."

"My dear children, the Holy Father is suffering a great deal of depression over the lack of love and compassion of some of the prelates and clergy. Woe to these prelates that avoid the misfortunes of their innocents and prefer to live in isolation and splendor, they will pay greatly in Purgatory. Read the encyclicals carefully and apply them to your everyday lives. Do you not know that the Holy Father, John Paul II, is doing all that he can to prepare his dear children for the coming events?"

"Many of the prelates refuse to understand or discuss the many problems that will occur later this year or in the next few years; they want to avoid anything that might sound apocalyptic. Well, this is what will happen whether they like it or not. It is part of the fulfillment of scripture. Pray for the Holy Father for he really is misquoted many times in the press. You can see the truth, and do not always believe what is first said and later corrected; all must be according to the dogmas of the Church. No Papacy can change previous dogmas, nor do they and remain faithful to the Sacred Heart of their Divine Saviour. The dogma changers are anti-popes and heretics; not our Holy Father. This will come later after the Maitreya has a chance to change much of the policies of many governments and he is in conjunction with the Anti-pope."

"Do not have anything to do with the heretical nonsense of the Protestant evangelists that call the Church the "Whore of Babylon" and the Holy Father the Anti-Christ, this is just a sign of the times that is causing a great deal of turmoil and Catholic-bashing. It is also causing a great deal of confusion when many children would like unity among the churches."

"My dear children, the hurricanes and earthquakes and rains are part of the chastisements, and yet so few children want to repair their lives."

"Why is it necessary for My children to have punishments to realize that a change is necessary? Why do they procrastinate?"

"My dear children of the light, do you not realize that you are living in the latter times, do you not realize that there will not be that many years left for purification? The time for the Reign of Peace is close, but these chastisements must happen first; many do not see the reason Heaven has for all these events. They are more interested in the Warning. Do you realize how many children are saved each day that the Warning is delayed by prayers?"

"Have more faith in what Heaven is doing and less faith in what you perceive must happen, and stop listening to the prophets of doom that are constantly hurting My children. Pray for guidance and you will receive it. Remember all

the events of prophesy must occur before any fulfillment of the scriptures will happen. Soon, when the Sequence of Events is revealed you will understand more. This is done for your enlightenment and for your benefit. Heaven desires their children to be instructed correctly, not a great deal of speculation."

"My dear children, I desire that you attend Mass daily and to receive My Divine Son on the tongue and only from a Priest, I also desire you to say the Rosary daily and to meditate."

"Good bye for now, Franz, Wanderer of the Rosary, and Consoler of the Sacred Heart of Jesus. Send my love to all My children, and Seers, Voice Boxes and Apostles. Remember We're always with you. Follow all that you are given. Through prayer all is conquered."

October 15, 1999, Feast of St. Teresa of Avila Saratoga, California Message from the Blessed Virgin Mary

During the recitation of the Rosary Our Blessed Mother [appeared], all dressed in white, crowned with a gold crown and carrying Her Rosary. She said:

"My dear children of the light, these times are not only volatile but are important to all My children. During these last few months of the 20th century many happenings will occur and many various children will learn the importance of prayer and atonement."

"I am Our Lady of Atonement, Our Lady of the Blessed Sacrament, and during these times it is important to know the true meanings of your faith, and all the tenants that are connected with your faith and religion. What are you always waiting for? Another time? Time is so short that you will not be able to fulfill your faith challenges if children waiting for the chastisements before they really you are not started immediately? Why are so many of My children waiting for the chastisements before they really change their erring ways? Yes, My children, yes!

Faith is a challenge! Many do not even understand the true tenants, dogmas and beliefs of their faith, the One, Holy, Catholic and Apostolic Church; founded by My Divine Son nearly two thousand years ago. When are you going to learn these? After the Warning?"

"No, My children, you must have your soul prepared for the Warning, which will affect every human being on earth. You must be prepared spiritually for all that you must endure. You also must be prepared physically and emotionally. It is important every day to take a spiritual inventory of your prayer life, of your various devotions to see that they fulfill that which is necessary to really bring inner peace, and also a good spiritual life. Far too many

are interested in the amount of prayers that they are saying and not the importance of what is said. You must say your prayers both reverently and with meaning. It is also necessary to have a strong devotion to the Real Presence of My Divine Son in the Eucharist."

"My dear children of the light, even with nuclear accidents the nuclear wars will be a chastisement for the latter times, part of last of the chastisements before the final Warning. My Holy Rosary is the cure of many ills. Nuclear energy was originally planned for 'good use' not destruction. Science comes from the Eternal Father, but is distorted for the use of destruction. Pray for the war mongers, for they do not know what they are doing, and will be responsible for the senseless destruction that many of My children will encounter; and many have already suffered through."

"Pray for the Holy Father, John Paul II, for he truly is a beloved son; it hurts my Immaculate Heart when some governments will to stifle the teachings and the various trips of our beloved Vicar on earth. He is doing the will of the Eternal Father. He is separated from governments and they should respect this and stop interfering in his policies for world peace and the eradication of despots and tyrants. His goals are for all children and he does all to promote harmony and love. The children of the world benefit greatly from his travels and the many encyclicals that he writes for the benefit of the clergy, but also for the benefits of the many children that read and learn from them. Why do so many oppose the teachings of the Holy Father? Is it jealousy? Pride? Lack of understanding? He is the teaching instrument of the Church; he is the teaching authority of the Church".

"Pray for the innocents of the south, for the devastations

are really great and the great droughts in some areas and the great rains in others are causing pains to My beloved children. We wrap one mantle around all that have suffered from the earthquakes, but We warn others not to just sit around and wait for them; pray for the just hand of the Eternal Father and many will be eliminated. The chastisements already have been mitigated a great deal and will be so; but they must be fulfilled for the scriptures are to be fulfilled."

"My dear beloved children, I desire that you attend Mass daily and to receive My DIVINE SON, ONLY ON THE TONGUE, AND ONLY FROM A PRIEST, AND KNEELING WHEN IT IS POSSIBLE. I always ask this and many are in a great deal of opposition. This is wrong, for these truly are the desires of the Eternal Father, Our Divine Lord, and My Immaculate Heart. I also desire that My children take a great deal of time to say their Rosary with meditations at least one day a week, and their fifteen decades every day. This Rosary with meditations is deeply

beloved to My Immaculate Heart. I desire My children to wear their Sacramentals, for they are the protection that they need in the world of today."

"I want to clear something up, My dear children; when I told My children through many Seers to lessen their travel, it is for purely entertainment that I said they should not travel. Yes, for business and for visiting their families in need is perfectly all right. Why do many of My children not understand what I say? And put other meanings to My words. Meditate upon what I have said and then you will find the answers to your questions. Through prayer all will be answered."

"Good bye for now, Franz, Wanderer of the Holy Rosary, Glory of the Trinity; send Our love to all Our children, seers, Visionaries and Apostles. I send My love to My both physically and mentally abused children. I am the Mother of All Children, Our Lady of the Family. Follow your instructions My dear privileged souls, for you have much to do."

October, 1999, Feast of Our Lady of Light Chapel, Buffalo, New York Message from the Blessed Virgin Mary

Early this morning, Our Holy Mother [appeared] all dressed in white, carrying Her Rosary, wearing a large gold crown of pearls. She looked very beautiful but sad, She said:

"My dear children of the light, I am the Mother of all children, especially now, when the value of life is so low, when people will do anything to profit from life. Life is not to be sold, it is not to be a profit making venture. It is a grave sin to promote the sale of life. Woe to these children who think that they can profit from the sale of the natural gifts of the Eternal Father. Genetic engineering is a grave sin as is for women to sell their eggs. Where do these evil promoters find these unfortunate children? Birth is a gift

of the Eternal Father, not from a test tube or other means. Each year the medical efforts of many are used to destroy life through abortion or to generate life through profit making means. All of this comes from the evil one, and he is flourishing through the evil tools that he uses. Remember that life is precious and must be protected by all means."

"My dear children of the light, these last two months of the century will be difficult, but not impossible. Do not let all the media hype sway your thoughts. You will now receive extra graces for all that you need. Just remember that for every problem there is a solution in the Heart of My Divine Son. He is truly the grace that you need to overcome the obstacles that have been placed in your path to Heaven. Far too many do not realize the importance of

prayer, especially 'silent prayer.' The media hypes Y2K; it will cause some problems, but not nearly as many as they propose; they, after all, are just guessing, they do not know anything for sure. Prayer is the only answer. It is really the only thing that will save you from all the problems that you have."

"My dear children of the light, pray for the unfortunate children that go to bed every night hungry; and be sure to be grateful for your great gifts. Do not always be critical of others, My dear children; so many suffer a great deal of mental anguish, which is just as serious as a physical ailment. Many suffer because others constantly put them down and constantly berate them. This is a grave sin, and you will pay dearly for this; it is ruining a life, and many times it is irreparable. Are you guilty of this, do all to repair the damage? I will wrap My mantle around these

poor innocents that suffer at the hands of heartless individuals. Go to the Sacred Heart of My Divine Son, and ask for help for these poor children, and stop doing it if you are the one responsible. Through prayer all will be granted."

"Pray for the Holy Father, John Paul II, for all that he does is in the interest of the Church, even if you disagree. Woe to those prelates and clergy that openly disobey him, for they are disobeying My Divine Son. Many do not realize this, or ignore the fact; but it is fact just the same. When will My children of the clergy realize that the Holy Father is the direct link from Heaven to them. Many have to

change their lives for they are not serving My Divine Son, but the evil one. In the next few months the Holy Father will travel more and more, yet he will be criticized by many. These trips are sanctioned by Heaven. Enough said!"

"My dear children, the remnant church is already in place in many places; it will be needed in a few years. Do not speculate about the 'date,' just be ready. Be very careful of your acceptance of different Priests; make sure that they are from Heaven and legally ordained; for a few are not and have been supported by trusting souls. We will help all the good Priests that are struggling during these hard times. Pray for the health of the Cardinals that are supportive of the Holy Father."

"My dear children of the light, pray for the unfortunates that have [been] led astray, that they may come home

before it is too late. Remember, My dear children, the importance of believing in the Real Presence! For without this belief, you cannot consider yourself a member of the One, Holy, Catholic and Apostolic Church! This is a belief that cannot be questioned. Too many do all to water down beliefs; this you cannot do. You are either Catholic or not; it is as simple as that; what is confusing you? You must follow the dogmas of the church in order to be a faithful member; through faith all will be given to you."

"Good bye for now, Franz, Wanderer of the Holy Rosary, Glory of the Trinity, we send Our love to all our Seers, Voice Boxes, Apostles and privileged souls. Follow your instructions carefully and to the letter. We have much for all Our Seers to do; do not try to copy others. I am Our Lady of the Rosary, the Mother of the Eucharist Heart of Jesus, Our Lady of Reparation and Atonement. I send My love to all My dear suffering children. Stay true to your beliefs. I am always with you, as is My Divine Son."

November 13, 1999, Feast of St. Frances Xavier Cabrini
Bethlehem community, Salisbury, New York
Message from Our Lord Jesus Christ

Our dear Holy Saviour was dressed in white; He said:

"My dear children of the light, I come to you today in this beautiful chapel. For the remaining part of the year I ask you not to partake in the millennium extravaganza. Plan to spend time each day in prayer as an example for the ending of the century."

"Far too many of My children are planning secular holidays. Yes, they will be safe, but they will lose much grace if they do not make many acts of reparation and atonements before the end of the year. Dear children of the light, I ask each and every one of you to prepare

yourselves. Do not speculate; for the date of the Second Coming is known only by My Father, the Eternal Father; and it has not been announced. My dear children of the light, I love you very much; this is why I place many obstacles besides roses in your paths."

"Dear little son, consular of my Sacred Heart and Glory of the Trinity; much has been asked of you; for all My children must change in one degree or another; but leave to Me to tell you what must be changed!"

"Good bye for now; I am Jesus Christ, your Savior and Son of the Living God."

November 16, 1999, Feast of St. Margaret of Scotland
Shrine of Our Lady Of The Cape, Cap De La Madeleine, Quebec, Canada
Message from the Blessed Virgin Mary

Early this morning before the Miraculous Statue of Our Lady, Our Lady came all dressed in blue, wearing a large crown, carrying Her Rosary. She looked beautiful, but sad. She said:

My dearest children of the light, the world already ready for disaster is now heading for destruction unless many prayers and atonements are offered. Far too many children are not listening to the words of My Divine Son; for they would have to act if they believed. What does it take to make My children understand the importance of change? for the world is really not listening to anything now."

"Now, My dearest children, patience in life is really important; for many suffer because a great deal of people do not think before they act at all. You cannot fully fulfill anything before you first plan it out and work at it. It is really necessary, My children, to start to pray before you do anything that is important; during the remainder of the year time seems to go faster and many mistakes can be made."

"My dearest children, terrorism is a very serious matter that must be addressed. It seems that everywhere in life many of My children are looking for an easy way out; and many think that they would be better off to take many

people with them. In many of My dear countries, in the Land of the Shamrock, and the Bear, and the Mid-East, many are causing great concern. The recent so called 'accidents' are not accidents according to Heaven; they [are] acts of terrorism. No matter what the cause, whether it is in the name of religion, no mass destruction comes with approval of Heaven. It is a grave sin to be a part of any attractions that could be considered terrorists; or to support any groups that promote terrorism; or even contribute time or money for these acts. Also, the governments of the world must stop looking around and do all to capture these well-known terrorists, so they can be put away from the world and no longer cause the great havoc that they are. It does not make any acts 'good' if they are supported by religious factions or ideologies; these are pure murder. There is no place in the world for these abominations; are there not enough chastisements that you have to help it along?"

"Pray for the innocents; for many are now involved with the cults of Satanic worship or neo-Nazism, which causes them to really do all to promote these false ideologies that they practice. The murders in schools are really sad, for they destroy more lives than you realize. Many of the other innocent children suffer emotionally from these senseless acts."

"It is a grave responsibility, My dearest children, to watch the various aspects of your children's lives, their friends, their readings and most of all what they do to spend their leisure time. Far too many are slaves of the computer and are getting involved in many various dangerous and devastating teachings. You must see all that they are involved in so that you may put a stop to many activities that are dangerous to the innocent lives. I will wrap my mantle around these poor children that they may change their ways."

"My dearest children of the light, many changes are going to slowly be introduced into the holy sacrifice of the Mass. It is not a worship service but the re-enactment of Calvary.

They will not do it all at once, but slowly; beware of the changes and let your Pastors know that you do not approve. They do not do it fast, but slowly change the language and the meaning of these beautiful prayers. There is no place for any introduction of 'inclusive language;' this does not come from Heaven. Also it is not the right of the local Priest to change the gospels and other readings at all. These have been chosen from the scriptures; and these are not to be tampered with. Interpretation and changes in the scriptures is wrong and very destructive. The rules that come from the Holy Father concerning liturgy must be obeyed."

"The Holy Father, John Paul II, does all to preserve tradition; but many are doing all to destroy this; follow the teachings of the Holy Father. The media does all to distort the writings, but you know what the true meanings are with prayers and discernments. Pray for the beloved sons that are slowly heading towards dangerous territory when they do not look into the problems of their personal life, both local clerics and prelates alike must lead exemplary lives. It is sad, for they do not understand the importance of their examples. Their lives must be followed by examples of the saints. Within the next years, many changes will happen in the Church. Pray for the poor children that do not discern before they act. Pray for the prelates that they may not only be leaders of the Church but they may ones to follow the examples of my Divine Son."

"Good bye for now, My dearest children. Good bye for now, Franz, Wanderer of the Rosary, Consoler of My Immaculate Heart. Tell my dearest children to attend Mass daily and to receive My Divine Son only on the tongue and from a Priest. I also desire that My children spend time before the Blessed Sacrament. I send my love to all My Seers, Voice Boxes, Visionaries and Apostles. Follow all the instructions that you are given carefully. I AM OUR LADY OF THE ROSARY, OUR LADY OF LIGHT. Through prayer all will be given to you. Pray often; bicker not at all."

November,1999, Feast of St. Sylvester Gozzolini
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary

Our Blessed Mother came early this morning all dressed in white, carrying Her Rosary and Her Scapular. She said:

"My dearest children of the light, the world is beginning to find a great deal of the happenings they are unable to explain are actually chastisements. When will you realize that you must do all, for My dear children, to explain the last of the century and the beginning of the next?"

"My dearest children, all these terrorists acts will not end for a while, for some of Our children do not understand

the graveness of this situation. Many watch these events of destruction on the television and in the movies and think that they are real. It is needed, dear children, to understand 'reality' and fiction. Do not be obsessed by these theatrical productions, for they do more harm than they do good.

They are really a great disservice because they are full of errors and full of total misunderstanding of what is really going to happen. Do not, My dear children, become involved in reading or watching any of these episodes, for they are far more dangerous than you realize. Too many of

My dear children are hurt by these. Through prayer and meditation you will be able to cope with the real events of the chastisements, not the fictional ones."

"Pray for John Paul II, for he is now working very hard to make the clergy know what they must do; they must obey him. Follow the dictates concerning what he is saying. The question of woman priests is mute, he has made an infallible statement that it is not now going to be allowed. Why are so many of these organizations questioning it? You must believe the dogma of infallibility,' and this is what must be done. Too many of my beloved sons are questioning everything. Too many are having 'faith' crises. Go to My Divine Son and all will be given to you. All the problems will be erased and you will be able to fulfill your destinations in life -that of your vocation. In the next few months more traditional teachings will be given through the Holy Father. You must follow these, for they are the dictates of Heaven. Too many of My dear children do not understand the role of the Papacy. They must."

"Pray for the children of the south, for the interior conflicts are becoming even greater than ever and soon many countries will become involved in conflicts interior and with the other countries. Do not let yourselves be fooled – 'liberation theology' does not help you, only those Priests that do not follow Heaven; they use it in a way for their betterment and to the detriment of Our dear children."

"Pray for those that are 'depressed' over the forthcoming holy days. Pray for these lonely souls that suffer at being alone. Remember you are not alone, My children, when you have the Sacred Heart of My Divine Son in your

life. Celebrate the religious aspects of the holy day, not the materialistic aspects. Far too many children do not understand the religious nature of the holy days, for they are celebrating secular holidays. Help My less fortunate children, many need just a little smile and this can help them a great deal."

"My dear children of the light, do not let the next month cause you a great deal of concern; if you are prepared spiritually all will be given to your health and safety. Put all your preparations together and spend time in prayer. This will give you a great deal more time for mental peace that is needed."

"My dearest children, it is important to form friendships with like individuals so that [as] you can. During these very volatile times you must take courage from those that believe the same as you do and will help when the Remnant Church is taking effect. But you also must remember that 'scriptures' must be fulfilled. Through prayer groups many will find the strength to overcome the chastisements."

"Good bye for now, Franz, Wanderer of the Rosary, We send our love to Our children, especially the Seers, Voice Boxes and Visionaries. I desire you, My children, to attend Mass daily, to receive Holy Communion only from a Priest, and only on the tongue. I also desire My Holy Rosary be recited daily and with reverence. Also, think about reading spiritually uplifting books now. I send my blessings to all."

"I AM OUR LADY OF THE ROSARY, OUR LADY OF THE EUCHARIST."

December 4, 1999, Feast of St. Barbara
St. Charbel House, Vancouver, B.C. Canada
Message from Our Lord Jesus Christ

Our Lord, Jesus Christ, all dressed in white, [came] seated on a Throne. He said:

"My dear little children of the light. I am Jesus Christ, Son of the Living God, Maker of Heaven and Earth. I come here, this evening to bring the world the message, a message that is both difficult, yet very beautiful. For in my Sacred Heart, I bring each and every one of you, My dear sweet children, the blessings, and the beautiful sentiments that are needed in the world."

"My dear children for the rest of this century and for the beginning of the next, there will be very difficult times. I desire that you be prepared; I desire that you be very prepared in your spiritual life. You must attend Mass more often and while at Mass [be] more attentive; you must say your Holy Rosary daily, the entire Rosary, in honor of My Holy Mother, and you must spend some time in quiet

contemplation each day to open your heart to Me and to My Eternal Father."

"My dear little children of the world, pray for the Holy Father, John Paul II, for he again as always is suffering for Our dear children. For, My dear children, he suffers because of the lack of love and understanding, and the disobedience of the clergy, the Prelates, the Cardinals that under him. They do not listen; they have their own agendas and they do not wish to follow the dictates of the Holy Father."

"Remember, My dear children, when our Vicar on earth speaks, He speaks without blemish because He is infallible on these points. My dear children, he does all to help people; to teach you. Within the next few months and well into the New Year, My children will see a very different change in the Church; this is not the will of Heaven; this is

the will of men. But, My dear children, go along and do what you have been doing; soon there will be an upheaval in the Church, for many will not follow what the modernists wish and this, My dear children, will be the Remnant Church.”

“My dear children, this Church already exists; however, it will come out more and more because, My dear children, there are certain changes that cannot be ... My Holy Mass should be the re-creation of the Holy Sacrifice, it should not be a theatrical Mass, or production; a modernist invention. It should be the same no matter what country in the world you are in, and no matter what language is celebrated in; it must be the same. ”

“My dear children of the light, the suffering of My dear children on earth because of terrorism is unending. My dear [children], in recent months there have been airplane crashes that are terrorist oriented; there have been many demonstrations for trade and for civil rights. My dear children, just think! Before you join any of these organizations, just think before you make any statements concerning these organizations. Many are right and many are wrong.”

“My dear children, we desire that all children be treated equally, but, My dear children, in all fairness, any of them that said they are not being treated equal are greediest of them all, for they have looked upon things that have happened in the past centuries and now they use them as crutches to hold Us captive. What are they interested in most? Mostly financial gain they may receive from this. This, My dear children is a very grave sin, for the Eternal Father will explain in the months to come, the many, many sins that are associated with greed, envy, avarice, sloth and covetousness. He will explain to many of you , My dear children, the many problems that are going on in the world. For it is necessary, My dear children, for the Eternal Father to come to earth and speak to Our children, especially during, these times that are so volatile.”

“My dear children of the light, pray for the children of Africa and India, a country where My dear Christian children are suffering a great deal at the hands of those who would like to rid themselves of Christians. Pray for the children of the Chrysanthemum (China), for many will suffer because the Chinese have decided they will change within the next few years the rules governing Hong Kong and other provinces; and they will try in their tyrannical influences to capture Taiwan. This is not the will of the Eternal Father, but the will of the evil one.”

“My dear little children of the light, Maitreya, already on earth, will play a game of good and bad. He will go where evil is and try to sprout goodness; he will go where goodness is and sprout evil”

“My dear children, pray, pray and pray. I desire that you receive me in Holy Communion on the tongue and only from a Priest, and kneeling whenever it is possible. My dear children it is not necessary to be unbending in your devotions. It is necessary to understand how each and every one of My children has their devotions and to respect them. My dear children, respect is something that is not being practiced very often today in the world, and it must! You must respect each and every one of your friends and your family.”

“Good bye now, My son, Franz, Consoler of my Sacred Heart, Glory of the Trinity, Defender of the Faith, Teacher of the Truths of the millennium. My dear children, I send My love to each and every one of you, to the Seers, Visionaries, Voice Boxes, Privileged Souls. Remember, dear children, I am always with you, Jesus Christ, Son of the living God, son of the Blessed Virgin Mary and foster-son of dear St. Joseph. I am the Second Member of the Holy Trinity and I desire My children to pray to the Holy Ghost, but correctly, not with emotional prayer, but prayer from the heart; not with physical emotions, with prayers of the soul. Good bye for now.”

December 8, 1999, Feast of the Immaculate Conception of the Blessed Virgin Mary

St. Charbel House, Vancouver, B.C. Canada

Message from the Blessed Virgin Mary

During the recitation of the Rosary, Our Holy Mother came, all dressed in white, seating upon a throne, wearing a large gold crown. She looked both beautiful but sad. She said:

“My dear little children of the world, I am the Mother of God and I am the Immaculate Conception. Today is My feast day; however, it is not celebrated in many parts of the world because in many parts of the world they are involved too much in materialism, and do not take it as a basis for the feast days of the world. Soon, My dear children, soon, the great feast of the nativity of My Divine

Son will come upon you and then the beginning of the new century, the feast of the Circumcision.”

“Dearest children, are you prepared? Are you prepared spiritually? No, My dear children, many are not! For if you are prepared spiritually you need not worry about the Y2K, or any of the so-called catastrophes that are predicted. You must, My dear children, be prudent, you must put aside some food, other materials, and be ready for any problems if they should occur.”

“My dear children, We must address another serious

subject; it is necessary, for My dear children, for all of you to go to Confession to a Priest! My dear children, in many areas they are having General Absolution; this is not the will of Heaven, nor is it the will or demands of the Holy Father; each one should confess their sins to a Priest individually, so that they may get the counseling and the absolution and blessings given from the Priest. But, you must remember, My dear children, that the Priest acts as another "Christ" the same way as he is at the altar when he says the Holy Sacrifice of the Mass. Therefore, it is necessary for you to go to Confession the correct way and to unburden yourselves with your sins."

"My dear children, it is not necessary for all of you, when you do go to Confession to bring a book of sins along; it is enough that you review your sins before making good confession. Also, prepare what you are going to discuss so that you do not forget what you desire to have some help with during this Sacrament. If your sins are of a very serious nature, make an appointment so that they can be discussed and forgiven, and you can find solace in this great Sacrament."

"My dear children of the light, each and every one of you during this Holy Season of Advent should use the time carefully, for this is the last Christmas of the century; but under no circumstances, as some rumor, the last Christmas!!! As you know, the Word - many things must happen; scripture must be fulfilled before the Second Coming of My Divine Son."

"My dear sweet children, there are many, many sequences of the events that must happen, and during the New Year a Seer of Ours will bring them to you. It has been delayed because of many circumstances."

"My dear little children, pray for the Holy Father, John Paul II, for he is doing a great deal; for there are many problems of the Holy Church; the countries of Europe, there is a great deal of dissension, much more dissension than you really realize. For the dissension is within the hierarchy; the Cardinals, Bishops and clergy. For many desire to change much and do their own agendas, and this, My children, is not desired by Heaven. They must follow the Holy Father; do they not understand that he speaks "infallibly" when he speaks of the Morals and Teachings of the Church? Did they not realize that they swore allegiance when they were made Cardinals and ordained Bishops?"

"It is His teachings that are "infallible", as My Divine Son has said many times. But do these prelates and you

understand what it means? It means that when he speaks about faith and morals and the dogmas of the Church, that he cannot err; this is a dogma of the Church and must be believed in order to be a Catholic. It is also the same that you must believe in the dogma of My Immaculate Conception, and many do not, for this is a teaching of the Church."

"My dear children of the light, in the world today there are many chaos's; there are children killing other children! You hear about this weekly but, where, My dear children, does this start? It starts from the lack of love in the homes; it starts from the lack of discipline. There are many laws now in countries that say you cannot spank or even discipline children! Where does this come from? It comes from a lack of respect for fathers and mothers! So, My dear Children, you must act prudently. You must teach children in many ways so that they may learn to solve the many problems that they face. You must pray for them and with them."

"Good bye for now, Franz, remember too, My children, that in a few weeks that they will celebrate the Feast of the Nativity of My Divine Son. They must celebrate it as a feast day, not a holiday with all the material aspects around. All of My children must start today to make a novena of prayers before this great feast."

"I send my love to all my Seers, Voice Boxes, Apostles. I desire My children to attend Mass daily, and to receive Holy Communion; only on the tongue and from a Priest. Pray for the children of the Chrysanthemum, China: pray that the world understands what is going on in this country that wants to dominate Asia and to overtake Taiwan; this is not the will of Heaven, but the will of the tyrants. Little by little they are looking for domination."

"Too many of the children of the world do not respect each other and what is going on, and do not respect the individual countries and the problems that they are having. The rich countries of the world must help the poor, but they must not dominate them."

"I also desire you to say the entire Rosary as I have asked you for these many years, make acts of reparation and the sins of My children that affect them the most. Pray for those children that are lonely - for loneliness, especially during the holy days, is a great cross for many; so do all to spread friendship."

"I AM THE IMMACULATE CONCEPTION, THE MOTHER OF GOD! I AM OUR LADY OF THE EUCHARIST."

December 25, 1999, Christmas Day, Feast of the Nativity of Jesus Christ
Chapel, Buffalo, New York
Message from Our Lord Jesus Christ

Early this morning while in the Chapel in prayer, I came upon a most beautiful sight, Our Blessed Lord, all dressed in white, as small child. He said:

"My dearest children of the light, I am your Lord [and] Saviour, Jesus Christ. Today is the Feast of My Holy Nativity, but to many it is merely a day of materialistic pleasures, so this saddens Me a great deal."

"The world is really at the cross roads, and the beginning of the new century is going to cause a great deal of problems for many people. But, My dear children, it is not the Y2K that is the major problem. The major problems of these times is "TERRORISM."

"Many children do not realize that this is more a problem than all the computer break-downs in the world; it is really so serious that prayer and atonement are the only solutions. There are many factions, My dear children, that are causing and going to cause greater conflicts now and during the next century. These ideologies that are really strange [are] based on terror anxieties for many people, especially those that are the targets of these rather diabolical individuals. They let their fanaticism [be] agents of the evil one. Many of these individuals are wealthy beyond belief, but their wealth comes from diabolical means. Prayer is the key to the lessening of these devastations. You cannot follow two masters, My dear children; but so many

believe this. Do you believe in Me or the other side? It is coming down to this, and you will have to change a great deal and make a choice."

"Pray for the Holy Father, John Paul II; he is now suffering from health problems, but his heart is broken a great deal [from] many clerics that say something before him and other[wise] behind his back. He can count his true friends on both hands; this is sad because of the many hundreds of prelates that are under him. What do they think - that they can also serve two masters? I think not; for many serve only themselves and would not like to serve anyone else than themselves, and they know very little other."

"Pray for the clergy that they do not accept all the changes

in the liturgy that they are being forced to take. It is a grave sin for many of the Priests and Bishops to write their own liturgy. It must be something that comes from the Vatican, not their; own imagination. My liturgies of the Sacrifice of the Mass come from the Holy Father and his rulings, because they basically come from Me. It is not right for all these CHANGES THAT DEGRADE MY DIVINITY AND MY REAL PRESENCE. Far too many are interested in the Liturgy of the People; where is the Liturgy of their Saviour Jesus Christ? Where are the truly dedicated Priests? They are in my Sacred Heart; for they suffer a great deal because of the modernists. There is NO PLACE FOR MODERNISTS IN HEAVEN."

"Pray for the children of the Mid-East, for many of the innocents are being blamed for the terrorists; for many of the marvelous children are being blamed for the deviations of a few. These deviants are now causing havoc, for they promise their people much and give nothing in return but havoc."

"Pray for the children of the lion, for they do not understand what is needed to change their lives around. They are not following all the Ten Commandment as they have been given many centuries ago by the dear saint and prophet Moses."

"I desire My children to attend Mass daily and to receive Me in Holy Communion on the tongue and only from a Priest, I also desire My children to further their prayer life through daily meditations and daily Rosaries. Do not, My dearest children become a victim of 'lukewarmness.' follow your faith and your heart."

"My dear children, the year 2000 will be one of the most difficult years that many of My children have ever encountered, but with prayers and masses and sacrifices you will survive."

"Good bye for now, Franz, Glory of the Trinity. Send My love to all My dearest children, Seers, Voice Boxes, Visionaries, Apostles. I send my love to all My children that are suffering from loneliness. Come to the Sacred Heart of your Saviour that will give you all that you need. I send my love to all; through prayer all will be given to you."

January 1, 2000, Feast of the Circumcision and The Mother of God
Chapel. Buffalo, New York
Message from Our Lord Jesus Christ

Early this morning in the chapel, a bright light shown on Our Lord, Jesus Christ, in all his glory, dressed in white, as a small child crowned with a large gold crown and carrying a scepter. He said:

"My dear children of the light, I welcome you to the beginning of a new century that will both promise love and strife. The problems of Y2k were avoided only through the faith and the many prayers and sacrifices of all the good souls in the world! This was not done through technical advisements but through prayer. Remember now, and always that PRAYER IS THE KEY TO HEAVEN AND THE KEY TO PEACE!"

"The change of power in the bear (Russia) will not bring lasting peace because neither the president or the other leaders of the world trust each other. It is a matter of time before disagreements break out. Pray for these unfortunate children that must live under these leaders that are radical and believe more in self-preservation than they do in the betterment of their countries."

"There still will be many problems in the year 2000 and the three or four years after that may occur; for peace does not occur because mechanical problems that were self-made [and] imposed for a greater profit for a few."

"Pray for the leaders of the world, for on this new day of A NEW CENTURY they will have to take stock in all that they do; for they must answer to the Eternal Father for all that they do, no matter what circumstances."

"Through these years, and especially this year, all My devoted children must be ready, through prayer, sacrifice, masses, reparations for the times to come. Many think that they have ended, but they have not even begun in many places. The third world countries are just on the brink of problems. They should be very vigilant in their interpretations of the future, for many of their leaders will have to change a great deal."

"Pray for the children of the land of the Chrysanthemum, (China) and all its dominations, for they will not keep quiet during these years. They are already planning much aggression, much against their own people, especially those that live in freedom in Taiwan to be free; but many will not for they desire peace with China. Peace with

China will never come unless everything is given to them that they demand, and this is impossible. Be aware of many interests in your own country that are really only interested in the financial again from all the resources that they can tap from China. But the Chinese are not a stupid race, they know that they have and they know what they want for it."

"Pray for the clergy of My Holy Church today, FOR THERE ARE MANY OF THEM THAT I DO NOT KNOW! Beware of all the changes of the liturgy that do not come from either the Vatican or the Holy Father, but from the minds of liberated and curious Priests. No Priest has the right to change any liturgy, either the prayers or the gospels, or the readings. These were given for a purpose. Tell your Pastors and Bishops of these abuses; for many are unaware of them."

"Pray for the Holy Father, John Paul II, for he is very tired and very ill; for he is using a great deal of medications to get him through a schedule that would be difficult for a younger man; but remember that his time has not come yet to leave. The Eternal Father is the only one that knows that date. Pray for the disobedient clergy that does not listen, for they must change and change a great deal. YOU, MY BELOVED SONS AND DAUGHTERS, CAN NOT SERVE TWO MASTERS SO STOP IT NOW, BEFORE IT BECOMES IMPOSSIBLE! I AM YOUR LORD AND SAVIOUR; COME TO ME AND I WILL SET YOU ON THE CORRECT PATH."

My dear children of light, I desire that you attend Mass daily, receive Me in Holy Communion, on the tongue and only from a Priest."

"I desire My children to pray the Holy Rosary of their Immaculate Queen every day and more if possible."

"Good bye for now, Franz, Clarifier of the New Millennium, Wanderer of the Holy Rosary. I send My love to all My children, the Seers, Voice Boxes, Apostles. Guard your tongues, for many have spoken out of turn on important issues and had to rectify them. Through prayer all will be given to you."

"I AM JESUS CHRIST, THE SAVIOUR OF THE WORLD. I BLESS EACH AND EVERY ONE OF YOU."

**January, 2000, Feast of Our Lady of the Rosary of Charity
Chapel. Buffalo, New York
Message from the Blessed Virgin Mary**

Our Holy Mother [came] all dressed in white, wearing a large golden crown and carrying Her Rosary. She said:

"My little children of the light, today is a feast that was celebrated in Rome many centuries ago; it is time for many of my older feasts to be celebrated. Traditions must be returned to your lives and to the Holy Church of My Divine Son."

"Dearest children of the light, it is a very difficult time for many people; for the times are very volatile. To many it seems that it is much better for all, but look deeply between the cracks and you will see the problems. What about all of these many mergers of businesses? Is this the Will of Heaven, No! It causes [a] great deal of future problems, and also a few have more to say, and many of My children are again taken for granted."

"The spiritual life of My dearest children of the light [is] not suffering, because many are unhappy because of the lack of chastisements. Why do you want to see chastisements that are going to come? Be prepared first spiritually and then emotionally and then materially."

"Pray for the Holy Father, John Paul II, for he is again suffering at the hands of the media, many of which have him both crippled and almost dead. He is suffering from many illnesses and has offered much to my Divine Son and the Eternal Father. He is truly a living example of saintly living; however it is not time yet for him to come home; this is with the Eternal Father. Woe to the clergy that are now using a great deal of pressure to have their candidates for many church positions. He is doing what is the will of the Holy Ghost, not these liberators. Woe to these prelates that have their own agendas which are in contradiction with Heaven. They are not the wishes of Heaven. Why is it always what the prelates want, not what Heaven wants? The Eternal Father will allow just so much dissension before His Mercy is felt."

"My dearest children of the light, we are having [a] great deal of problems with these 'self-proclaimed' Seers and Visionaries. We rarely speak about them, but it is necessary now. All are looked at about the fruit they bear,

the graces that have been granted through Us. Do not always look at the spectacular; many cures are interior, these are the most important. Watch, pray and be prudent. Through discernment you will see the truth. We come to many children, but many We do not."

"My dearest children, do you really know what your 'soul' is? Do you know the importance of always being in the state of grace? Do you know that you receive your soul at the moment of conception and it is yours alone, and stays with you for eternity? Remember that your 'soul' should always be pure, and you must do all to protect your innocence."

"I cannot say enough, My dearest children of the light, for you must have a very strong prayer life. A life that is based on my Divine Son's teachings and instructions."

"My dearest children of the light, look towards the land of the dragon (China) for they are quietly doing all to cause aggression, no matter what it concerns. The lack of freedom for the Chinese people is great and soon the children of "Hong Kong" will see the problem first hand when slowly but surely all their freedoms will be removed. They will see that all that they were promised by the Communist Chinese will never come. They will not do it all at once, for the Western powers would complain, but it will be too late after it is done slowly."

"Pray for the innocents that are in the Remnant Church and that always suffer not knowing when they will be arrested or killed. I am Our Lady of the Chinese, and I am now appearing to a few in China. I will protect them."

"I desire My children to attend Mass daily, to receive Holy Communion on the tongue and only from a Priest. I desire you to say my Holy Rosary daily. Take time each day to spend time before the Tabernacle."

"Good bye for now, Franz, Wanderer of the Rosary. We send our love to all Our children, especially the Seers, voice boxes, Visionaries, Apostles, and Disciples. Remember to follow your instructions. Through prayers all will be granted. Good Bye for now. I am the Mother of all children, the Queen of the Holy Rosary of Charity."

February 15, 2000, Feast of Saint Ida
Saratoga, California
Message from the Blessed Virgin Mary

Early this morning during the recitation of the Rosary Our Holy Mother came all dressed in white, with a large golden crown and carrying Her Rosary. She said:

"My little children of the light, during this Millennium Year Celebration many children have really avoided the reason for all the celebration. The true meaning is the celebration of the 2000th anniversary of My Dear Divine Son's birth. However, many changes in the calendar and years have been mixed up and also the prayerfulness has changed into a celebration that is merely materialistic. This is deeply sad for those in Heaven; for it should have been a time of great spiritual celebration."

"My dear children of the light, many were deeply upset when nothing of great importance happened because of the Y2K promotions. Your prayers are what really stopped all the events, and many should be grateful that the Mercy of the Eternal Father allowed all of these devastations to be avoided at these times."

"My dear children of the light, why are so many becoming greedy and selfish during these times? Do you not know that all must give to receive, is it not in giving that you receive more? This has been taught for ages, but many of My dear children have not really listened. Stop playing games and listen to your hearts, and let your soul tell you the great joy of giving instead of always taking!"

"Pray for the children of the Dragon (China), for many are now suffering a great deal under further aggressions of the despotic government. Freedoms that are relatively new are being taken away, and many are suffering because a few do not realize that it is not a "carrot dangling" proposal that gives true peace. These freedoms of religion, self and human rights are necessary. The government falsely makes Bishops that is not their right, this is the right of the Holy Father, John Paul II, not the Catholic Patriotic Church; these are not loyal to the Holy Father nor are they loyal to any Heavenly personage. They grieve My Immaculate Heart a great deal, for I am Our Lady of China, Mother of all Children. Pray that the Remnant Church and those followers of the Holy Father find the strength to overcome all the really harsh persecutions that they must endure day in and day out to honor and love the Divine Heart of my Divine Son. They will be blessed a great deal for all these trials. Woe to these barbarians that call themselves rulers. Taiwan is beloved to my Immaculate Heart and only through prayer will it remain free, and out of the clutches of the Dragon. Pray for these innocent children that are daily putting their lives on line

for a freedom that they deserve. I am Our Lady of the Chinese people."

"Pray for the children of Africa, for they suffer a great deal from the plague of Aids; it is spreading like wildfire. They must learn to control their desires so these diseases will not start in the first place. I place my Mantle around these children. Pray these children are going to be educated rather than being treated as 'dumb and ignorant children' for they are not; they just have not been taught well. Woe to these groups that promote sterilization and abortion and contraceptives, for they do not do any of My children a favor; in respect, they do them great disservice. Through prayer all will be granted to these children. I am Our Lady of Africa; come to me and My Divine Son, your Savior, and We will give you the help that you need during these most difficult times. Through education and prayer all will be granted. I am again Mother of all Children, regardless of color, nationality or creed."

"My dear children of light, many of you already have seen much turmoil since the beginning of the year. My dear children, you must prepare yourselves through Mass, Holy Communion, Rosaries and Novenas. Have you made special plans for having Masses said for you and your intentions? My Divine Son has asked for this on many occasions; are you ready for this century? Are you spiritually prepared? Are you emotionally prepared? "

"My dear children of the light, many have thought that when the old century ended and the new began that many things would change, and all would be good again; this is sad for it has not happened. The new year did not wipe away the devastations that will happen over the next few years; they just have been pushed forward because of prayers. Through prayer much has been given, but they will happen. Be prepared for a very difficult year to live and next year, that will be even more difficult."

" My dear children, I desire that you attend Holy Mass daily and to receive my Divine Son in Holy Communion on the tongue and only from a Priest. I desire a time each day set aside for prayer and study. I also desire that My Holy Rosary be said in its entirety (fifteen decades) daily."

"Good bye for now, Franz, Wanderer of the Holy Rosary. We send Our love to all our dedicated Seers, Voice Boxes, Visionaries, Apostles and Disciples. Tell Our children that suffer from abuse that We are always with them. Prayer and understanding are necessary. I am Our Lady of the Holy Rosary, Mother of Peace."

**March 10, 2000, Shrine of Our Lady of Knock
Knock County, Mayo, Ireland
Message from the Blessed Virgin Mary**

Early this morning after Mass Our Blessed Mother all ablaze in white, wearing a gold crown with a golden and diamond rose, She was both beautiful and sad. She said;

"My dearest children of light, I welcome you to the shrine most dear to My Immaculate Heart in Ireland, the Land of the Shamrock. My dear son, Wanderer of the Rosary, again I welcome you to My dear home and yours. It is very nice to see all the pilgrims that bring glory to the Heart of My Divine Son and the glory to the Trinity here today."

"The world is not an easy place to leave in today and it will become worse as the days come to light; time is short but not that short, because of the difference in the calendar you have a little time left to change your erring ways and you must do this and soon; time waits for no one and the Merciful and swift Hand of the Eternal Father is upon you."

"Pray for the innocents of China, for each day the aggressions become imminent. These poor children are the victims of the communist tyranny that has been a cross for many years now. But they do not listen to the words of the world, they only listen to the false ideologies of their past despots and those that are now trying to go into the 21st century with the new forms of tyranny."

"Pray for the innocents of Iraq, for the tyrant has been a sleep for a while and soon will emerge in an even greater battle to achieve all prominence that he feels that he is really losing. He was rebuffed by the world when his plan to see the Papacy was thwarted, and he will not forgive his aggression. Pray for all the innocents of the world, for they suffer especially during this Holy Year, for their freedoms seem to be non-existent. Many have been hurt beyond belief but My Immaculate Heart and My Mantle are around them."

"My dear children, I must address a very serious problem in the world. The number of Priests, Bishops and Cardinals that have become involved in politics and also in trying to topple governments is beyond belief. This is not the will of the Holy Father nor is the will of Heaven. They should take a limited role and know where their Pastoral activities start and end. Especially in the East they feel that they can do all to change governments; in the long run they harm more Stick to the spiritual aspects of the people."

"We are not talking about those countries that are led by tyrants, but those countries that have relative freedom, but the clergy insists on interference. This happened a while ago in the South and it was the cause of liberation theology that was condemned both by the Holy Father and Heaven. Why is all this necessary, do you not, My prelates, have enough to do [to] be certain of all religious freedoms that your children need and expect?"

"I desire that My children attend Mass daily and to receive My Divine Son on the tongue, from a Priest and kneeling. This is my deepest desire, yet so few are willing to do it. Why. I do not know. Communion in the hand deeply offends My Immaculate Heart. The modernists use it as a tool for teaching the humanity of My Divine Son. Stop now or later."

"I desire that My children keep their Lent Holy, and say the Rosary of My Immaculate Heart every day, and spend time before the Blessed Sacrament, to appease [My] much maligned Divine Son. The Sacred Heart of My divine Son is broken by all the offenses that are offered by the many blasphemers that are being committed."

"Good bye for now, Franz, Wanderer of the Rosary. I send My love to all My children of the Land of the Shamrock and I ask for peace and forgiveness of all the conflicts."

"You, My children, must bring the faith of the fathers to your children and grandchildren, for it is not taught to many, not only in Our country but those of all Europe and the Americas. Pray for a freedom that will help all, and a freedom that is based on the Ten Commandments, not the selfishness of a few. Freedom is necessary to love My Divine Son, for your heart must be free to love and understand. Pray for forgiveness of all that you have done in the past in the name of religion or the name of friendship. During this year evaluate yourselves and see the problems that you have are erased. Through prayer all will be accomplished."

"I am Our Lady of the Rosary, Our Lady of Knock, Queen of Ireland, Queen of the Word, come to Me for the help that is necessary for peace and perseverance. Through prayer you will see all, and I send My love to all My Seers, Apostles, Visionaries and Privileged Souls. Follow your instructions very carefully and follow the examples that have been given to you."

"I am Our Lady of Truth, Our Lady of tears,"

**May 13, 2000, Feast of St. John the Silent, Shrine of Notre Dame Du Cap
Cap De La Madeleine, P.Q. Canada
Message from the Blessed Virgin Mary**

Our Holy Mother[came] all dressed in blue as Our Lady of the Cape. She said:

"My dearest children of the light, we welcome you home again to your shrine. Many years ago I came here to show that We love both of the countries of Canada and the United States. It also showed that We reward many for their hard work in the promotion of devotion to My Holy Rosary."

"I am Queen of the Holy Rosary!"

"My dear children of the light, we do all in Heaven to let you know what must be done to bring you home here. Few people are interested in anything other than getting everything they can out of life; their souls are ignored or denied. No matter what they say - spirituality and religious beliefs are united."

Few are totally interested in truly uplifting their lives through prayer and good works. Have you not seen all the devastation in the world? Are these not enough for your changing your lives? Many cannot - nor will do anything until everything comes about in the prophecies. Is this too late? Yes, for some, you cannot expect to change on very little notice. It would be beneficial to change now slowly. Time is moving very fast and you will find it beneficial to start now."

"Just ask for help. It will be given!"

"In the dark continent, especially Sierra Leone, many grave atrocities are being perpetrated in the name of freedom. It is purely a communist plot that has infiltrated the government so as to reactivate their role in the world. A movement doesn't change because its name does. Lies are always lies!"

"Political elections are always drawing many evil influences. My dear children are being [fed] false ideologies. We see the evil corruption in government daily going into many lives. Be wise in selecting your officials - for you must live with your decisions for a long time."

"Financial problems are becoming heavier in all aspects of life, especially the stock market where many lost much a while ago and are not at all certain that it will ever be returned."

"Far too many depend upon what they do not have, they live a life of speculation; this is wrong and causes endless problems. Why speculate? Live according to your means and you will prosper. Do not think the stock market will

last forever. It will last as long as the Eternal Father allows. Think more about your soul than finances."

"Our dear Pope, John Paul II, beatified two beloved children today, Jacinto and Francisco Marto, whom I gave many important messages to years ago for the world."

"Very few of them were needed; however, they will be before long. More of Our dear children are now listening to Our request. The world seems to get worse; however, a few listen and carry on with our requests."

"The Holy Father is now writing documents that are more needed now in the Church than ever. He certainly knows the problems, and is doing all to let the clergy know. The many prelates that are self-serving will soon realize that they are going to suffer even greater when they are told to change or leave."

"It is planned that the many that are far from holy leave - in an unprecedented incident. It will be difficult for this document on abuses in the library to get out; however, it will later, and when it does it will cause headaches for so many; this is the reason for it being written."

"The Holy Father clearly sees the abuses and slowly but surely will see that many are corrected. The Hierarchy will not like this, especially the Curia where corruption has been evident for centuries, Pray for the Holy Father, for he needs all the strength to complete his tasks and he will accomplish much. His body is weak but his mind is strong. The Holy Ghost guides him always. Abortion seems to many to take a back burner now; however, it is happening. It is just being taken for granted."

"Far too many things in the world are now taken for granted. Abortion is murder, and it must have reparation! All sins need reparation and now more and more penances are needed. Few are listening to their confessors. Everyone needs a spiritual director [who] can help with all your spiritual problems. Pray for guidance."

Heaven desires daily Mass and Holy Communion on the tongue and only from a Priest and adoration. My Holy Rosary will bring peace to a cluttered mind. Silence brings inner peace! Be silent in your mind and let Heaven speak."

"Good bye for now, Franz, Wanderer of the Rosary. I am Our Lady of the Cape, Our Lady of Fatima, Queen of the Holy Rosary. Follow My instructions very carefully. We send Our love to all Our dear children, Seers, Visionaries, Voice Boxes and Privileged Souls. Do all to show love and understanding in a troubled world. I am the Mother of Peace."

**May 26, 2000, Feast of St. Phillip Neri
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary**

Our Lady was all dressed in blue; She said:

"My dear children of the light, why are so many of My children just standing by, and waiting for trouble? Why do they not understand that their lives must have meaning? The Y2K problem was overcome to some extent. However, it is not totally erased. Someone is now waiting in the wings to [use] other strategies to show nothing is ever foolproof. Many strange and demented minds want destruction and chaos. Many want confusion and problems. Do they not realize that the havoc they cause will bring problems to them as well?"

"The financial outlook does not look promising because people are making their lives too dependent on money. It is their God and everything revolves around it. Their lives should revolve around their Divine Savior and then maybe all will be given to them."

"Too many are slaves to materialism. There are death camps in the dark continent that many don't realize. They are used to keep My dear innocents from telling the " free" nations the torture they are enduring. The real sadness is that they are being tortured by their own in the name of freedom. The plagues have again come upon them now in the form of AIDS and it is self-induced."

"The Western nations need to deal with this now and stop avoiding it. The richer nations have a moral obligation to do everything to alleviate hardship, pain and misery, no matter where it is and start to change and educate these poor children."

"Unless you are totally united to the One, Catholic and Apostolic Church, you are not part of it. These splinter groups are saying they are united, but as long as they are not totally under the Holy Father, they are not part of the Church. The Holy Father is the Supreme Pontiff, not one of many in Heaven, he is the only Vicar of My Divine Son."

"These many groups must be totally accepted or it is wishful thinking. You cannot be valid without Papal Validity! Stop fooling yourselves and others as well. You are either united or divided - not both. You must swear allegiance to the Holy Father and be under his care and protection."

"Pray for these schismatic groups, for they need help and must obtain it before recognition."

"Our beloved son, Pope John Paul II, is planning an even

greater year of change in 2001. He has been looking for a reason for changes in clergy only. No dogmas or pronouncements ever will be changed - they cannot since they are infallible. The clergy needs a vast [over]-hauling and more obedience is necessary."

"Once a Priest is told by the Vatican what must be done, it must be done, no excuses, no second guesses, no alterations. This must be accepted by [the] Hierarchy and not as it is today - everybody doing their own agenda. All comes from the Holy Ghost with no compromise."

"The children of the Arab nations are struggling for their own identity. They are prisoners of their own destiny and this is wrong. Their rights have been violated and they have a right to their own homeland. No one needs to be rejected or feel rejected in this century."

"I desire My children to attend Mass daily, receive the Savior on the tongue and only from a Priest. They must proclaim the Real Presence of My Divine Son daily, very few do. Only through prayer can all be accomplished."

They must meditate, follow our daughter Teresa of Avila's meditations and contemplations. Do not stay at only one level of prayer. Many need to go to adoration; however, you must prepare yourself for much. Through prayer all is given. "

"Total disobedience from the clergy, from Cardinal to Parish Priest is causing an even greater break in the Church. It seems that the Curia houses a great deal of Religious that are far from being spiritual. Their lives are for show only - and they in reality believe in very little. This is why they are disobedient to a truly dedicated Holy Father. The days of intrigue and misconduct are almost over."

The Eternal Father can [do] only so much before His Justice and Mercy must prevail. Remember, My dear prelates, you cannot serve two masters, and the day will come shortly that a decision must be made. Are you willing to continue on your way to perdition or are you going to change your ways? Be prudent and pray for advice".

"I am Our Lady of the Clergy!"

Good bye for now, Franz, Wanderer of the Rosary. We send Our love to Our Seers, Voice Boxes, Visionaries and Privileged Souls. Follow my Divine Son and all will be granted."

**June, 2000, Feast of St. Thomas Garnet
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary**

Early this morning in the Chapel in Buffalo, N.Y.. Our Holy Mother [came] all dressed in white, wearing a large gold crown, She said:

"My dear children-of the light, how is it that you have already been told so much, yet you do not understand much? What must be done to awake an interest in you to change your lives so that you have a good change to avoid perdition? "

"I am Our Lady of Hope, Hope of the Hopeless, but too many do not seem to have any hope at all, just a deep feeling of doom and gloom. There are a great deal of opportunities for hope in the world, now, especially during the year of prayer, that you should not give up at all."

"Pray for the children of the East, for they suffer a great deal for peace and it seems to evade them most of the time. This is because a great deal of their leaders do not want peace, for then they would have to struggle more; war means prosperity to a few at the hands of many."

True peace can only come when My children realize that all are created equal and no one is more important than the other. This is something that must be taught from the beginning. Through prayer all will be accomplished."

Too few of My children of the South are interested in their religion; they are more interested in 'social justice' and liberation theology, both cause a great deal of problems for all My children. Why can you not just follow the Sacred Heart of My Divine Son? He will give you all that you been looking for."

"The tyrants and dictators of the South are really lying low now just waiting for the opportunity to change their situations. A few realize that their days are numbered but are not ready for change. Pray for the innocents of the dark continent, for they will suffer a great deal because of the illnesses that have plagued them."

"There are no cures for many of them, but some can be cured. Few are really interested in a cure among government officials; for they depend upon the sympathy of the nations for help; however, many of the suffering do not even receive this help."

"Pray for the Holy Father, John Paul, for he is doing all, especially during this year, to bring peace and

understanding to many of his desolate children. Many new saints and blessed have been raised to the altars for all to venerate and learn."

"The pronouncements that have been made and those [that] are to come should be used for the greater glory of the Eternal Father. Few listen to these very important writings. They are inspired by the Holy Ghost and should not only be read but believed."

"A few of the Curia in the Vatican will have you believe that you few are not to believe the apostolic letters and the decrees that come from the Holy Father. But in Heaven we have a much different opinion; they are to be believed and also promoted."

"During these very difficult times many 'Seers' have come and gone, a few have never really been 'Seers' from Heaven; they have not come but it is important to be discerning. Through prayer you will see them by the fruit they bear. We have many important announcements to make, but too few to listen."

"Why do they need sensational warnings? Many of Our dear children of the light are waiting for the "Warning"; the time will come when decided upon by the Eternal Father no other. Yet all the speculation with dates causes an even greater problem for My children. Why [not] just sit down and prepare for the Warning, then you need not to worry so much."

"I must address very serious problem again, this is that many of Our children are not using the manners that have been taught them; common decency is all but avoided, in replacement is a sharp, rude and 'I do not care' attitude. That is not what is taught by the commandments or the virtues. It has become a new life for some. End it now! Start again to teach love, peace and understanding. This is truly the way of My Divine Son."

"Good Bye for now, Franz, Wanderer of the Rosary. Send Our love to all Our children, especially the Seers, Voice Boxes, Apostles and Privileged Souls. Listen to your instructions and follow them carefully."

"I desire that you attend Mass daily and receive My Divine Son on the tongue and from a Priest; Say your daily Rosary and spend time in quiet meditation."

"I am Our Lady of the Rosary, Our Lady of the Sacred Heart!"

July 1, 2000, Feast of St. Oliver Plunket
St. Charbel House of Prayer, Vancouver, B.C. Canada
Message from Our Lord Jesus Christ

Our Lord [was] seated on throne dressed in white and gold. He said:

"My dear little children of the light, I welcome you here tonight on this prayer evening of so many dedicated children of the world."

"It is a very difficult time, My children, especially now, and it will be, since this is the second half of the first year of the 21st century and for another 18 month there will be a great deal of conflicts within the countries of the world. There will be many presidential changes and premiers that are changed, but without prayer there will [be] no great benefits to enlighten people to vote and make reparation by voting for the correct people into office."

"Much prayer is needed these next few months; many of My dear children are being called upon to not only make reparation, but to show they truly believe in all the principles they have been given over the years; first by the Ten Commandments, and then by all the precepts of the faith that they have been taught."

"During these most difficult times, it is necessary that each and every one of you have a very strong and prayerful life. I desire that you attend Mass daily, to receive Me in Holy Communion, only on the tongue and only from a Priest! I also desire that you say My Holy Mother's Rosary daily and to have Masses said for yourselves frequently, and especially during the last six months of this year and next year-. For these times, My dear children, many of you do not realize are more volatile than you have ever lived through."

"There are many, many murderers, rapes, robberies, and many living without the benefits of prayer and sacrifice. Many of them are living lives that you could not fathom. Their souls are entirely scared; they do not think of what comes "after life", they do not think of judgment what so ever. And, My dear children, Hell is full of those who do not make reparation, do not pray and do not put themselves in My hands and those of the Eternal Father."

"My dear children, it is not enough to say "I am your child"- you must show through your actions. Pray, My dear children, pray much, for the Holy Father, John Paul II; for many of the pronouncements that come from Rome do not come from him, they are from the Curia members who have taken it upon themselves to change many of the teachings that were given for centuries. This is wrong, My dear children, very, very wrong."

"Recently, the newspapers have printed what came out of the Vatican concerning "The Third Secret" My Holy

Mother gave at Fatima. These were correct in as far as they went! However, they did not explain all of what Heaven wanted to say. Within this year My Holy Mother will be giving you more words that came with the Third Secret."

"My dear children, yes, there are "Prophetic times" ahead - there will be chastisements; there will be a "Warning;" there will be the "Great Miracle" and there will be My Second Coming. Many in the Curia would like you to believe that this is not going to happen during the next few years. "

"I am here, My dear children, to tell you, it is going to happen before the number of fingers on your hands fall; but do My children listen? "NO," they go on their way saying "oh no, not me." I don't need these extra Masses, extra prayers and sacrifices, but, My children, "yes, you do." I beg you. I beg you, during these times to protect yourselves, to wear sacramentals, being in the State of Grace, for, My dear children, if you are constantly in the State of Grace, many of these calamities will not affect you, but it is so difficult for many of My children in this world to remain in the state of grace when they see what is going on around them, but it is not impossible."

"That is why there are many benefits for My dear children through their many Sacramentals. For, My dear children, soon it will be more difficult for My children to find a holy and reverent Mass; already the Remnant Church is in many places. My dear children, the Remnant Church is one that is underground; for the true holy priests are diminishing; the modernists are taking their places upon the pulpits in the churches and the hierarchy of many dioceses. I urge you to pray strongly that you can bear the many changes in the Church within the next few years."

"Also, you must pray heavily that the Cardinals selected by Our Holy Vicar follow my Divine Heart, not their own, and obey the many directives of the Pope."

"My dear children of the world, pray for the Holy Father, for he may be "elderly" but he is not "feeble minded" - his mind is sharp and he teaches much. However, much of what he says has not come out yet! For the Curia has tried to stop much!."

"Now, My dear children, I ask you to read and discern [the] messages, and, besides your vocal prayer, to meditate. I desire you spend time each day in quiet meditation, for you must progress in your prayer life"

"My dear children of the light, I say good bye to you, to My little son, Franz, Wanderer of the Holy Rosary, and

Glory of the Trinity. Continue, as you are, spreading your messages far and wide. You travel during difficult times, especially since you are not always well! However, you

are doing Our work and this is what We desire. So We will help you abundantly. We send Our love to all Our Seers, Voice Boxes, Privileged Souls. Go in peace. Good bye for now."

July 16, 2000, Feast of Our Lady of Mount Carmel
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary

Our Lady [came] all dressed in brown, wearing a large Scapular and Awn. She is holding Her Infant Son, who is also holding a Scapular. She said:

"I am Our Lady of Mount Carmel, Our Lady of the Scapular, and I so desire that My dear children wear this Sacramental always and do not take it off; it is protection in these volatile times."

"I come to you with several requests, one that you do all to change your lives before it is too late. My Divine Son has not said dates, but he recently indicated that you would not have decades left to do all. Prepare yourselves as if the times were here right now and then you don't need to worry at all. The second request [is] that you start to read the Holy Book of Life and pay attention to all the lessons that it contains."

"There are problems in the dark continent with the spread of AIDS [that] will not lessen for some time, because the leaders of many nations do not want it to stop. They are receiving a great deal of financial and other aid and they are diverting it to their own use; this will stop in a few months when many of the other nations realize that nothing is being done. NO, there is not a cure for this disease, but there are reliefs for some other sufferings. The other problems in the dark continent happen because of the in-fighting among the many factions, for this is going to cause a great deal of financial hardship because already many large countries have stopped buying their products."

"The present problems in your country will be resolved with the elections; that is, the fighting and name calling will. The interior problems will escalate unless much is changed. There cannot be any world peace unless all factions agree on every term. No leader can bring about world peace, even if it is done to make a name for himself in history. No one can change what has been going around for centuries. The Middle East will not end their years of strife with just a summit. They need bargaining among themselves, and they must put aside all their cultural differences if any sort of peace is going to happen. This has been a problem for centuries; and it will not be resolved overnight."

"Many of My dear children of the light are reading ancient prophecies and expect modern interpretations will say they

are to happen now; with the mistakes in the calendar and the other misinterpretations be very careful what you read. Do not put all that importance in what you read in the supermarket tabloids. Listen to what We from Heaven tell you. Try to exclude all the sensational; yes, you are living with catastrophes every day, and yes, soon many chastisements will be upon you, but if you are in the state of grace, you need not worry."

"Why would we go to such lengths to bring Our messages to many and varied children if a newspaper could do it truthfully? They do not; they are basically interested in sensationalism. This is something We have said for years. Start to listen now."

"My dear children of the light, support your good Priests now, for many of their days are numbered, and the Church will change within the next 18 months a great deal. The Remnant Church that My Divine Son has already spoken about [is] here, and they are being prepared for a time when they would be most needed."

"Pray for the Holy Father, John Paul II; he is tired and sick and his days are limited. However, do not speculate [on] how long he will sit on the Throne of Peter; that is up to the Eternal Father. Many in the Curia want him to resign, but this is not the wish of Heaven or the Holy Father. He strives during this year to bring many blessed and saints to the altar so that many can bring greater devotion through them to My Divine Son. So few understand this, for so few pray, that they do not realize the importance of canonization. They are all ordained by Heaven."

"I also desire that all my children read the newspapers and watch the news on television. For you must know what is going on in the world. You can pray better when you understand the problems. I desire that My children attend Mass daily, receive My Divine Son on the tongue and only from a Priest."

"Good bye for now, Franz, Wanderer of the Rosary. Send Our love to all Our children, Seers, voice Boxes, Visionaries and Special Souls. All must listen carefully to their instructions."

"I am Our Lady of Peace; come to Me and do all to prepare all the coming events and chastisements."

"I am Our Lady of Hope."

October 1, 2000, Feast of St. Therese of Lisieux
Chapel, Buffalo, New York
Message from the Blessed Virgin Mary

Our Blessed Mother [came] all dressed in white, wearing a large gold crown and carrying Her Rosary. She was both beautiful and sad. She said:

"My dear children of light, the world is becoming more difficult with each day, for My children do not understand, and many times do not wish to understand the problems that are before them. They are living in a shell that they have made for themselves and they do not wish to change. There is something they must change and change now before the times are too radical that they cannot change at all."

"My dear children of the light, the problems in the Mid-East will escalate to a greater degree than ever. All the negotiations in the world will not accomplish much if each of the factions does not change the anger and the hatred that they have for each other. Pray for the Land of the Hebrews and the Land of the Palestinians, for they are now both beloved children and the problems will soon escalate. Pray for the children of the Sudan and Zaire, for they will suffer more because of the "leaders" that are becoming very complacent to their problems. They do not want to see any of Our beloved children of the dark continent become educated and learn about more that is offered to them other than complete suffering."

"Pray for the Holy Father, John Paul II, for he has much to discuss with the prelates that are arriving soon, and many aspects of theology and dogma have [been] misunderstood that the traditions of the Church must not only be obeyed but taught. There is a great problem among the theologians of the Church and they do a great disservice to My Divine Son when they do all but reject "His Divinity" and "His Real Presence in the Blessed Sacrament." They must learn that these are the dogmas and the basis of the Church and not only must be believed, they must be promoted."

"Soon you will find that the Holy Father will come out with more restrictions against the theologians that have gone astray and who have actually done more to disrupt the balance of teachings in many of My Divine Son's Houses in the world. It is true to say that many serve other masters now, for they have abandoned many of the basic aspects of their teachings. My dearest children of the light, the importance of basic religious teachings that are correct

is quite necessary. Listen, theologians and preachers, teach and preach the words of My Divine Son correctly because you are going to be held responsible for all

the problems that result from your erroneous and often heretical teachings. Yes, My children! Yes! There are many of the teachings of the clergy that are 'heretical' and you must understand these and see that they are changed a great deal."

"My dear children of the light, in the next few years more and more of My dear children will come into contact with the 'Remnant Churches' that will form. Be prudent that they teach the truths of the faith without error. We are sending many good Priests that are now going to suffer persecution by the modernist church in areas where they will not only be accepted, but they will be protected from the outside elements. The Holy Church of My Divine Son will change drastically and that is when these 'Remnant' Churches will help preserve both the Traditions and the Sacraments."

"Dear children of the light, I desire that during the coming month of November that you spend time reflecting upon the 'souls of Purgatory,' for contrary to what is taught by many modernists, Purgatory does exist. In many cases it is overflowing because of all the reparation that must be made for the sins of their lives that have not been expiated yet."

"I am Our Lady of Sorrows and I reach My Mantle to all those what are in Purgatory and have Masses said for their relief and prayers offered. There are many levels of Purgatory and only through prayers offered for these souls can they move ahead. Pray for the 'lost' souls that have no one to pray for them, for they will pray endlessly for all those that have helped them to be sent to Heaven. I am the Mother of Poor Souls."

"My dear child, Franz, Wanderer of the Holy Rosary, good bye for now. Tell all My children that I desire them to attend Mass daily, to receive My Divine Son in Holy Communion on the tongue and only from a Priest. I also desire that they spend time before the Blessed Sacrament in adoration and in reparation for all the sins that have been committed against the Divinity of My Divine Son, their Savior."

"I send my love to all My beloved children, Seers, Voice Boxes, Visionaries and Privileged Souls. Remember to follow your instructions carefully, and with prayer [and] resignation to doing the will of My Divine Son, your Savior."

"I am the Mother of Love, Mother of Divine Grace."

October 15, 2000, Feast of St. Theresa of Avila
Sacred Heart Church, Saratoga, California
Message from the Blessed Virgin Mary

Our Lady [came], all dressed in white, with a crown of golden roses on Her Head, carrying Her Rosary and a large book. She said:

"My dear children of the light. Pray! Pray! Pray! For the times are very grave and quite disturbing. You must not be silent in your speech, for you must show that the human dignity of man is really now being called to a great test. A test that has not been for some time."

"Pray for the children of the Mid-East, for these present terrorist acts are wrong and must cease. Life is important, and both of the factions are going around quite wrong in their attitudes. The problems existed for many years, but there is a solution and it must be given now. Both sides must agree that certain problems must be discussed and changed. Both must not be so solid in what they will offer. The Land of the Hebrew must give a great deal more than they are willing to give, and the Palestinians must call for the end of the aggressions from some of their people. This 'terrorist' must not be allowed to represent major people, for he is causing a great deal of havoc and will cause an even greater amount in the near future if he is not stopped. He has many behind his aggression which comes from a great deal of hatred for those that do not believe as he does. He is an agent of the evil one, for he does nothing but promote violence and discord. I wrap my Mantle around the dear families of those children that will be killed in the name of 'freedom.' THERE IS NOT ANY FREEDOM WITH MURDER, THESE KILLINGS ARE PURE AND SIMPLY MURDER AND CAN NOT AND WILL NOT BE JUSTIFIED BY HEAVEN."

"Violence is not the answer. Peacefulness and prayerfulness is the answer. It is important to see that the leaders of the nations of the West understand that they must not keep quiet in telling both sides that these aggressions will not be tolerated."

"Pray for the children that are living under the thumb of the 'terrorist' Saddam Hussein, for he is looking at all this aggression and more, and seeing what he can have in his own thoughts for furthering his aggressive attitude. He understands, because of illness, his efforts must come quite soon and do not be mistaken, he desires to leave with a great deal of glory. He has many plans of aggression."

"My dear children of the light, with the introduction of the Pill, the beginning of the end is near. This does not mean it is next month or year, but it is here. Also, other medications that are easier to obtain that cause 'abortion' are already available and causing the end of life as it is today. These abortions cannot be counted. The sins are endless, and the results more devastating than ever. When

will my children respect 'human life' from the moment of conception to the moment of natural death? This is not only important but absolutely necessary without question. Abortion is the scourge of [death] when life is respected and is blessed and protected."

"My dear children of the light, soon more documents will come from the Vatican and the Holy Father. They must be studied correctly and prayer is essential for their correct interpretation. They are written quite clearly by the Holy Father, but misunderstood by many of the media and also by many of the clergy. Read them and discern their meanings. Through prayer, all will be given the peace and understanding of knowledge."

"Do not be silent in your disapproval of many of the liturgies that you must endure, but do it prudently. Quietly tell the Priest and your Bishop that this is wrong and must be corrected. Just because everyone accepts this does not mean that it is correct. There are many errors in the liturgies of the Church because they have never come from the Holy Father. They are innovations of the various Priests and Bishops. This is an abuse that must be stopped and must be stopped now. Through prayer, all will be given. Through prayer, all the knowledge of the correct practices will be shown. It is important, My beloved sons, to follow the Holy Father correctly and quite carefully, for it is important that you not lead your dear children in error. Come to My Divine Son for the knowledge and it will be given to you. Remember that you are the teaching authority in the parish, not the 'liturgical' committee. You are the one that has been ordained by the Bishop."

"I desire that My dearest children attend Mass daily and to receive My Divine Son on the tongue and only from a Priest. I say this over and over again because it is important. 'Extra ordinary' ministers are for extra ordinary times and these times are not for us now. You must not replace the beloved sons, the "Priests", My dearest daughters. Get that foolish notion out of your head. You are not to think that you can become priests. It is not the wish of the Eternal Father of My Divine Son and these so called "ordinations" are abominations and will not ever be accepted by Heaven. You have a beloved place in the Church and you must respect this."

"Good bye for now, Franz, Glory of the Trinity and Defender of the Truth. Send out love to all Our children and continue to travel to send Our love and truths to Our children. We send out love and protection to the many Priests, Bishops, Cardinals and Nuns that have remained faithful to Him and the Holy Catholic Church. I am the Mother of the Clergy and the Mother of all children. I am the Immaculate Conception."

March 7, 2001, Feast of Sts. Felicity and Perpetua
Shrine of Our Lady of Knock, Knock County, Mayo, Ireland
Message from the Blessed Virgin Mary

Our Lady was dressed in white, wearing a large crown of gold, with stars and roses. She looked very beautiful but sad. She said:

"My dear child of the Rosary, I again welcome you home to the Shrine of Our Lady of Knock. When I appeared here many year ago it was silent, but for the past years I have given you and a few other Seers many messages of encouragement and messages of hope and fulfillment. During these times it is necessary for all of My dear children to re-read all the messages and meditate on all that was given to them over the years and now to reflect and see how they have improved or what is needed to improve."

"It is necessary during these last weeks of Lent to really see where you are and what you have done in the realm of sacrifices and penances. Even though the Church had modernized many of the Lenten requirements, We in Heaven have not. The fasts have not changed and it is necessary for all of My dear children to see all that needed to be implemented. They must make a special effort to spend a very prayerful Holy Week, and a very quiet and devotional Good Friday; the entire time from Holy Thursday until Holy Saturday should be focused about the life and passion of My Divine Son."

"The 'hoof and mouth' disease will travel to many places, and will be especially difficult on the continent. It will cause a great deal of the 'beef' prices to escalate. It will cause many hardships on the innocents. This was intended by those that first started to spread this disease; it is simply a problem that got way out of hand. The many animals that have and will have to be destroyed is terrible; for they never should have contracted this disease if the children were more protective of their environment and many were guilty of spreading it so they would not be the only ones that lost. In the end it will cause a food shortage and when all is really counted it will show that they are losing more than they realize. All these disasters could have been avoided if they just followed my Divine Son and quit following the evil one."

"Pray for John Paul II, for he has much to do for the next few months; he has already stated that he will work more closely with the new Cardinals, so that they see the place that they must take in the Church. It is also necessary for his health to take more time to do all. He also has stressed in the past that the priesthood is for 'men only.' Now [that] the modernists again have started this up again, there is to be no dialogue. Once the encyclical was written, it was to be considered over. What the Holy Father has stated must not be constantly challenged. It is really useless for these modernists to try, for the Holy Father has no plans to

change any of the previous encyclicals so that they can be accommodated. Heaven does not want this; the priesthood is only for men and that is that; quit all this dissension and start to really follow My Divine Son rather than the other side."

"Pray for the new Cardinals, for they are going to learn all that he requires of them for the new Millennium. A great deal of them are really quite versed in the traditions of the Church, and this is needed a great deal within a Church that is plagued by a great deal of modernisms. It is sad, but many of the children do not listen to the prelates that are traditional, but they flock to those that are really ultra-modern. This is a shame, for the traditionalists are the ones that really follow Heaven a great deal."

"Within the next two to three years, two new currencies will be introduced into the world system. We know of the 'euro' dollar, but the other has not been announced yet. It will be in another part of the world. All are a plan for eventually having a 'one' world currency and this will lead into other problems. It is most certainly a plan for the financial domination of the world. The other countries of the world will be forced to join with the two at a later date. This is the plan of the evil one to start the world on a roller coaster to one world dominance. Pray that they see that it will not work, and that they will have to abandon their plans."

"Within two years a 'world leader' will be removed either by force or by assassination. This will have a great deal of problems, for this leader was the hope for a great deal of peace. Do not speculate, just pray. Too many will do unnecessary speculation. Many of the leaders of today are really having a great deal more of the problems that they are keeping secret for fear of the many terrorists that are hidden in the background. Pray for the world leaders that they will come to My Divine Son rather than follow the dictates of their political parties."

"Pray for the many prelates of the world, for many are involved far too much in 'politics' than in the religious aspects of their vocations. They cannot serve both. This is especially serious in some third world countries where the prelates almost are the rule of the countries. This is not allowed by either Heaven or the Holy Father. [So] few listen; they must."

"Family values must return to many of the nations of the world, for it is almost invisible in some places. The role of the family must be a pivotal role in all the countries of the world. The Church must help re-establish this where it has all but vanished. The Holy Family, as We lived on the earth, should be a real inspiration to all. Imitate Our lives

rather than those who do all to demean and suffocate family life and family values."

"An increase of murders and suicides that are drug related will increase unless a great deal of change is done and done now. A message that drug use will not be tolerated must be sent to all of those that are involved and soon. Many of them make this (drugs) work in their lives and it cannot. Many are making a great deal of profit and this must stop, for it endangers all. No one that benefits from the ills of others will ever prosper in the Kingdom of Heaven. They cannot serve two masters."

"Free masonry will bloom under many new names in the next few years, but it will be the same evil as before. Do not have any part of these organizations, even when they promote a great deal of good will, they all have ulterior motives."

"My dear children, I desire that you receive My Divine Son on the tongue and from a Priest only. I also desire that you spend more time in meditation and less time in

frivolous activities. So few really see the beauty of 'meditation' but they must learn now."

"I send my love to all My dear children, those Seers, Voice Boxes, Visionaries that are dedicated to bringing the world all of the many messages that we give. Follow all the instructions that you are given, for it is important that you are all obedient to both Heaven and to your spiritual directors."

"My dear children of Ireland, My beloved country, your economy will continue to escalate for the next few years. There will be a need for savings after that period. A problem in the government will escalate a great deal until steps are taken to remove their influence, for their agendas do not come from Heaven. The children of the light must help all Our dear children to return to true family values. Through prayers many will be entering the Reign of Peace. Much sacrifice is needed."

"Good bye for now, I am Our Lady of Knock, Our Lady of Silence, Mother of the Lamb of God."

April, 2001

Chapel, Buffalo, New York

Message From The Eternal Father

"My dear children of the light, I come to you again this month with words of wisdom and help during these very perilous times which many suffer through with the aid of prayer and meditation. This month's theme is the Beatitude "BLESSED ARE THE PEACEMAKERS, FOR THEY SHALL BE CALLED CHILDREN OF GOD," and a special insight into KNOWLEDGE.

"First, My dear children of the light, I shall use the beatitude in explaining much about the problems of today. What are Peacemakers? Are they negotiators who sit at tables while the bombs and missiles are blaring overhead? No. True peacemakers are those who see the problems and

find solutions that have nothing to do with retaliation. It is sinful to constantly retaliate against the others, because in many areas it is a form of revenge that is used and the fight was started in the first place so that the retaliation would already be in place. This is not only evil, but unfortunately a plan of life for many of the various aggressors that are on this earth with you today. Do they really want peace? No! Only if they profit from it. I see these aggressions every day and it hurts Me and the Sacred Heart of My Divine Son.

"Peacemakers are those who try all to help for peace WITHOUT any means of payment. They are men and women of peace which comes from inside. The Holy Father is a prime example of a peacemaker, yet he is all but ignored and called a "meddlesome old man." He is

doing what We desire him to do. At the time of Judgement, he shall be known as a Child of God, for he has no other means to ask for peace but for the sake of peace. He is not at all interested in the riches of the world for himself. He is now looking for help for all the children of the world that go to bed hungry and not clothed night after night. He is interested in bringing nations to understand the true meaning of peace by all the endless travels he does regardless of all the suffering that he must endure physically to see that his message of peace is carried to all."

"Peace comes in many forms and the most important in everyday life is peace within the home, father and mother and children, for without this peace no one will have any peace in the world. Do murders happen in peaceful homes? Not very often. It is so rare. Peace must come from within and it must come from a sense of love for Me and the Trinity, My Daughter and all the saints. To be truly children of God, you must first of all have peace within your heart, and, if you do, you will find that peace among those that you associate with. You will find a home that is full of love and understanding, a home that is blessed like the home of St. Joseph, the Virgin Mary and My Divine Son in Bethlehem."

"Without peace in the home, the outside world will be more difficult to negotiate with. I am sure that if you make every effort possible to have a peaceful home, the crimes in the world would be much less and fewer acts of

violence would result. Through prayer, peace comes to My dearest children. You will be called children of God when you do all to bring peace into a trouble spot, whether it be at home or at school for the innocents. Far too many innocents are being murdered because too many have no peace within their own hearts. A heart that is stone cold will not bring any peace, but aggression.”

“Look to Mother Teresa as an example of peace and understanding, as one that you should emulate. This does not mean that you have to travel to the far ends of the earth, for peace starts at home, near where you live, and spreads.”

“Secondly, the peacemakers have peace within. We have spoken at length about this, but another few words will help. You must have an inner peace before you ever start to have peace throughout your areas, your family, school, peer groups. Far too many see a strict discipline as a means to peace. This comes from the older generation. They are both right and wrong. A few of them did achieve inner peace and peace in their lives, but their understanding shows that it is what We want in Heaven. Those who are always critical of what their children do or if they do not do exactly what they want, are intolerant, not peaceful. How can you expect a person to learn peace when they are ten years old and you are over seventy and it took a lifetime for you to understand? You are hurting them by your lack of understanding. You will pay a great deal if you do not let them see real peace and not what you thought they must achieve. Intolerance is something that causes a great deal of problems in peace and the solutions. TRY HAVING PEACE IN YOUR OWN HOME, BEFORE YOU SPEND TIME PREACHING IT TO OTHERS, FOR YOU WILL NOT ONLY CAUSE CONFUSION, BUT A GREAT DEAL OF DAMAGE. REMEMBER, I AM THE ONE THAT WILL JUDGE, NOT YOU!”

“Lastly, everyone is a child of God, but the children of God are those that have gone out of their way to promote peace in every aspect of life, without worrying about the cost to themselves and thinking only of the greater glory of Me, the Father, and the Trinity.”

“I WILL ESPECIALLY HELP ALL THOSE THAT DO ALL TO HELP PEACE. YOUR PRAYERS AND YOUR DEVOTIONS ARE GRATEFULLY ACCEPTED. PEACE DOES NOT COME OVERNIGHT. IT IS A LONG PAINFUL PROCESS, BUT IT COMES.”

“Now, We will speak about the gift of KNOWLEDGE, a gift that comes from the Holy Ghost. It is a beautiful gift, but today it is so abused.”

“What is knowledge? Knowledge is learning a subject that can best help you in all the aspects of your life. Can knowledge be overly done? Yes, a great deal.”

“You must learn all that you can to make yourself a better person, but you also must be prudent and humble about the manner in which you use this knowledge. Can a person have too much knowledge? Yes, if it is used as an escape from the realities of life, going to school when you should be earning a living to do all to provide a life for your family.”

“Pride results a great deal when knowledge comes. Are you really that smart? Must you show off a great deal that you get credit in the academic world? It means nothing in Heaven if your education is not used to enhance your way to Heaven. No matter how many papers people find wonderful that you publish, you will lose your soul if you are too proud. You must not be ashamed of what you have achieved, but a balance must be reached.”

“Knowledge is power, but only if it is used for the betterment of all that you are involved in. Take the lives of the saints that have reached a great deal of academic levels, when they used this for MY greater glory, they found that they accomplished more. Do not feel that all the knowledge that is available is necessary! You have a capacity and you will find that you will reach all in the hands of MY DIVINE SON, and it is He who gave you this knowledge with the TRINITY.”

To end this month, I must address a serious subject, and that is the "lack of love" for one another when you do not get out of that person what you expect. It happens a great deal. Also you feel that you are getting what you feel you deserve from ME. I will give you what is needed, and at times much change because of your lack of love and prudence. You must prove that you can handle the many

assignments that I have given you. You must not feel that you deserve them. I WILL GIVE YOU WHAT I FIND IS BENEFICIAL TO YOU, not what you feel is. Pray for guidance.”

“Goodbye for this month, and follow all that My Divine Son gives you.”

**May 11, 2001, Sanctuaire National Notre Dame Du Cap
Cap de La Madeleine, Quebec, Canada
Message from the Blessed Virgin Mary**

This morning in the chapel over the high altar, Our Blessed Mother [came], all dressed in white, with a blue cape, looking at the Miraculous Statue, standing and slightly fingering Her Rosary. She said:

"My dear children of the light, so very few say My Holy Rosary, and especially at the shrines in the world that are dedicated to the Holy Rosary. I say that it is important, and it is My desire to see that all say the Holy Rosary, but this must be apart from the Holy

Sacrifice of the Mass. You must spend time and attention during the prayers of the Mass, and you cannot do this if you say other prayers during the Mass, no matter what they are. Times have changed and many are not paying enough attention to the Holy Sacrifice of the Mass, and praying during the Mass and showing a great deal of disrespect towards the Real Presence of My Divine Son. Some of you may disagree but that is not right; there is a time and a place for all prayers, keep them in their perspective. Do not replace the Mass with an hour of other prayers; remember the purpose of My Divine Son's death and its daily re-creation in the Mass."

"I see that a great deal of My young children have been tempted to end it all because of their personal problems. Come to My Divine Son, and also find a great deal of professional help; that is quite necessary during these critical crises. It is very important to know that you are not alone and that we are always with you despite how you feel. Come to My Immaculate Heart and I will send you all the reassurance that the world does not give you, not only that, but promises you much and delivers nothing. What I promise and My Divine Son, is always given, it may be a little different than you expect, but it is there and it will come. All you have to do is have patience and all will be given to you."

"The children of the Land of the Hebrews are forgetting the past, or they are just ignoring it. Why do they constantly irritate and try to alleviate the Palestinians? There are problems on both sides, but so few want to face it. The aggression of the Israelites is not at all different than those years ago that wanted to eliminate them; however, they will not see this at all. You are a prisoner of the past if you do not see the problem and eliminate it completely. If there is to be peace in the Mid-East all parties must start to realize the importance of the others. Peace cannot be one sided and that is what it is starting to look like now. Prayer will help on both parts. Negotiations only work when both sides go in with a clear thought, and it is quite apparent that these are not the cases. I send my love to all the children of the Mid-East and a solution must

bring peace or an even greater war will result. What are you waiting for ?"

"Pray for the Holy Father, John Paul II; his recent trips were both difficult and stunning. Heaven is well pleased with the efforts that are being used for peace with the Holy Father. But you cannot expect that all will listen to him. Pray for the dissenters, many of them that are within the Church."

"I am really upset when it is said constantly that this Cardinal or that Cardinal are in line for the Papacy after the demise of Our Holy Pontiff John Paul II, who has the right. He is still very much alive and he has not been called home by the Eternal Father. What is your answer, you den of vipers? How dare you even speculate who will be the next Pope, this is not your plan, not now. Remember who you are! Many of you have forgotten that you are servants of the Eternal Father and helpers of the Holy Father. Remember who appointed you to this position and who can take it AWAY IF you constantly embarrass the Church with your dreadful hypocrisy. A few even do not believe in the Eternal Father or My Divine Son! They will pay in Hell for this folly. They are living in a world of fantasy that will end when the Eternal Father condemns them to Hell, unless they repent and then they will have to spend a great time in Purgatory, maybe until the end of time. The thirteenth level of Purgatory is filled with a great number of Bishops, Cardinals and a few Popes who have not yet paid their dues. No one is above the Laws."

"Yes, My dear children, many say that My words through my little Wanderer of the Rosary, are really hard and uncharitable. Would you rather hear sweet words and end up in Hell? I think not. Do not blame the messenger, he always tells you word for word what I say, and if it be rough, live with it and change your lives. Quit this constant complaining."

"I now must address another subject, that of 'VERBAL ABUSE' that is so commonplace today. It hurts too quickly, all the people that receive it. It is unkind and uncharitable and causes and deflects a mental problem in the person that constantly must put one or more people down to praise themselves. Self-praise leads to Perdition! Hell is paved with self-egoists. Not everyone is the same."

"I desire that My children attend daily Mass and receive My Divine Son on the tongue and only from a Priest. I desire that you spend time meditating each day before the Blessed Sacrament or in a private place at home. Through prayer, all will be given to you."

"I send My love to you, Franz, Jeannine, and all that have come on this Holy Pilgrimage. Through pilgrimages and future communities all will lend to The Reign of Peace."

"I AM THE QUEEN OF THE MOST HOLY ROSARY, OUR LADY OF THE CAPE, MOTHER OF THE LAMB OF GOD."

May 13, 2001, Feast of Our Lady of Fatima
Sanctuaire National Notre Dame Du Cap
Cap De La Madeleine, Quebec, Canada
Message from the Blessed Virgin Mary

Early this morning before Mass in the Shrine, Our Lady, all dressed radiantly as Our Lady of the Cape, appeared and looked both beautiful and sad. She said:

"My dear little children of the light, I welcome you here on a very special day. It is the TWENTY-FIFTH Anniversary of the first public apparition to My little Franzil, when he said "yes" to doing a Mission. Many things have changed in the twenty five years, but the messages have always reached My dear children every month as Heaven has planned."

"My dear children, I desire to continue on the theme that My Divine Son used on Easter Sunday and that is the wrecking of My dear churches. Do not support your Pastors and Bishops, and tell them that you will not have any part in changing the very devoted and lovely churches into places of entertainment and frivolity. Keep, I say, keep MY DIVINE SON IN THE CENTER OF THE ALTAR, and IN THE MAIN CHURCH. This is where He belongs, not on the side or in another room. Alas, do not support these moves; remove your financial support until they give your requests and demands a great deal of attention. Why should you support the destruction of your churches and pay for it as well? The time has come for My children to speak up! These vipers of change will do anything to bring the NEW AGE into the Church and this we cannot allow and do not want it. Yes, these are sharp tactics, but what are you going to do to preserve the reverence that is now lacking in some churches, and also some Bishops wish to move with the times and change all. All they do is wreck and cause a great deal of havoc. Enough Said! Now Act!"

"I now must respond to a very serious problem. QUIT CRITICIZING THE HOLY FATHER FOR WHAT YOU THINK HE SHOULD HAVE DONE. Who are you to demand this? He is guided by the Holy Ghost and he is a prisoner of the Vatican. Can you not see this, My foolish people? Think before you complain."

"I desire that My children pray for the children of Africa. So many of them are suffering from AIDS and do not seem to see that they must change their lives unless they wish to die from it and completely annihilate the continent. Prayer and abstinence, My dear children, of the

dark continent, will bring you peace and tranquility during the last few years that are left of your lives."

"I will now address another problem, that of SPECULATION on the Reign of Peace and the Warning. I am not the messenger of doom and gloom. Much is happy in the world if you look around and leave time for all to understand that true peace comes from love, not war. Yes, war will result, but with prayer they can be put off for a little while and save many lives. I am the Hope of the Hopeless. Many of our little Seers go around the world and only talk about doom and destruction; this is not right. Talk about hope and love. The problems will come, but you do not need to constantly dwell on them, and Heaven does not always direct their children to speak of doom. Hope is eternal, and forget that not!"

"I see so many of My children that do not believe in the fact that chastisements will happen and that community life is necessary. All they think about is the pleasures of life as they know it today. Quit this foolishness; prayer will help you realize that the world cannot forever go along as it is today. You must do all to change your outlook. Take the time that is remaining and live with a very cheerful and loving attitude. Try facing reality and pray for change. You must do all to change your attitudes. Many think that Heaven is constantly cheating them. Why would we cheat you? Can you forever go on with your materialism and self-glory? I think not. I know not!"

"I desire that My children offer the month of July as a month of reparation to the Precious Blood of My Divine Son. Spend extra time before the Blessed Sacrament.

Spend time saying My Holy Rosary and meditating. Prayer is the key to Heaven and make this a very special month to My Divine Son."

"Goodbye for now, Franzil, Wanderer of the Holy Rosary, Chosen Son of the Eternal Father for the Propagation of Peace. We send all our love to Our daughter Jeannine, Daughter of my Immaculate Heart and to the Secretary Mary Jane. Follow what you have been given."

"I AM THE QUEEN OF FATIMA, OUR LADY OF THE CAPE."

May, 2001
Chapel, Buffalo, New York
Message From The Eternal Father

"My dear children of the light, I come to you again this month with words of encouragement and words of discernment. This month we are going to discuss the last Beatitude "BLESSED ARE THEY THAT ARE PERSECUTED FOR THE SAKE OF JUSTICE, FOR THE KINGDOM OF HEAVEN IS THEIRS" and the spirit of UNDERSTANDING."

"It is a very difficult time for all believers in the world of today, for the material world does all to make religion just another venture in one's life. Oh! how sad, for it should be the first thing you think about in the morning and the last thing you think about before retiring."

"This beatitude is very complex, especially in your world of today, for it goes over many aspects that were not previously a problem. Let us take them one at a time."

"First, those that are persecuted for their stand against Abortion are prime targets today. They have given their lives up in many ways, and some of them have gone to prison for this great and glorious avocation. Like Heaven, they feel that life begins at the moment of conception when I instituted it, and they are willing to do all to stop these crimes that are being committed every minute of the day. Abortions, whether they are surgical or clinical or caused by pills, are strictly forbidden, for they are murderous, no matter how you look at it. Many have given up jobs and their families have been ruined because of their beliefs. These are the ones that are being persecuted because of justice. Justice for them is being denied and I will open the gate of Heaven for them for their perseverance. There are many abortionists out there and a few have repented, but their reparation will be hard and heavy. They will have to pay for transgressions."

"Secondly, those peacemakers who have gone to other countries to help the less fortunate and have all but lost their lives for the sake of justice. They have seen the plight of their unfortunate brothers, have disregarded the dangers and done all to help the less fortunate. These are dear to My Eternal Heart. As the Eternal Father, I see all that has been done in the name of justice and I will reward all for their sacrifices. Many will be the martyrs of today, and they will be with Me celebrating the glory of Heaven. My Holy Daughter is the Queen of Justice and does all to help these less fortunate children through these peacemakers. Also, We must not forget the nuns who have lost their lives in the dark continent

because of their dedication to spreading the Gospel of My Divine Son and the justice that is so lacking. They have already seen their glory and are at home with Me now. It is sad that so many Religious feel that these innocents

should not have given their lives, but should have returned home before all the uprisings. They are sadly mistaken, for not only are these the peacemakers and martyrs of today, they are the future."

"Third are the few lawyers who are working for social justice. Yes, their number is miniscule, but their effect is great and many lose a great deal of profit by helping the less fortunate with their problems. Fighting for justice and being persecuted are signs of love not only for Me, but also for their neighbors and they will have their reward in Heaven. It is a much more difficult task for them."

"Fourthly, one of the greatest "peacemakers" in the world is Pope John Paul II, who does all for peace and justice. He automatically sends a letter to all officials requesting clemency in executions. He is very much against capital punishment and is for justice for all. He also tries a great deal to help those who are not being treated fairly in his many travels. He is for a great deal of political justice and religious justice which have been abused lately. Most certainly, only I will see that he is well paid for all the efforts that he makes for the poor unfortunate children of the world."

"Fifthly, it is possible for all to be a part of this beatitude and I will listen to all pleas at Judgment Time, for many are doing all they can quietly and are accomplishing all that can be done for justice and peace. Even though they are not persecuted a great deal publicly, they are mentally persecuted and this is taken into consideration."

"Now, we go on to something that seems to be lacking in the world of today, and that is UNDERSTANDING. This has many ranges and is really something that must be treated at length in your own thoughts."

"First, in order to understand others, you must understand yourself and all that is connected with this understanding. You must see yourself as you really are with limited capacities in some ways and treat these accordingly. You must understand where you must place limits and where you can see what you can accomplish if you use all the faculties that I have given you to the best of your ability. Are you overestimating what you can do? Or are you underestimating what you can do? Do you realize and understand all the potentials that are in your life?"

"Secondly, when you try to understand another person, see what the potentials of the others are and try to help them. Are you always berating them for what you think they can do when they cannot really accomplish it? Are you pushing this to a point where they do not want you around and you make them nervous and upset because you do not

understand what they are capable of doing and even what they want to do? Many friendships and marriages end because of this lack of understanding.”

“Thirdly, do you understand Me, the Eternal Father, My Divine Son, the Holy Ghost and the Blessed Virgin Mary? Do you understand what you must do to obtain graces and favors from Heaven? Are you being realistic in your thoughts and prayers? Do you expect too much? Are you angry because your understanding is so very little regarding your religion?”

“Lastly, do you understand the problems in the world and how they affect you? Do you understand what you can do to adjust to these problems? Are you sure you understand that the only true understanding is in My Name? When you realize this, you will be on your way to true peace and happiness and understanding.”

“YES, MY CHILDREN, THIS MAY ALL SEEM TO BE EASY, BUT IT IS NOT AND MAY TAKE A LIFETIME TO UNDERSTAND PROPERLY. WITH PRAYER, ALL WILL BE GIVEN TO YOU.”

“Now, My dear children of the light, I must address a very serious problem, one that will not go away and that is AIDS. Not only will it not go away, but it will spread even heavier than anticipated. Through prayer the degree will be lessened, but only with education and, most of all, ABSTINENCE and CELIBACY will it decrease. The media, in this instance, are not overestimating the problem but, in reverse, they are underestimating it. It is sad, for many do not revere their lives enough and they feel that since they are going to die anyway, they should have fun beforehand. But this is quite foolish, for the pain of Aids is tremendous and there is a great deal of suffering. I will show my tender Mercy to those who have asked for forgiveness and have changed their lifestyle. This is inclusive in all aspects of society. This Aids is caused not only sexual contact, but by the drug use that is so prevalent in many countries of the world. It is a PLAGUE, and far worse than any that has ever come to the world. Through prayer, sacrifice and education much can change. There is no cure, but there is a way of stopping its spread.”

“During these summer months, I desire that My children do all to promote prayer and sacrifice. I will address you next month.”

**June 9, 2001,
Salisbury Community, New Brunswick, Canada
Message from the Blessed Virgin Mary**

Our Blessed Mother dressed in blue and gold as Notre dame du Cape came this afternoon in splendor, surrounded by numerous angels. She looked both beautiful and sad. She said:

"My dear children of the light, I am so delighted that you are here at Bethlehem Community for your semi-annual retreat with your sister community, Sorrowful Mother, Carmelite Community; but the message will be for the world. I wish to acknowledge the sister communities that are well loved in Heaven."

"My dear children, the world is very difficult; and it is going to become even more so, for children do not understand and children do not listen. When My Divine Son was on earth He taught obedience, but today it is just another word in a dictionary; but it is not, My children. In everyday life, obedience must be practiced, whether it is obedience of children towards parents, obedience among people at work or at home, or obedience in communities. It is all the same. It is following My Divine Son and doing what you are asked."

"Why, My children, do you ask Heaven's advice when you only want to follow your own? Do you think that We have such extra time up here to answer your questions and then see you repeatedly ignore the answers? No, My dear children, this is not the way that it works! Think when you

ask a question of Heaven and, My children, to work [on] so what you are asked."

"My dear children of the continent of Africa, your continent will suffer a great deal, with a new plight, a new virus of AIDS is going to overcome them even more. Well, My dear children, they do not listen and they do not understand, nor do they wish to understand. They use it as a tool for pity, and, My dear children, it is not a curable disease. It is a disease that will bring them to their end. What can be cured is the soul; it can once again be cleaned through confession and reparation."

"My dear little children of the United States, the Eagle will go through another year of suffering, a great political problem, for there are many factions in the country that wish to rid the government of the present establishment. It is not the will of the Father that this happen at this time quite yet."

"My dear little children of the Maple Leaf, Canada, beloved to my Immaculate Heart, will also suffer, for the justice and indifference that is taught in the world of today. There must be tolerance of all children, for it does not matter what language that you speak; it matters how your soul is and how you love my Divine Son."

"Need I say again, as the Eternal Father said before, so

many people are judgmental today when they should first look into the mirror, and see that they should keep very quiet; for they make too much to do about nothing, and cause endless problems with their indifference. My dear little children of the light, the world will suffer until the time that My Divine Son comes back and the time of the chastisements. I say now and I say again, dates are unimportant. Be prepared....you must be prepared in the 21st century, in the year 2001 and in the month of June, not later. Too many of My dear children think that My Divine Son has disappeared in the 21st Century. No, he is even more important today, for His Teachings have been ignored for many centuries, and yet there are many holy and religious people who are bringing him solace, and bringing solace to My Immaculate Heart."

"These are times of challenge, My dear children of the light, challenge because you must be challenged to live a good life in the cesspool of the world. My words may have become stronger in the last few years, but it is needed. What do you need to wake you up, My dear children, another earthquake? No! That does not wake you up, just blame My Divine Son more. Listen, and keep quiet. How can My Divine Son hear you when your minds and hearts are cluttered with useless garbage, that is only used to put down others? Do not take the place of the Eternal Father In judgment. Do not take the place of the Holy Trinity. Many of My children do that. There is justifiable charitableness, and many religious people use this for kindness and strictness."

"My dear children of the light, pray for our Vicar on earth, John Paul II, the only true Vicar on earth. All others are charlatans calling themselves Holiness or Pope and Patriarchs are not worth the powder to blow them to Perdition. They are phony, fake, and cause endless problems. Our little child, John Paul II, travels the world in pain to bring love and understanding, and yet his words

are wrought in pain. Yet, with tenderness he shows that the love [that] is needed through the world. Stay close to Him and do not associate with anyone or any group that do not accept him as the Supreme Pontiff, chosen by the Eternal Father and the Holy Ghost and My Divine Son as the head of the One, Holy, Catholic and Apostolic Church; no other should be followed."

"My dear little children of the light, I will send many blessings but I ask you to understand that [with] each blessing you must learn to accept minor little problems."

"I AM THE MOTHER OF THE LAMB OF GOD. I AM OUR LADY OF THE ARK. I AM OUR LADY OF THE CAPE. I AM MEDIATRIX OF ALL GRACES, AND I AM THE CO-REDEMPTRIX."

"I do not need all of these titles, but these were titles that were given to me by the Eternal Father and my faithful children."

"My dear little children of the light, I wish to send my love to my little son, Franzil, Wanderer of the Holy Rosary, to my daughter Jacquie, Sunflower, to My daughter Janine, the lovely daughter of My Immaculate Heart, and to My son, Ray, who is Superior of the Bethlehem Community. I send My love to each and every one of you, and I send My love to the Little Pebble of Love, Little Rock, who has much to do, with much suffering."

"Even in the world, and among those faithful there are criticisms of Our children. Do not judge those chosen souls. I desire that My children attend Mass daily, and to receive My Divine Son on the tongue and only by a Priest. I desire that My children pray My Holy Rosary daily, slowly and reverently. I wish you to review your prayer life, to see that your prayer life is both beneficial and beautiful for My Divine Son. Good-bye for now."

**June 12, 2001, National Shrine of Notre Dame Du cap
Cap De La Madeline, Quebec, Canada
Message from the Blessed Virgin Mary**

This morning before Mass in the Petit Sanctuaire, Our Lady, came all dressed as Our Lady of the Cape. She looked both beautiful and sad. She said:

"My dear children of the light, the world as you know it today is vastly changing, and not for the good. It is sad that so many of Our dear children have been transformed into "one attitude, a tunnel vision" effect where they can see only the part of life that pertains to them. This is sad for it leaves out many; there is no room for all this racial prejudice, and other less than honorable thoughts, but it seems that this is what they are now teaching in many schools and universities. It is wrong and will lead to a

great deal of trouble in the few years that are left."

"I desire to address a very serious subject, that of political assassinations. Recently, the entire royal [family} fell victim to murder, in the country of Nepal. But was it really the family, or was it a right wing interior problem? Many crimes such as this have been blamed on families, and in many cases they are just the government radicals that are behind this."

"In the coming months many new atrocities will face the Asian nations, from the terrorists that are kidnapping and murdering foreigners, or the little mentally disturbed

individuals that are thinking that they can make a difference. This is something that a great deal of prayer must be said for before it is changed. It does not matter that they have different faiths and creeds; they all affect the world. The terrorists are becoming an even greater risk than before, because they are becoming more militant than ever, and they are using it as a tool to spread their ideologies."

"My dear children of the light, it is important to really think WHAT IS THE STATE OF MY IMMORTAL SOUL? And to examine every aspect of your spiritual life. Are you truly listening to the inner thoughts of your hearts as [the source] of the sins that you are committing?"

"Are you listening to your conscience? It is sad that many think that listening to your conscience is wrong and outdated. It is not. How are you going to discover all that is wrong, and what you are going to have to discuss with the Priest in your next Confession? You must have a one-to-one Confession, no fax, telephone or general absolution; it is forbidden by [the] Vatican unless during wartime. Listen to the true teachings of the Holy Father and just ignore the ranting of a disobedient Bishop that does not conform to the teachings of the Magisterium of the Church."

"I desire that My children do all during these times to protect their children! The numbers of abductions and

kidnappings are escalating. Through vigilance a great deal of unnecessary hurt and sorrow can be avoided. The number of perverts that are on the horizon is increasing. It is better to be safe. Listen to My Divine Son and protect the innocent."

"I desire that My dear children look and support the various communities that exist, and those that will in the next few years. It is important to be part of them, for they are most beloved to My Immaculate Heart. Do not listen to the skeptics; even though community life is difficult, it is really a great deal more difficult to live in a world in which you are all alone."

"Pray for the Holy Father, John Paul II, for he is to travel on a very historic trip, one that many do not want him to make; but it is the Will of Heaven that he do it. Pray for the clergy, Bishops that have separated from the Holy Father; pray that they see the error of their ways and that they come 'home' soon before it is too late."

"I send my love to all My Seers, Visionaries, Privileged Souls. Follow the instructions that you are given. Several, because of a great deal of disobedience will not have a Mission in a year or so; pray for them."

"I AM OUR LADY OF THE CAPE, QUEEN OF THE MOST HOLY ROSARY, I send my love to all my children, and to those that suffer for their faith. I AM THE MOTHER OF THE LAMB OF GOD."
